

WIFE TOO ILL TO WORK

IN BED MOST OF TIME

Her Health Restored by Lydia E. Pinkham's Vegetable Compound.

Indianapolis, Indiana. — "My health was so poor and my constitution so run down that I could not work. I was thin, pale and weak, weighed but 109 pounds and was in bed most of the time. I began taking Lydia E. Pinkham's Vegetable Compound and five months later I weighed 133 pounds. I do all the housework and washing for eleven and I can truthfully say Lydia E. Pinkham's Vegetable Compound has been a godsend to me for I would have been in my grave today but for it. I would tell all women suffering as I was to try your valuable remedy." — Mrs. Wm. Green, 332 S. Addison Street, Indianapolis, Indiana.

There is hardly a neighborhood in this country, wherein some woman has not found health by using this good old-fashioned root and herb remedy. If there is anything about which you would like special advice, write to the Lydia E. Pinkham Medicine Co., Lynn, Mass.

Street Superintendent Clifford Price, of Sydney, says that forty-two potatoes were grown at the city's farm, Manawagonish Road from one plant. Mr. Price said that as an experiment a large potato was planted whole and that from it were gathered, on Thursday, forty-large potatoes and two small ones. At that rate of growing there would not be a food famine very long, but the superintendent regretted that this was an exception to the general yield.

MAN SLAIN BY TRAIN, LEG CARRIED 20 MILES INTO HALIFAX STATION

HALIFAX, Sept. 30.—John Pitts, aged 49 years of French Village was killed by a Halifax and Southwestern train on Saturday night. Nothing was known of the accident here until the train pulled into North street station, when a man's leg was found on the rails. The accident occurred twenty miles from the city and the limb, which was caught in the undergear of the engine was not released until the arrival of the train here. How the accident occurred is not known.

The Kings Messa Canada

I learn with the deepest gratification of the effective steps being taken in the Dominion of Canada towards providing those increased supplies of food which are absolutely essential to the defeat of the enemy's devices and to a speedy and successful termination of the war. I have no doubt that the self-sacrifice displayed on the battlefields of France by my heroic troops will find its counterpart in the efforts of those who, at home in the Dominion, are devoting themselves to this work. All those thus loyally engaged contribute in important measure towards assuring victory. — GEORGE R. L.

Eleven Were Killed In Saturday's Raid

London, September 30th. — Eleven persons were killed and 82 injured in last night's air raid, it is announced officially. The material damage was not great. Four groups of German airplanes attempted to attack London in the course of last night's raid, but most of the machines were driven off. Bombs were dropped in the northeastern and southeastern districts of London and at various places in Kent and Essex. The casualties are believed to be comparatively light.

ESSEN IN REVOLT

London, Oct. 1st. — A demonstration against the German Government on Saturday at Essen, home of the Krupp works, in consequence of the decision of Chancellor Michaelis not to state Germany's peace terms, is reported in an Exchange Telegraph despatch from Amsterdam. Women formed a majority of the demonstrators says the despatch, breaking windows in the Town Hall and shouting demands for more food, for peace, and for the return of their men folk.

The police and military were called out to quell the riot. Two women were injured and several were arrested. The whole of Essen is reported to be in a state of ferment.

London Raided By Four Hostile Air Fleets

Germans Fly Over Capital For Sixth Attack in Eight Days--Numerous Bombs Dropped

London, Oct. 1st. — The strongest air attack yet attempted on London and the coast towns by the Germans was carried out to-night by four groups of hostile airplanes. Some of the machine guns got through to London and bombed the southwestern district. A traffic barrage was sent up from the defence guns, and the roar of battle lasted intermittently for two and a half hours.

The Germans bombed coast towns as they passed over and proceeded towards London. Two of the groups succeeded in getting a number of machines through the sky barrage. Numerous bombs were dropped on the southwestern district, which is thickly populated with the homes of upper and middle classes. The fire from the defending guns was longer and louder than ever before. A rain of shrapnel fell in all sections of the town, and the streets were virtually deserted save for a few police. The weather was perfect for air operations, as there was a bright full moon with no clouds or wind. The people of London expected a raid and were waiting for signals. Soon after seven o'clock, motors of the volunteer corps sped through the streets blowing their sirens and displaying an illuminated notice, "Take Cover." The telephone exchanges notified their subscribers and other measures were put into execution to inform the populace of the pending air raid.

Many of the theatres were continuing their performances despite the raids. At the conclusion of the performance in one of the leading London theatres to-night, the manager came to the stage and invited the audience and stage hands to vote on the question of continuing the night performances. All voted in favor of carrying them on as usual.

POTATOES LOWER
PORT HOPE, Ont., Oct. 1.—Food controller Hanna evidently was not aware of the extent of the potato crop when he fixed the price at \$1.25 per bag. Potatoes are selling here at \$1.50 a bag and the chances are that they will be cheaper.

QUEBEC RECRUITING ACTIVE

QUEBEC, October 1.—At nine o'clock on Saturday morning last the medical boards in the different centres of Military District No. 5 (Quebec and District) were opened for the examination of eligibles under the Military Service Act. Although the official opening of these boards only took place Saturday, the local examining physicians have been busy for some days past. One of these officers stated that about 80 per cent of the young men under Class A who have presented themselves have been declared as medically fit for duty with the army. So far the response has exceeded expectations and the officers are kept exceedingly busy during examination hours.

THE CORRECT WAY TO TREAT A COLD

A cough is not a distinct disease, it is the result of inflammation caused by a cold. Therefore, the only way to cure a cough is to allay the inflammation which invades the delicate bronchial tubes. All of the narcotics in the world will not correct the conditions which cause a cough—they simply deaden the senses and afford temporary relief.

Penalar White Pine and Spruce Balsam with Menthol will promptly soothe and heal the inflamed membranes and overcome the nervous irritation. Price, 25c and 50c the bottle.
