

ELEVEN KILLED IN HOTEL EXPLOSION

Many Other Persons Injured From Burns and Jumping From Windows.

[Associated Press by Leased Wire.]
Macon, Ga., Aug. 22.—Eleven persons early today were believed to have lost their lives in the fire which last night destroyed the Broken House, one of the oldest hotels here. One man is known to be dead and firemen believed there are at least ten bodies in the ruins.
Ten persons, suffering injury from burns or sustained in jumping from the second and third stories of the hotel, are under treatment at the Macon Hospital.
Starting with an explosion of chemicals in an adjacent drug store, which blew in the side of the structure, the fire quickly swept off the escape of many of the hotel guests.

ACCIDENT VICTIM'S FUNERAL TODAY

The funeral of little Beatrice Bull who died on Saturday after being hit by an automobile, took place this afternoon from the home of the bereaved parents, Mr. and Mrs. LeBaron Bull, University Avenue, and was very largely attended by friends of the family and the little girl who was a general favorite and loved by all who knew her.
Very Rev. Dean Neales conducted a short service at the house after which the remains were taken to Christchurch Cathedral where the beautiful service of the Church of England was carried out by Very Rev. Dean Neales and Rev. Mr. Butler. Three favorite hymns of the little girl, Genevieve, Auek and Mild, The Lord is My Shepherd, and Our Best Redeemer, were sung by the full choir. The chancel was decorated with white flowers, and at the conclusion of the service the cortege wended its way to St. Peter's churchyard, Springhill, where the little body was laid tenderly to rest in a flower-lined grave, making the fourth generation of the family to be buried at St. Peter's.

NO FINAL DECISION ON THE ELECTIONS

The Situation Will Probably Be Talked Over at Ottawa for Days Yet

[Canadian Press by Leased Wire.]
Ottawa, Aug. 22.—The political situation is still up "in the air."
The Premier's office, from whence must come the official pronouncement as to what the Government proposes to do in the present situation, is the Mecca of a host of callers, including members of Parliament, from various sections of the country and others who have an interest in developments.
The Premier apparently is hearing all the advice which is being offered and is reserving judgment until all the suggestions are in hand and have been given consideration. That there will be a decision within the next few days is expected, but at the present time the tide continues to swing back and forth between an election and the decision to carry on through another session.
Several Ontario members have been in Ottawa during the last week or so and have seen Premier Meighen, talking over the situation as they see it. While there has been a strong element inside and outside of the cabinet in favor of an immediate dissolution and appeal to the people, private members generally speak against that idea and say they see no reason why the government should not continue in office through another session and then go to the country as it had planned to do.
Today there is much unofficial comment on the Journal of the Montreal Gazette for a general election, but of course this is rather conspicuous by its absence. If anything, there appears to be a slight swing back toward the idea of an election, but the situation will probably be talked over for another day or two before a final decision either way is reached.
Neither a general election nor by-elections was the subject of discussion at today's sitting of the cabinet council. In regard to the holding of a general election, Premier Meighen remarked this morning that any discussion along that line was "in my own mind." He had no comment to make upon the editorial of a prominent Montreal paper, supporting the Government, urging an election in the near future.

The Stock Market

[Associated Press by Leased Wire.]
New York (Wall Street), Aug. 22.—Sentiment in stock market circles was adversely affected by the failure of today's session by the failure of a prominent brokerage firm. ANOTHER STILL

(Continued from page eight.)
actually getting out the warrant and by the time he returned, as previously set forth, his bird had flown.
In the Police Court this morning Michael Murphy, proprietor of the resort officially called Kingswood Hotel but better known as the Farm, was fined \$200 or sentenced to serve 12 months in jail in default of payment as an outcome of the discovery of a still under a elm tree on the occasion of two famous visits of Chief of Police Finley and Inspector Saunders to the resort on a certain fateful Friday some time ago. There seemed to be some doubt in the mind of Police Magistrate Limerick as to whether the Inland Revenue Act, under which proceedings were taken, did not call for a jail sentence as well as the fine. The conversation on the subject between the magistrate and the lawyer appeared of intense interest to the defendant, who breathed deep sighs of relief when the decision was announced that the fine alone would be sufficient and forthwith arranged to pay rather than spend the twelve months in durance vile.

THE LABOR CONGRESS OPENS AT WINNIPEG

About 500 Delegates from Various Parts of Canada Present

[Canadian Associated Press Cable.]
Winnipeg, Man., Aug. 22.—About 500 delegates representing organized labor in all parts of Canada were on hand this morning when the 37th annual convention of the Trades and Labor Congress of Canada was opened in the Royal Alexandra Hotel here.
Hon. T. C. Norris, Premier of Manitoba, opened proceedings with an address of cordial welcome. He was followed by Edward Parnell, Mayor of Winnipeg. The first session was somewhat preparatory in its nature and was to include the appointment of the convention committee.
This afternoon the annual reports will be presented with the exception of the memorandum on unemployment which will go to the congress as a separate document. Tonight the delegates will attend a social affair in the labor temple.
Discussion of the problem of unemployment and of means for its abatement is expected to engage the attention of the convention tomorrow.
The executive committee dealt at some length with the question of the National Catholic Union in Quebec province. The report said:
"Reference has been made in another section of our report to the attempts in Parliament to secure the recognition of the National Catholic Union as a representative organization of workers. Senator Robertson has displayed much courage in combatting this pernicious propaganda, and has made clear to the country, through his statements, that the formation of labor unions in the Dominion of Canada which would divide the workers on religious lines should not be encouraged or tolerated."
The international trade unions have likewise made their position clear that they do not interfere with any person's religion, welcoming into their ranks workers of all religious beliefs, and realizing fully that the unity of the workers would be destroyed if they allowed themselves to be divided in their trade unions according to religious beliefs.
"Every reasonable effort is being made to bring about a proper understanding in this matter. The position is very difficult, however, as the principles and policies of the National Catholic Union are so opposite to those of the international trade union movement, and their efforts up to the present time seem to have entirely been confined to breaking down the working conditions established by members of the international trade unions and opposing progressive measures instituted by our organizations."

THE EDUCATIONAL COUNCIL FOR YORK

Taymouth, N. B., Aug. 20.—The York County Educational Council met at Taymouth on Aug. 17th and 18th. The weather on Wednesday evening was propitious and a large gathering assembled at the church to hear the opening address. An address of welcome was extended to the delegates by Rev. E. A. Westmoreland, pastor of the church. On Thursday, despite the inclemency of the weather, about sixty delegates were present, and had the expected number arrived the billeting committee would have found no trouble to provide homes or entertainment for them, because of the exceptional hospitality and kindness of the residents of Taymouth. The inspirational speakers of the convention were Mr. Burns county president, Rev. Mr. Westmoreland, Rev. Mr. Wightman, Rev. Mr. Middleton, Rev. W. A. Ross, field secretary, Miss Alice Harrison and Mrs. M. MacPherson. The keen interest and splendid feeling which prevailed throughout the convention were largely due to the ability and popularity of the field secretary, Rev. W. A. Ross.

The recent rains have soaked well into the ground and have not given the run-off that would exist under normal conditions.
