PANDORA RANGE

HOLDS FIRE ALL NIGHT

The good housewife always feels like bestowing upon the Pandora a cheerful "good morning."

Why? Because the Pandora always has a nice bed of hot coals as a reward for checking off the dampers closely before retiring to rest.

In five minutes after turning on the drafts she will have a good, strong fire.

Should she sleep two or three hours longer than usual there will still be a fire ready for her.

The fire-box, flues and dampers are so scientifically arranged that the Pandora can be regulated to hold a fire from 24 to 36 hours.

Pandora owners never have their sleep disturbed with dreams of making a new fire in the morning.

If your local dealer does not handle this most perfect of all ranges, write direct to us for Free Booklet.

My Hair Ran Away

Don't have a falling out of your hair. It might leave you! Then what? That would mean thin, scraggly, uneven, rough hair. Keep your hair at home! Fasten it tightly to your scalp! You can easily do it with Ayer's Hair Vigor. It is something more than a simple hair dressing. It is a hair medicine, a hair tonic, a hair food.

"This hair kind of a testimonial—'I had lost my hair, and my hair ran away.'"

What the Chimney Sings

Over the chimney the night wind sang, and chanted a melody no one knew; And thought of things she had long since forgotten, and said as her thoughts flew, "I hate the wind in the chimney."

Over the chimney the night wind sang, and chanted a melody no one knew; And the man, as he sat on his hearth below, said to himself, "it will surely cease, And I'll stop the leak in the chimney."
