BUSINESS GIRLS LOSE STRENGTH

They Risk Health Rather Than Lose Employment and Eventually Break Down.

Thousands of earnest intelligent young women who earn their living away from home in public places, and large business establishments are silent sufferers from overtaxed nerves and deficiency of strength. Weak, breathless and nervous they work against time, with never a rest when headaches and backaches make every hour like a day. Little wonder their cheeks lose the taint of health and grow pale and thin, their eyes are dull and shrunken and beauty slowly but surely fades. Business girls and women, because of their work and worry, look older than their years. What they seriously need is the frequent help of a true strengthening remedy to carry them through the day. Dr. Williams' Pink Pills are like actual food to the starved nerves and tired brain of the business girl. By making red blood they supply just the help that girls need to preserve their health and their good looks. They bring bright eyes, high spirits and thus make the day's duties lighter.

Miss Alexandrine Bedard, a stenographer residing at 36 Richelieu St., Quebec, says: "For the past couple of years I felt my constitution being gradually undermined through constant indoor work, and the great tax on my nerves through the long tedious hours over a type writer. But it was only some six months ago that the climax came when one afternoon I lost consciousness through extreme weakness. The real seriousness of my condition was then pathetically apparent, as I was confined to my room, lacking in the strength to walk about. I was attended by a doctor, but after being a month under his care showed no signs of improvement. It was at this stage that one of my relatives read of the cure of a young girl whose case bore a striking resemblance to my own, by the use of Dr. Williams' Pink Pills. I began the use of these Pills the next day, and attribute my complete recovery entirely to them. I had not taken more than three boxes when I began to get better, and after taking the pills for about a month I felt as strong and was enjoying as good health as ever in my life."

You can get Dr. Williams' Pink Pills from any medicine dealer or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ontario.

The transition from winter's cold to summer's heat frequently puts a strain upon the system that produces internal complications, always painful and often serious. A common form of disorder is dysentery, to which many are prone in the spring and summer. The very best medicine to use in subduing this painful ailment is Dr. J. D. Kellogg's Dysentery Cordial. It is a standard remedy, sold everywhere.

Some men do not try to reach the top because they prefer company.

Concerts are to be given each morning and afternoon in the Dairy Building at the Exhibition. This is an innovation that visitors from country will appreciate.

SIMPLE. "Mighty oracle," cried Cleopatra, "can you tell me how I can secure everything I want?" "Sure, Mike," replied the oracle. "Just quit wanting so much."

LAY 32 YEARS IN SLUMBER.

Woman Rip Van Winkle Awakens From Long Nap.

A most remarkable case of a woman who has slept steadily for thirty-two years, is reported in "Der Tag" from Orms-Monsteras, near Stockholm, Sweden. Karoline Karisdatter was a school girl of 13 when she suddenly fell asleep over her books in the school-room. After fruitless efforts on the teacher's part to rouse her the girl was carried home.

She slept until last week, when she awoke to find that her childhood and girlhood were long past, and that she is now a middle-aged woman of 45. Fraulein Karisdatter is not very much worried over the matter, however. She feels as fresh and as full of energy as if she had merely enjoyed a good night's rest.

Her chief concern at present is to make up for lost time and complete her education, which was so abruptly interrupted. She will join an elementary school as soon as the Autumn term begins.

WOMEN OYSTER GATHERERS.

Many Have Made Small Fortunes at the Work in France.

The work of oyster collecting and culture is most unsuitable for women, but in France, owing to its tedious nature, it does not appeal to men. Often from an early hour in the morning till late into the evening the women are standing up to the knees in water, with a strong sun beating down on them. The result is that never a year passes without some of them going mad and having to be hurried away to the asylums.

The work is well paid, as indeed it ought to be, while in the case of the few who own beds the profits are large, and small fortunes are quickly amassed.

BOTH IN.

"We get some sad cases," said the attendant at the lunatic asylum to the visitor, and opened the door of the first cell. Inside was a man sitting on a stool and gazing vacantly at the wall. "Sad story," said the attendant; "he was in love with a girl, but she married another man, and he lost his reason from grief."

They stole out softly, closing the door behind them, and proceeded to the next inmate. This cell was thickly padded, and the man within was stark, staring mad. "Who is this?" inquired the visitor. "This," repeated the attendant—"this is the other man."

A SPLENDID PRESCRIPTION

For Rheumatism and all Kidney, Liver, Bladder and Urinary Affections.

An eminent physician has used the following prescription in his practice for a number of years and found it very successful in the treatment of kidney, liver, bladder and all urinary affections, and is unsurpassed for the cure of rheumatism, driving the uric acid entirely from the system. He claims that a very few doses will relieve the most severe pains in the back arising from disordered kidneys and impure blood.

The prescription is one ounce of sweet spirits of nitre, one ounce of compound Vinosa and four ounces of syrup of Rubarb, mixed together and taken in dessert-spoonful doses after meals and at bedtime in water. The ingredients are harmless and inexpensive and can be obtained at any reliable drug store and mixed together at home.

The young girl's air was pensive. "To-morrow," she said, "Reginald will conduct me to the altar. There," she added, smilingly, "his leadership will end."

The Wretched Condition of thousands is due to the fact that they neglect the simplest care of their health. When in this condition "Ferrovin" will build you up and give you strength.

Singleton—"What's the matter, old man? You seem to have trouble in your mind." Wedderly—"My wife told me to order something in town, and I'll be hanged if I can remember whether it was a settee or a tea-set."

One of the greatest blessings to parents is Mother Graves' Worm Exterminator. It effectually expels worms and gives health in a marvellous manner to the little one.

"I cannot imagine why you refused such a splendid offer," remarked a disappointed mother. "But he always dresses so shabbily," said the daughter. "Well, that's merely eccentricity." "Yes, I know. But he would probably expect me to be just as eccentric!"

YOUR SKIN IN SUMMER

Facts for Our Women Folk!

When you find your skin rough, red and patchy, or dry, scaly and coarse, with sore and inflamed spots here and there, remember there is a reason. There are 2,900 pores on one square inch of that same skin of yours, and these contain seventy feet of tubing, all provided to clear away harmful and waste excretions, which get out of order when the skin is unhealthy. The value of Zam-Buk lies in the fact that its healing essences and juices can be absorbed by these miniature "Skin Mouths."

Applied to a rough or inflamed patch, cut, bruise, heat sore, or chafed place, Zam-Buk first lubricates, cools, and soothes the hot surface, then heals. That is why children like Zam-Buk. It stops pain so quickly. Applied to eczema, ulcers, and festering sores, Zam-Buk first kills the disease germs which cause suppuration and inflammation. Then it builds up fresh tissue.

In this way an eczema patch, ulcer, abscess, ringworm or open sore is removed completely by Zam-Buk, and a cut or burn healed. For insect stings, sore feet, bruises, chafed places, for eczema, ulcerations, blood poison, chronic sores, and for piles Zam-Buk is without equal. Fifty cents a box at all stores and druggists, or from the Zam-Buk Co., Toronto, for price. Three boxes for dollar twenty-five. This offer is for family use.

SO NOW YOU KNOW.

Pat Murphy, who was in lodgings, was greatly annoyed by the landlady helping herself to his provisions. She began by taking a piece of his butter, and when Pat came home she said: "Pat, I'm taking a little of your butter; but I'm not like other landladies—I'm telling you."

Next day it was an egg, and so on. Every day there was something taken, and put off with the remark, "I'm not like other landladies—I'm telling you."

Of course, there was never any reduction in Pat's bill. One Saturday his bill came to a larger amount than usual. Pat looked at it, bundled up a few things in his handkerchief, walked to the door, and said: "Landlady, I'm sloping. I'm not like other lodgers—I'm telling you."

WONDERFUL "NUGGET."

One of the most remarkable recoveries on record will again be shown in the Process Building at the Toronto Exhibition. Last year people wondered at seeing a shoe polished with the "Nugget" Polish and immediately afterward washed, without the water destroying the shine, or causing the polish itself to run off and soil the clean white towel, with which the shoe was wiped.

The "Nugget" Shoe Polish is on sale at the usual price, 10c., at all dealers and is now the popular article, as in addition to being waterproof the shine lasts longer, and the polish keeps the leather soft and pliable, which prevents the shoe from cracking. When at the Exhibition we invite you to have your shoe shined free of charge in the Process Building.

THE USUAL PROGRAMME.

A Cure for Rheumatism.—The intrusion of uric acid into the blood vessels is a fruitful cause of rheumatic pains. This irregularity is owing to a deranged and unhealthy condition of the liver. Anyone subject to this painful affection will find a remedy in Parmelee's Vegetable Pills. Their action upon the kidneys is pronounced and most beneficial, and by restoring healthy action, they correct impurities in the blood.

Visitor—"What brought you to this place, my friend?" Convict—"Sneezing." Visitor—"Sneezing?" Convict—"Yes, sir; it awoke the gentleman up, an' he nabbed me."

SALADA TEA

Jones—"I say, Smith, you are a good hand at arithmetic?" Smith—"Yes, I am considered very good. Why?" Jones—"Well, here is a little problem for you. There was a man named Little, living in Dublin, who had a daughter. Now, she was in love with a chap she knew her pater did not approve of, so one day she eloped with him. When the old man found out he was very angry, and at once followed them. Now, then, what time was it?" Smith (angrily)—"What time was it? How on earth do you suppose I can tell you? I give it up." Jones (triumphantly)—"Why, a Little after two, of course."

Any sort of advice is good, as long as you don't attempt to follow it.

HIS WORK.

"How glorious it is to be engaged in a purely intellectual occupation!" murmured a young maiden, gazing rapturously into the admiring eyes of an editor. "Your own mental faculties for tools, and the whole universe for a workshop. Now tell me," she added, "what do you find the most difficult thing connected with your noble profession?" "Paying the staff," said the editor.

Only those who have had experience can tell the torture corns cause. Pain with your boots on, pain with them off—pain night and day; but relief is sure to those who use Holloway's Corn Cure.

Giles, entering a sixteenth-floor office of a skyscraper perspiring and panting—"Well, then stairs must be several miles long!" Occupant of Office—"Why didn't you come up in one of those elevators there?" Giles—"Not much! I jes' see one of 'em full of people fall down that hole there!"

The Canadian National Exhibition this year will be especially strong in Hackneys, Clydesdales and ponies. Saddle horses, hunters and harness horses will also be well up to the average. A noticeable feature of the horse department will be the number of animals especially imported for show.

CELTIC PHILOSOPHY.

"No man is honest to a fault." Said Pat, "unless, be jabbers! The fault is just wan of his own. An' not wan of his neighbors."

It is Good for Man and Beast.—Not only is Dr. Thomas' Electric Oil of incomparable value in the household, but the farmer and stockman will find it very serviceable in the farm-yard and on the cattle range, often saving the services of a veterinary surgeon. In injuries to stock and in cases of cough and pains it can be used with good effect.

Hewitt—"I have been pinched for money lately." Jewett—"Well, women have different ways of getting it. My wife kisses me when she wants any."

Comfort by day and sound sleep by night follow the use of Weaver's Cerate, for skin troubles, no matter how tormenting they be. This ointment soothes and cleanses.

Mistress—"I don't want you to have so much company. You have more callers in a day than I have in a week." Domestic—"Well, mum, perhaps if you'd try to be a little more agreeable, you'd have as many friends as I have."

Impurities in the Blood.—When the action of the kidneys becomes impaired, impurities in the blood are almost sure to follow, and general derangement of the system ensues. Parmelee's Vegetable Pills will regulate the kidneys, so that they will maintain healthy action and prevent the complications which certainly come when there is derangement of these delicate organs. As a restorative these Pills are in the first rank.
