A NEW VOLUME TO BE PUBLISHED NEXT
MONTH. SEE ANNOUNCEMENTS ELSEWHERE
IN THIS ISSUE.

THE WATEROUS ROAD ROLLER

Is built essentially to suit Canadian road-building conditions. With over 100 Rollers in use in every part of the Dominion, the Waterous Roller is daily more firmly establishing its right to the title—

"The Canadian Good Roads Pioneer"

Built in three sizes—10, 12 and 15 ton. Carries a double cylinder, double crank engine, a quick-steaming locomotive type boiler of large capacity, has two speeds for fast and slow work, and all gearing cut from the solid steel. Supplied with all standard engine and boiler fittings.

If there is no Waterous Roller in your vicinity, write for our twenty-page catalogue, No. 301, or better still, visit the Brantford Works and see the Roller being built and tested—a practical demonstration that is its best selling argument.
