Africa.

The announcement has come as a great surprise to some people. To others who have been cognizant of what has been going on in inner circles for some time the news was not unexpected. General Hutton was anxious to take command of the first contingent, but he could not do this without resigning his command here, and he was reluctant to do that. The prospective duration of the war, however, is now a sufficient inducement to the general to resign his command to seek honor and glory in the Transval.

There is a very strong feeling that he should be succeeded by Col. the Hoo. M. Aylmer, adjutant-general, who a few weeks ago returned from England after passing with flying colors an examination on tactical fitness to command. The law at present precludes the appointment of a Canadian, but as Parliament is in session this drawback could speedily be remedied. Indeed, Col. Domville has a bill now before Parliament with this very object in view.

CANNOT SAIL TILL FEB. 20. Halifax, N.S., Feb. 9.—It has been found that it will be upossible to have the transport Milwakee fitted out by the 45th. Col. Irving, D.O.C. informed the press to-night that it will be february 20th before the transport is ready to sail, but he does not believe her departure for South Africa, will be delayed after that

Maurice Halley, an elderly messenger, assisted at the burning of the general election ballots in April last, He swore that Col. Clarke had opened the vault himself, and instructed them to put the bye-election boxes on the south side of the vault, and not to burn ones who carried ballots to the cellar, They were moved for the most part by trucks. He called out to Col. Clarke the names of the packages as he cast them into the furnace. The only time he saw the West Elgin bye-election box was in the vault, when Col. Clarke told his assistants to set it aside and preserve it. In addition to Mooney, Halley recalled that two other messengers, Robson and Dalton, were present.
