### Social Hygiene.

The Social Hygiene Association of Canada has endorsed the principles adopted at the New York conference, and the Dominion Government has been requested to adopt the general principles in any plan which they may have in view for Dominion control. The principles are as follows:

1. That the single standard of morals should prevail for men and women.
2. That continence is compatible with health and intellectual vigor for both sexes.
3. That men and women should serve together whenever possible on bodies whose functions concern the development and enforcement of moral standards.
4. That prostitutes be not treated as a class apart from other women, and that prostitution be not recognized as a trade.
5. That all measures, either preventive or repressive, concerned with social morality, apply impartially to men and women.
6. That a simultaneous vigorous attack on venereal disease should be made, and that the issues of public health and morals be thoroughly correlated.
7. That sound sex education be incorporated into one entire educational system in homes, school, college, and the church and press.
8. That social and economic adjustments granting to the individual decent living conditions and adequate recreation are essential to progress in social morality. These adjustments concern especially:
  - (a) Housing conditions.
  - (b) Industrial conditions, including conditions of work and wages.
  - (c) Proper and sufficient recreational opportunities.

### Big Howitzer for Ontario.

To the 116th Battalion of Ontario county belongs the honor of capturing the big howitzer gun which Sir William Hearst has accepted on behalf of the Ontario Government. The war trophy, which it is expected will reach Toronto shortly, will be given a place of honor in the Queen's Park in front of the Legislative Buildings. The big gun fell into the clutches of the heroic Canadians in the battle of Amiens last August, in which the 5th platoon of "B" Company, led by Lieut. W. A. Orr, son of Dr. R. B. Orr, curator of the Provincial Museum at the Normal School, distinguished themselves in splendid style. The gun was captured by this company after a night of heavy fighting and rounding up of several hundred Hun prisoners.

The gun will grace the Queen's Park as a memorial to the late Col. Sam Sharpe, M.P., the fighting commander of the battalion.

### Old Hats Exported.

Thousands of hats discarded by English women are exported every year to Brazil, where they are eagerly bought by the Indians. The feathers and other ornaments on the hats are taken by the men, and the bare straw shapes given to their women-folk.

### Getting Together.

A youth named Beer was arrested the other day for breaking into a public-house. The magistrate decided that the proper place for him was the jug.—London Punch.
