HARTLAND, N. B., SEPT. 14, 1922.

THE OBSERVER MAN OBSERVES

That Reverend Dr. F. W. Patterson of Winnipeg is "spoken of" as the new President of Acadia University. If the Observer mistakes not Dr. Patterson is a Carleton County boy who attended Normal School in the days of Dr. W. L. Tracey and Reverend A. A. Rideout. Some years ago he attended a Baptist Association in Hartland speaking to a large audience on western missions. Some members of Acadia will probably remember his witty description of Canada as a country "where the roads run from ocean to ocean and telephone wires from pole to pole."

That the school trustees according to their recent communication with the Observer are busily engaged. "Plans for the new school house are being made and will hold a public meeting to discuss the matter in the near future." It is certainly good news and shows up greatly these two salient points. First, it means the taking of the public into your confidence and putting all the cards on the table. If this had been done before and the rate payers had been given information to which they were entitled without going after the Trustees with a club, the public would certainly have been better satisfied and the reputation of the Trustees would have remained unimpaired.

Secondly, power of the press was most manifest from two little editorials in the Observer, and lo! the Trustees came across with the desired information and told the taxpayers how they proposed spending their money.

That the Trustees in their recent letter to the Observer in regard to the school affairs used the following words: "The crime of being absolute failures and mentally dead which has with such vehemence been charged upon us the trustees of Hartland School District we shall neither attempt to palliate or deny, but content ourselves with hoping that we may be among that number whose follies have ceased with the passing years and not of those who in spite of accumulated wisdom build without first counting the cost."

That in the British Parliament in 1741, in his report to Walpole, William Pitt used the following familiar sentence: "The atrocious crime of being a young man, which the Honorable gentleman has with such spirit and decency charged against me I shall attempt neither to palliate nor deny but content myself with the thought that I may be one of those whose follies cease with their youth and not of that number who are ignorant in spite of experience." It is really remarkable how great minds run in the same channel.

POTATO WAREHOUSES

T. W. Caldwell, M. P., for Carleton-Victoria returned last week from Ottawa, where he interviewed the government in regard to the establishment of potato warehouses at St. John. He met with considerable encouragement and is confident that the project will be carried out.

FINE CONCERT ON MONDAY

Many Thought Event of Monday Evening More Entertaining Than Any Chautauqua Program

Lovers of music had a delightful treat on Monday evening when J. M. Sherlock, of Toronto, who is well known as Canada's foremost concert tenor, his son Frank Sherlock, musician-in-charge of the Church of England work on the Tobique, Rev. W. P. Haigh, C. Sykes, Miss Ruth Boyer and a guitar quartette, of Hartland, gave a program that was a delight—a most moderate term to use, indeed. Messrs. Sherlock are musicians of high culture, the older gentleman being one of Canada's best. For years he was manager of Sherlock's Male Quartette which won great favor throughout Ontario and the west, and as a public singer has toured the whole of Canada. He is also conductor of Toronto Oratorio Society, the best known musical organization of that city. Besides winning such distinction as this Mr. Sherlock was editor of the Methodist Hymnal and the Canadian Hymnal. The son inherits the father's talents in marked degree and his musical services have been in great demand, both as a vocalist and pianist, in Andover and Perth and elsewhere in Victoria county all through the past year.

Hartland's own talent figured in Monday evening's program in no mean manner—indeed, it compared very favorably with the Toronto talent. The male quartette was fine and the readings of Miss Boyer show true histrionic ability, while the Hawaiian quartette, composed of Will Taylor, Walter Billing, Lorne Britton and Clinton Clarke, rendered delightful selections, really creditable for Hartland amateurs.

The full program was made up of male quartettes—"Lead Kindly Light"—Messrs. Sherlock, Sykes and Haigh. Encore, "Slumber Sleep" (lullaby). "On Venice Waters" (vocal solo) with "Simple Simon" as an encore. "Carry Me Back to Old Virginia" with "A Little Farm Well Tilled" as an encore.

Solos: "Because I Were Shy" and "The Trumpeter" by Rev. W. P. Haigh; "The Floral Dance," "The Maid for Me," "The Company Sergeant-Major," "The Mountains of Mourne," by Frank Sherlock; "One Evening Song," "The Standard of the Braes of Mar," "The Little Irish Girl," by J. M. Sherlock.

Duets: Piano, two played by Frank Sherlock and Mrs. Harry Tatlock of Plaster Rock, the latter being the accompanist of the evening. Two vocal duets, sung by Mr. Haigh and Mr. Sykes were especially fine. They were entitled "The Battle Eve" and "Love and War" by Messrs. Sherlock. Reading: "What the Old Clock Saw," by Miss Ruth Boyer. Hawaiian selections.

The company are giving concerts this week at Andover, Lifford and Plaster Rock and the money received above expenses goes to the Church building funds of the deanery.

It was most regrettable that the attendance at the Hartland performance was so small. Since there have been heard many expressions of disappointment as the fact that there was to have been a concert was not generally known even in town, while those in the outlying districts who would have been glad to embrace the opportunity of hearing good music were unacquainted with the coming of the event. This is another case where "it pays to advertise" is proved.

While there is no desire to discount the quality of the Chautauqua programs, those who attended Monday's concert declare that from an artistic standpoint it was the equal of any of them, while in point of varied interest it had some of the Chautauqua programs beaten.

JAMES W. McPHAIL

Andover, Sept. 12—Friends were shocked to hear of the death of James W. McPhail, of Perth. He had not been in his usual good health for some time, but last Friday was at the Presque Isle fair, where he got cold and pneumonia developed. Even this was not considered serious until this morning, when he took an ill turn and

POTATO CONFERENCE.

W. C. Robinson, of Sackville, paid a visit to the offices of the Board of Trade, yesterday, in connection with the matter of holding a potato conference in their rooms on Thursday evening of this week. At this conference will be discussed matters pertaining to the conception of potato shipping activities through the port of St. John instead of by the way of American ports. This is another step towards the objective of trafficking Canadian goods through Canadian channels.—St. John Journal.

TO ERECT POTATO SHED

T. W. Caldwell, M. P., for Carleton-Victoria, is expected in the city today in connection with business pertaining to the question of the erection of a new potato shed here. J. C. Chesley, of the marine and fisheries department at this port, returned to the city yesterday from Ottawa where he went, last week, in regard to the same matter.—St. John Journal.
