

Caught Cold By Working In Water.

A Distressing, Tickling Sensation In The Throat.

Mr. Albert MacPhee, Chignecto Mines, N.S., writes:—"In Oct., 1908, I caught cold by working in water, and had a very bad cough and that distressing, tickling sensation in my throat so I could not sleep at night, and my lungs were so very sore I had to give up work. Our doctor gave me medicine but it did me no good so I got a bottle of Dr. Wood's Norway Pine Syrup and by the time I had used two bottles I was entirely cured. I am always recommending it to my friends."

Dr. Wood's Norway Pine Syrup combines the potent healing virtues of the Norway pine tree with other absorbent, expectorant and soothing medicines of recognized worth, and is absolutely harmless, prompt and safe for the cure of Coughs, Colds, Bronchitis, Croup, Sore Throat, Pain or Tightness in the Chest, and all Throat and Lung Troubles.

Beware of imitations of Dr. Wood's Norway Pine Syrup. Ask for it and insist on getting what you ask for. It is put up in a yellow wrapper, three pine trees the trade mark, and the price 25 cents.

GOSSIP.

Scott Bros., Highgate, Ont., report the following recent sales of Shorthorns from their herd: To J. H. Lampman, Palmyra, Ont., the imported bull, Good Morning; to Geo. Leidester, Bothwell, Ont., one yearling bull, a good one; to J. D. Wood, Langbank, Ont., two cows, and one eight-months heifer calf. Have for sale two good bulls, one a roan, 13 months, sired by former stock bull, Lord Lieutenant (imp.)—50050—, dam, a Bessie, by Rustic Chief (imp.), dam Jessie (imp.). This young bull is a right good one; anyone looking for a herd bull should see him before buying. The other is a red, by the same sire, and out of Lady Steel, the cow that we had in the dairy test at the World's Fair in St. Louis. This young bull is very large for his age, has plenty of bone, and will be a grand bull to sire the right kind of steers. In females, we have cows and heifers, both imported and home bred, and six very choice heifer calves, five by Good Morning (imp.), and one from Lord Lieutenant. Anyone wanting a good cow or heifer, or heifer calf, of the low-down, thick kind, and from good-milking dams, should see these. Prices are reasonable.

MAPLE HALL SHORTHORNS.

Fifty-five head of strictly high-class Scotch Shorthorns make up the herd of David Birrell & Son, of Greenwood, Ont. Their splendid farm, Maple Hall, lies in the County of Ontario, about five miles from either Clarendon Station, C. P. R., on the north, or Pickering Station, G. T. R., on the south. Mr. Birrell, sr., is one of the oldest importers of Scotch Shorthorns in Canada, and his large herd is one of the best in the country to-day. The larger number belong to the noted Crimson Flower strain, a strain that has done more than their share to raise Canadian Shorthorns to the high standard they occupy, as well as producing very many prizewinners, among which were Toronto champions, bred in this herd. Other strains represented in the herd are the renowned Cruickshank Duchess of Glosters, Butterflys, Shepherd Rosemarys, and Morlins. Since the founding of this great herd over 40 years ago, nothing but the best imported sires have been used, notably the C. Victoria bull, Imp. Indian Chief, the Village bull, Premier Earl (imp.), the Maid of Promise bull, Royal George (imp.), the Rosemary bull, Blue Ribbon (imp.), the Golden Drop bull, Royal Prince (imp.), the Clementina bull, Clan Campbell (imp.), the Lavender bull, Duke of Lavender (imp.), the Verbena bull, Lancaster (imp.), the Nonpareil bull, Royal Member (imp.), the Kinellar Maid of Promise bull, King James (imp.), and Scotsman 2nd (imp.). The present stock bull is the Marr Clara, Spicy Count (imp.), by the Goldie bull, Spicy King, dam Carnation, by Favorite, granddam Clara 31st, by Hercules. A striking uniformity of type is an outstanding characteristic of the get of this bull, quite in keeping with the high-class character of the whole herd, among which are many animals put up on showing lines, deep-fleshed, straight, level lines, and mellow. Owing to the size of the herd, twenty or thirty can be spared, at prices most attractive to parties looking for the good kind. Among them are ten two-year-old heifers, ten 1-year-old heifers, and six young bulls, from six to ten months of age. Two of them are Crimson Flowers; two are C. Butterflys, one is a Duchess of Gloster, and one a Rosemary, the last named a particularly choice one, low, thick, and sooty. These young bulls are a most desirable lot, their breeding is unequalled, all being sired by the present stock bull, and in type they are gilt-edged, and in fine condition, as is all the herd. Write Mr. Birrell to Greenwood P. O., Ont., or give him a call. Farm connected with long-distance phone.
