THE Mason & Risch Piano Co., Ltd., for Fair Week are offering the greatest bargains in Pianos, Pianolas, Pianola Pianos, and Organs ever given in Regina. We sell the Mason & Risch, Newcombe, Henry Herbert, Dominion, Steinbach, Classic, Harmonic, Mendelssohn and Columbus, also Player Pianos and the famous Pianola Pianos in the Steinway, Weber, Steck, Wheelock and Stuyvesant. In Organs we have the well known Doherty and Sherlock Manning. In our Exchange Department we have a number of used Pianos taken in exchange on Player Pianos. These include such well-known makes as Bell, Williams, Henry Herbert, Heintzman & Co., Great Union and Dominion.

We have concentrated our entire Sales Forces at the Warerooms during Fair Week, as we believe that by doing this all noise and confusion attendant upon an exhibit at the Grounds will be eliminated and that our friends will have a better chance to examine the entire stock. Two carloads of Pianos have just been received and more are coming. Do not go home until you have visited the Mason & Risch headquarters and seen how easy it is to buy a Piano the Mason & Risch way—FROM FACTORY TO HOME.

Fair visitors cordially welcome. Make our Store your headquarters. Use our 'phone; address your postcards on our desk; leave your parcels; in fact make yourself at home with us!

Why Mason & Risch Are The Leaders in The Piano World!

Because, 1st—It houses the production of twelve of the leading Piano Manufacturing concerns in the United States and Canada.

2nd,—A purchase made at any of our stores is a purchase made direct from the Manufacturers with all the advantages that come from direct dealing with the maker who knows his productions thoroughly and whose guarantee is more than a mere matter of form.

3rd,—Mason & Risch have an Exchange Department in which may always be found the very ELITE of used Pianos obtained in exchange for the Pianola Pianos and Mason & Risch Player Pianos. Thus the purchaser may select from practically all the Standard Pianos of the world at the greatest possible range of prices, styles and tone qualities.

4th,—Each instrument shown, whether new or used, is of the highest artistic value at its price, and it may be purchased either for cash or upon moderate time payments.

Until the Mason & Risch Company entered the field with their Factory to Home Selling Plan the selection of a Piano by persons unwilling to sacrifice any of the advantages of direct dealing with the manufacturer necessitated trips to Eastern Cities. Mason & Risch have revolutionized this Growth, Enterprise, and Progressive Methods have placed within the last few years 15 Mason & Risch Stores from the head of the Great Lakes to the Pacific Coast, and it is now possible to buy 18 makes of Pianos in 75 different styles from 12 of the world's foremost factories at exactly the same prices as at the factories with no additional expense to the purchaser.
