

IDEAL FENCING

Strong and durable, because Large Gauge (No. 9) Steel Galvanized Wire is used throughout. See our Exhibit at Principal Fairs, or write for Catalogue.

The McGregor-Banwell Fence Co., Ltd.
Walkerville, Ontario.

THE NEW STONE AND STUMP EXTRACTOR
BREVETED BY LEMIRE.—Capable of lifting 18,000 lbs. Has no equal for lifting and carrying stones, etc., for placing stones so as to build up fence to 5 ft. high and leave the ground in a condition fit for mowing and reaping machines. After the hooks are adjusted on the stones, the only thing to do is to pull the lever. You can lift up a thing, carry it and place it on a stone fence in 10 minutes. The agricultural societies and clubs of farmers should all buy it. Price moderate. For complete details address: JOHN AMIRAUX, 40 LANSDOWNE AVE., TORONTO, ONT. This Stone Extractor is guaranteed for the extraction and transportation of 40 to 50 stones a day, fixed in fence. Guaranteed as mentioned above. Agents wanted.

BOYS FOR FARM HELP.

The Managers of Dr. Barnardo's Homes invite applications from farmers, or others, for the boys who are arriving periodically from England to be placed in this country. The young immigrants are mostly between 11 and 13 years of age; all will have passed through a period of training in Dr. Barnardo's English Institutions, and will have been carefully selected with a view to their moral and physical suitability for Canadian life. Full particulars as to the terms and conditions upon which the boys are placed may be obtained upon application to Mr. Alfred B. Owen, Agent Dr. Barnardo's Homes, 214 Farley Ave., Toronto.

RUPTURE

Have you a rupture that all the specialists have failed to hold or to cure? Have you wasted money in a vain pursuit for relief? If so, write me, and I will tell you how to cure yourself. If you have a very bad case, it's for you particularly. Full information free.

F. H. Weese, Specialist, Toronto, Ontario.

Aberdeen-Angus GRADES

have topped the highest markets for beef in NORTH AMERICA for 14 years in succession, through good times and dull times. Now is the time to secure real good ones by using pure-bred sires. We have a grand lot of young bulls coming on, sired by Canada's champion Aberdeen-Angus bull, Prince of Burton. Come and make your selection early. Our best bull calf last year was ordered in June.

JAMES BOWMAN, ELM PARK, GUELPH.

THE SUNNYSIDE HEREFORDS

headed by imp. Onward, by March On, for sale. 10 choice bulls, imported and home-bred, from 1 to 2 years old; also 1 bull 13 months old, a high-class herd-header. All bulls are of the heavy, low-down, blocky type. We can yet spare a few choice cows and heifers. Inspection invited.

William Briggs, 29-33 Richmond St. West, Toronto.

QUESTIONS AND ANSWERS. Veterinary.

CURE.

Can a curb be taken off of a horse's leg, and what would the treatment be?
I. L.

Ans.—The enlargement of the curb cannot be removed, but its growth may be checked by the use of a vigorous blister. See the claims of the advertisers of ointments and blisters in these pages.

CHRONIC ORCHITIS AND INDURATION.

Ram's scrotum commenced to swell in April, and the swelling continues to increase until it drags on the ground.
J. E. P.

Ans.—This is chronic inflammation, induration of the organ, and it is doubtful if a cure can be effected. Treatment consists in rubbing the parts well once daily with compound iodine ointment, and giving internally 15 grains iodide of potash twice daily every alternate week. If a month's treatment is not attended with improvement, you had better butcher him.

SORE SHOULDERS, ETC.

1. Mare has a very sore shoulder. It is nearly healed over, but is very tender.
2. Young horse is thin owing to his teeth. What can I do to tone and fatten him? I cannot allow him to run idle.

3. What is considered the best blood in Ayrshire cattle?
Dufferin Co.

Ans.—1. Make a lotion composed of one ounce each sulphate of zinc and acetate of lead, and one dram carbolic acid, to a quart of water. Keep shoulder clean and apply the lotion several times daily. If possible, give rest.

2. Get your veterinarian to attend to his teeth. He requires no drugs. Feed good hay and reasonable quantities of oats, with a feed of dampened bran extra twice weekly.

3. This must continue to be to a greater or less extent a matter of opinion.

MISCELLANEOUS.

1. At what age should colts be castrated?
2. Gelding has wart as large as a hen's egg on sheath.

3. Mare has splint on left fore leg. I blistered it and lameness disappeared, but lump remains.

4. Is there any permanent cure for puffs at fetlock?

5. Horse kicks sides of stall without reason.

6. Will a French Coach stallion cross well with a three-quarter Clydesdale mare to produce a general-purpose horse?

7. In frosty weather cattle's breath condenses on inside of roof, and in mild weather runs on hay and spoils it. Is there any simple method of ventilation?
R. J. M., N. S.

Ans.—1. I favor the operation at 10 to 30 days. If not performed then, it should be in May or June of his yearling form.

2. This should be carefully dissected off, or if there is a constricted neck, clip off with a shears, and dress with carbolic acid one part, sweet oil twenty parts, three times daily, until the raw surface heals.

3. As no lameness is present, leave it alone.

4. No, the liability to recurrence cannot be removed.

5. This is a habit. It is probable he will behave better in a box stall. Various devices, as strapping a chain about twelve to eighteen inches long to his fetlock; suspending a bag filled with sawdust so that he will strike it when he kicks; arranging switches so that he strikes his legs, etc., have been used with variable success. This is a case in which a man has a chance to exercise his own ingenuity.

6. I would not consider this a good cross for any purpose. A three-quarter-bred Clydesdale mare should be bred to a Clydesdale stallion. My experience has taught me that cold-blooded mares do not produce well if mated with Coach horses.

7. A simple method consists in making openings in the roof or under the ridge for the escape of the foul air. These openings may be supplied with doors, which can be closed in very severe weather.

—A— BRECHE A MANON LADY

TELLS OF HER EXPERIENCE WITH

DOAN'S KIDNEY PILLS

The Great and Well-Known Kidney Specific for the Cure of all Kidney and Bladder Troubles.

Mrs. P. Bertrand, Breche A Manon, Que., writes:—I think it nothing but right for me to let you know what DOAN'S KIDNEY PILLS have done for me. For five months I was badly troubled with a sore back, and such severe pains in my kidneys that I could scarcely walk at times. I got a box of DOAN'S KIDNEY PILLS, and before I had them half taken I was greatly relieved, and with another box I was completely cured. I cannot help but give them all the praise I can, and will never fail to recommend them to all kidney sufferers.

DOAN'S KIDNEY PILLS.

are 50c. box, or 3 for \$1.25; all dealers or The Doan Kidney Pill Co., Toronto, Ont.
