To Poison Cutworms
 To a bushel of dry bran add one pound of arsenate of Paris green, and mix it thoroughly into a mash with eight gallons of water, in which has been stirred half a gallon of sorghum, or other cheap molasses. After the mash has stood several hours, scatter it in lumps about the size of a marble over the fields where injury is beginning to appear, and about the bases of the plants set out. Apply late in the day. Apply a second time if necessary.

Nova Scotia is not the only province in the Dominion that has been experiencing cold and backward weather. Reports from all sections of Western Ontario tell of damage to early fruit by the frost, although the apple crop has not been seriously hurt. In South Alberta on the 8th, inst., snow covered a large portion of the seeded area, and snow had fallen steadily for forty-eight hours.

Freckle-Face
Sun and Wind Bring out Ugly Spots, How to Remove Easily
 Here's a chance, Miss Freckle-face to try a remedy for freckles with the guarantee of a reliable dealer that it will not cost you a penny unless it removes the freckles; while if it does give you a clear complexion the expense is trifling. Simply get an ounce of othine—ooble strength from Clark's Drug Store and a few applications should show you how easy it is to rid yourself of the homely freckles and get a beautiful complexion. Rarely is more than one ounce needed for the worst case. Be sure to ask the druggist for the double strength othine as this is the prescription sold under guarantee of money back if it fails to remove freckles.

Exodus Vs. Numbers
 During his first charge a clergyman found the ladies of the church entirely too much interested. Such a storm of petty squabbles arose from their overeagerness to help that in despair he gave up the place. Not long afterwards he met his successor.

How are you getting on with the ladies? asked the escaped divine.
 Oh very well, was the answer.
 There's safety in numbers.
 I found it in Exodus, was the quick reply.
