

INDIGESTION AND CONSTIPATION

Quickly Relieved By
"Fruit-a-tives"

Rochester, P. Q.
"I suffered for many years with terrible Indigestion and Constipation. A neighbor advised me to try 'Fruit-a-tives'. I did so and to the surprise of my doctor, I began to improve and he advised me to go on with 'Fruit-a-tives'."

I consider that I owe my life to "Fruit-a-tives" and I want to say to those who suffer from Indigestion, Constipation or Headaches - try "Fruit-a-tives" and you will get well."
COLENE GAUDREAU,
105, a box, 6 for \$2.50, trial size 25c. At all dealers or sent postpaid by Fruit-a-tives Limited, Ottawa.

"Britannia the Pride of The Ocean."

The two songs, 'Britannia the Gem of the Ocean' and 'Columbia the Gem of the Ocean,' appear to have been written by the same person, an Englishman, named David T. Shaw. The New York Independent recently had an editorial, based on the erroneous supposition that the first named song is entitled 'Britannia the Gem of the Ocean,' in which it said: 'But originality is not characteristic of national songs. "Britannia the Gem of the Ocean" had a certain appropriateness. To an observer in a dirigible the island might well look like an emerald set in the silver sea.' But 'Columbia the Gem of the Ocean' is absurd. A gem of the size of the United States would be classed as a semiprecious stone at least.' It has been moved and seconded that a transposition be made, 'gem' being placed in the Britannia song and 'pride' in the Columbia song, so as to make a more appropriate setting for each. Are you ready for the question?

Movies in Japan.

The severest censorship exercised anywhere on films is in Japan. Nowhere else in the market for movies are the purchasers so critical in their judgement. In 1917, board of censorship divided the films into two classes - films for those under the age of fifteen and for those over that age. In one year, the office at Tokio examined 1,935 subjects, of which only 641 were accepted. The Japanese censor will not permit a kiss more than a few feet in length. In fact, more than 2,300 scenes were cut out in which the Western method of expressing affection appeared and the 353 scenes were cut because the kiss was accompanied by an embrace. Scenes of murder and crime are also prohibited to such a degree that a Zeppelin raid was denied exhibition. In the matter of titles, one must also be cautious, as in ten months this same censor had eliminated 2,141. The Japanese are using the cinematograph as a means of education. Since the censorship has become so severe, the attendance at the film theatres has tripled, proving that the moral scruples of the Japanese must be respected by the manufacturers of the Western world if they wish to make a success of films in the East.

Summer Complaints Kill Little Ones.

At the first sign of illness during the hot weather give the little one Baby's Own Tablets or in a few hours he may be beyond aid. These tablets will prevent summer complaints if given occasionally to the well child and will promptly relieve these troubles if they come on suddenly. Baby's Own Tablets should always be kept in homes where there are young children. There is no other medicine as good and the mother has the guarantee of a government analyst that they are absolutely safe. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Plans have been formulated for an aerial derby around the world, for which the prizes may total \$1,000,000. It is announced by the Aero Club of America. A special commission has been appointed and will start this month on a tour of the world to arrange routes and landing places to obtain referees, and to organize committees in every country through which the race will pass.

A TWO-FOLD DUTY Many thoughtful mothers first give their children

Scott's Emulsion

regularly - and then take it themselves. It is a tonic-food that contains elements as essential to an adult as to a child. Build up your strength - try Scott's.

Literary Notes.

THE NEW L. M. MONTGOMERY BOOK.

From our smallest province, Prince Edward Island, Canada's 'Million acre farm,' comes one of our best known authors, L. M. Montgomery (who in 1911 became Mrs. (Rev.) Ewan Macdonald, of Leaskdale, Ont.) Lucy Maud Montgomery was born at Clifton, Prince Edward Island, where her father, Hugh John Montgomery, was a son of Senator Montgomery, was a merchant.

Owing to the death of her mother when she was only a few months old, she was brought up by her grandparents at Cavendish, P. E. I. Her education was completed at the Prince of Wales College, Charlottetown, and Dalhousie College, Halifax. She taught school for a few years. It was while she was at the Prince of Wales College that her first work was published, a poem, in an American magazine although she says, 'As far back as my memory runs I was writing stories and verse for my own amusement.' Her first 'Annie' book grew out of a request for a serial for a Sunday School weekly. It was based on an entry in an old note book: 'Elderly couple apply to an orphan asylum for a boy; a girl is sent to them.' The proposed serial grew to a book and from that arose a whole series of the 'Annie' books. In 'Anne's House of Dreams' comes the happy ending of the romance between Anne and Gilbert Blythe, which began on the day when she cracked a slate over his head at the country school and continued through their careers at college. Gilbert becomes the doctor of a sea-coast community and is involved in many of the community happenings.

Full of splendid wholesomeness, a delectable humor and pure romance, is L. M. Montgomery's new novel, 'Rainbow Valley,' again staged on her native Prince Edward Island. It tells of the everyday events in a community of simple kindly people whose lives, sometimes prosaic - are the counterpart of other lives the country over.

The six children of Anne Blythe (of 'Anne of Green Gables' fame) and their four young neighbors of the Manse are just the sort of lovable incorrigibles that keep the town aghast at their irrepressibility. It is around their adventures and misadventures that the story turns and it is partly through them that two romances are brought to a happy outcome. Miss Cornelia (Mrs. Marshall Elliott) of previous acquaintance is still a quaint, humorous, and plain speaking and as much interested in the doings of everybody in the community. John Meredith, the widowed occupant of the manse, with his family of irrepressibles is just such a problem as Miss Cornelia likes to handle and she helps toward the correct solution.

MCCLELLAND & STEWART, Ltd., 215-217 Victoria St., Toronto.

The 'fireless locomotive' is a German war-time invention. It has a large hot water tank which is filled to capacity with high pressure steam from a stationary boiler. Naturally, the quantity and pressure of the pumped in steam limit also the running capacity and time of the engine. As a compensation, the engine is of an extremely simple construction and perfectly safe in operation. All delicate boiler parts are eliminated; there is no firing, and therefore no smoke, soot and coal dust; explosions are out of the question. The fireless engine, therefore is employed chiefly in munition and chemical plants, also in factory yards where it can be kept under steam without any attendance.

The July Canadian Bank statement marks a new record in savings deposits, the total of \$1,175,092,133 being recorded. This is an increase over June figures of \$36,500,000. Over the figures of July, 1918, the increase is \$183,077,016. This, of itself, is quite a showing; but it is the better when one takes into account that, during the past year, Canadians subscribed \$650,000,000 in new money for Victory Bonds. These figures augur well for the New Dominion Loan that will be launched in November. That Canadian banks abroad are also doing a good business may be seen in the fact that during July their deposits outside of Canada were increased by \$34,000,000.

Here at last according to Raymond Racuity, who has had access to the records, is the true text of Marshal Foch's famous Marne despatch: 'My centre is giving way. My right is retiring. The situation is excellent. I am attracting. That makes it all look like strategy instead of disaster.'

Men who work in Steel Mills

and similar plants coming from an overheated shop out into the chilly night air require extra good underwear protection. During their strenuous work, perspiration opens the pores and grips frequently results unless the body is protected with heavy, honest wool underwear. Atlantic Underwear affords the best protection for such workers. It absorbs the perspiration and protects against dangerous chills resulting from extremes of heat and cold.

Sold in five different weights and qualities. Our lowest priced lines are not equal to the more expensive ones, but each is guaranteed to be the best value of its class. Compare them with others of like price and see for yourself.

ASBESTONE 40 YEAR ROOFING.

No rags or tar in this roofing. Pure Asbestos and Asphalt, cannot rot or dry out. Costs but little more than the ordinary kind. It is far more durable as well as fire-resisting, and just as easy to put on. Any other roofing would be totally destroyed by fire. Not so with Asbestone. It is not what is on a roofing, but what is in it, that counts. Write for information and sample. If you can't get it through your dealer, we will send it to you direct. We want dealers to handle it.

Drug Store Goods.

(From the Minneapolis Journal.) Ships in distress send out S. O. S.

Households in distress send out frantic telephone signals to the corner drugstore. And the drugstore responds with any commodity known to inventive genius, be it canned heat, ice cream or fish hooks. These are a few of the articles displayed in the show windows of Minneapolis drugstores:

Soap, scissors and soda. Shoehorns, curling irons and gum. Magazines, shoe polish and lunches.

Pie, picture frames and glue. Cameras, hairpins and corn plasters.

Flashlights; peanuts and shoelaces. Pocketbooks and chafing dishes. Alarm clocks and fireless cookers. Mirrors, stamps and baby bottles. Newspapers and shampoo concoctions.

Candy, toothpaste and colored spectacles.

Paint, toys and picture books. Postal cards and furniture polish. Perfumery, fountain pens and napkin rings.

Fly swatters, and hair restorers. Crutches, calendars and money belts.

Insect powder and vanity cases. Sponges, films and cigarettes. Fish hooks and bathing caps. Razors and vacuum bottles.

Nipples, knives and nail files. Pencils and toilet powder. Bath Mats, belts and brushes. Ice cream and shaving mugs.

Cake, soft drinks and humidors. A public telephone.

A free directory. And drugs.

No Minneapolis drugstore ever has been known to sell a battleship, a locomotive or tank.

Why Beauty Fades

A CONDITION DUE ENTIRELY TO POOR, WATERY BLOOD.

The girl who returns home from school or from work thoroughly tired out will be fortunate if she escapes a physical breakdown, because this getting tired so easily is probably the worst warning symptom of a thinning blood that must not be disregarded if her health is to be preserved.

When the blood becomes thin and impure the patient becomes thin, pale, haagard and angular. She not only tires out easily but suffers from headaches, palpitation of the heart, dizzy spells and a loss of appetite. This condition, if not from bad to worse, until perhaps fatal consumption sets in, if prompt steps are not taken to increase and enrich the blood supply.

To make the rich, red blood that brings the glow of health, no medicine yet discovered can equal Dr. Williams' Pink Pills. If given a fair trial their use brings rosy cheeks, bright eyes, a good appetite and good spirits. Dr. Williams' Pink Pills have made thousands of pale, languid girls active and strong.

On the first sign of poor, thin blood mothers should insist upon their daughters taking a fair course of these pills. They will not only restore health, but will save further doctor bills.

Dr. Williams' Pink Pills can be obtained from any dealer in medicine or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

A nation-wide strike of Baptist clergymen is urged in New York unless better pay is forthcoming.

Packer declares Canadians will not eat cheap bacon. Certainly not when they cannot get it.

Fall Plowing.

For the past three years Nova Scotia farmers have had to pay very high prices for grain feeds for live stock, and even then have had difficulty in securing sufficient supplies.

As each year has gone by, farmers have looked for improvement, but none has come, and, in fact, the outlook for the current year is less promising than any previous date.

Among the steps which are taken to meet this situation the one that offers the most obvious and effective relief is for Nova Scotia to grow more grain feeds on their own farms. Now is the time to make preparation for next season.

Fall plowing has on nearly all farms in Nova Scotia proven much better than spring for growing practically all kinds of crops. In some seasons it is almost impossible to do fall plowing early owing to the hard condition of the soil. This year the abundant rains have removed this difficulty.

Everything therefore points to the wisdom of keeping the plow going at every opportunity from this time until winter frost sets in.

Wonders will never cease. A few years ago if anyone said that a steamer could make the passage from New York to San Francisco in 12 days, it would be treated as impossible. And yet it has been done, for the steamer Great Northern arrived at Frisco on September 4th, after leaving New York on August 23rd., and from Balboa on the 28th.

The new Parliament Buildings at Ottawa were the scene of a fire last Friday night, and but for the fire-proof construction a conflagration such as that of February, 1916, might ensue. The damage is estimated at about \$2,000.

AFTER 20 YEARS

Remarkable Experience of Mrs. Ripley

Mrs. Milnor P. Ripley, of Williamsdale, East, has good news for all who suffer from aches and derangements caused by Kidney Trouble. Read her letter:

"Before taking Gin Pills I had suffered dreadfully with my back and headaches, and had suffered for 20 years. I tried almost everything but got no relief until I got Gin Pills. I have taken 6 boxes and now I have not a sign of a pain or an ache. I am now 45 and feel as well as ever I did in my life."

In Gin Pills, all the valuable diuretic Juniper element in the Gin has been utilized, and the alcohol eliminated. Combined with other highly efficient diuretics and analgesics, Gin Pills present the most scientific and effective remedy for Kidney and Bladder troubles that can be secured. They give ease, quick and safe relief. If you have back-ache, headache, highly-colored urine, rheumatism, lamboago, sciatica, neuralgia, dizziness, insomnia, floating specks before the eyes, unaccountable uneasiness of mind and general debility, lose no time. Treat yourself with Gin Pills before it is too late. At all druggists and dealers. Do not be misled if not relieved. Free sample on request.

ATTENTION! Sick Women

To do your duty during these trying times your health should be your first consideration. These two women tell how they found health.

Hollam, Pa. - "I took Lydia E. Pinkham's Vegetable Compound for female troubles and a displacement. I felt all run down and was very weak. I had been treated by a physician without results, so I decided to give Lydia E. Pinkham's Vegetable Compound a trial, and felt better right away. I am keeping house since last April and doing all my housework, where before I was unable to do any work. Lydia E. Pinkham's Vegetable Compound is certainly the best medicine a woman can take when in this condition. I give you permission to publish this letter." - Mrs. E. B. CANTON, R. No. 1, Hollam, Pa.

Lowell, Mich. - "I suffered from cramps and dragging down pains, was irregular and had female weakness and displacement. I began to take Lydia E. Pinkham's Vegetable Compound which gave me relief at once and restored my health. I should like to recommend Lydia E. Pinkham's remedies to all suffering women who are troubled in a similar way." - Mrs. ELISE HARR, R. No. 6, Box 68, Lowell, Mich.

Why Not Try LYDIA E. PINKHAM'S VEGETABLE COMPOUND

LYDIA E. PINKHAM MEDICINE CO., LYNN, MASS.

In announcing an intention of the British government to make permanent the temporary powers provided by the profiteering act, Mr. McCurdy, Chairman of the Central Committee, said they would begin investigations at the top, because very often the retail traders were not so blame-worthy as a powerful trade organization. Canada's Board of Commerce should not overlook this British intention nor the hint conveyed in the Chairman's methods. The revelations of business methods have laid bare many of the ways adopted to maintain prices, to silence competition, to make the consumer pay more than he should pay. Unless the things are prevented and the wrongs of the past righted, as far as it is possible to right them, no really permanent benefits can accrue from efforts to better conditions.

Government House, Ottawa.
1st September 1919.

Dear Sir Herbert,

I am pleased to be the holder of a Canadian War Savings Certificate. I am delighted to find that in Canada you have War Savings Stamps of six, similar to those we have in England.

I wish the War Savings campaign every success.

I remain
your sincerely,
J. H. H. H.

Use For Over 30 Years

Always bears
the signature of
Dr. J. C. Ayer

A noted Parisian ladies' tailor says that to be really well dressed a woman must be attired so that the small boys will stand still and giggle at her.

Men interested in aviation have advanced the theory that photographic maps of cities made from views taken from an airplane, would be of value as a part of the records of the Fire Departments. They would be as valuable to the fire chief as similar maps of the battlefields of France proved to the commanders of armies. Such a map, for instance, would enable the chief to know at a glance the best of getting at a big fire, the surrounding roofs and so forth. By use of the map the dangerous areas and zones could be plotted in the same manner as in war time.

The area sown to wheat this year in the three prairie provinces of Canada totals 15,450,700 acres, as compared with 16,125,481 acres last week.

Savings bank deposits increased during August by approximately twenty million dollars. They now stand at \$1,196,632,931, a figure which is regarded as promising well for the success of the coming Dominion Loan. During the month, call loans in Canada showed a slight increase; call loans outside, a decrease; demand deposits were practically stationary.

Children Cry FOR FLETCHER'S CASTORIA

Women factory workers in Japan outnumber the men by over 250,000.
