

RAILWAYS MUST PROVIDE CARS

Railway Commission Promises Help to Belleville Exporter Who Cannot Get Cars.

Toronto, Nov. 5.—Before the railway commission this afternoon Robert Graham, of Belleville, complained of a general shortage of cars, and inattention to the wants of the shippers, and produced a telegram from the C.P.R. stating they could not say when they could take a carload of apples from Tweed to Winnipeg.

W. B. Bulling, freight superintendent of the C.P.R. in answer to Prof. Mills said it was not possible to promise cars for Graham at any definite time. Prof. Mills asked: "Do you admit then that your system is completely broken down, and that you cannot move this gentleman's apples?"

Bulling replied: "Oh, no, but there are others shippers besides Graham and they must get their share of cars."

Prof. Mills—"That only makes the situation worse."

Bulling—"The demand is greater than we can meet just now."

Graham—"I have apples lying at Tweed and cannot get a car, and have no prospect of getting one."

Bulling—"I suppose it is the shipper's privilege to carry goods to the station when it suits him."

Prof. Mills—"And it is your duty to provide accommodations for goods and cars for transportation of freight."

Bulling—"Freight is so heavy, and the demand for cars for perishable goods so great, that we cannot meet it all at once."

Mills—"You must notify these people that you will not take their goods by the lake route, and that you have no cars to take it by the all-rail route, notwithstanding the fact that under the act you are bound to do so."

Hon. Mr. Berger asked a number of questions to bring out the fact that Graham had exhausted every means to get cars and failed. Judge Killam turned to the act, which insists upon roads giving all facilities for taking care of goods and for their immediate haulage to destinations, and intimated that the commission had to see to this.

Graham promised to hand to the secretary of the commission a list of names of shippers who would be benefited, and the commissioners stated they would see what they could do to have the fruit moved.

CONGRESSMAN CHARGED. Bourke Cochrane Voted Illegally in New York Precinct.

New York, Nov. 5.—Congressman W. Bourke Cochrane was arrested on the charge of illegal voting this afternoon at a polling place in Third avenue. The policeman who made the arrest said he could not verify the address given by Cochrane as 310 East 17th street, from which address Cochrane had registered. The congressman was taken to the police headquarters, thence to the court. Many cases of alleged "repeating," particularly in the lower section of the city, came to light during the day. In one election district twelve registered citizens found when they went to the polls, that some one already had voted on their names. They procured mandamus permitting them to use their ballots, but when they went to the polls they were forcibly ejected. The captain in charge of the polling place was removed by the direction of Norbert Parsons, chairman of the Republican county committee, and an additional detail of police was sent to the scene to prevent further trouble.

MAYOR ASHDOWN VETOES CONTRACT

Winnipeg's Mayor in Policy of Retrenchment Supported by Aldermen.

Winnipeg, Nov. 6.—Mayor Ashdown this morning exercised his prerogative in vetoing the contract agreed to by the city debenture on the advice of the board of control, under which the Anglo-Canadian Construction company purchases five million dollars worth of city debentures at 92, and the standing being that at least half of this sum is to be expended on a power scheme which is to be carried out by this company.

Ald. Palford, chairman of the parks committee, this morning made a charge of front by coming out definitely in favor of Mayor Ashdown's proposals in favor of retrenchment. Palford has been one of the most active critics of his worship and this change of front is a fair indication of public opinion.

In addition to Ald. Palford, Ald. Cockburn has also announced that he will support the mayor in the council. This turn-over means that the mayor has now a sufficient following to prevent the overruling of his veto by the necessary two-thirds majority of aldermen.

1911 WILL SEE THE G. T. P. COMPLETE

400 Miles will be in Operation by Next Fall—Reason for Removal of Engineer.

Ottawa, Nov. 6.—Up to the present time there have been fifty miles of rails laid on the Quebec division of the National Transcontinental road, and there are long stretches of the road graded on the other divisions under contract. By next fall it is expected that there will be four hundred miles of the track down. Next spring contracts will be made for the construction of most of the remainder of the thousand miles between Quebec and Winnipeg, and from time to time the construction of the line in New Brunswick will be advanced, and all hope that the whole of the line will be completed as planned in 1911.

Removal of Engineer Hodgins. Ottawa, Nov. 6.—The chairman of the National Transcontinental Railway commission, Hon. Mr. Parent, made a statement today in reference to the removal of Major Hodgins, engineer in charge of the division of the line to the west of Superior junction, and of the resignation of his assistant, Mr. Heaman.

Mr. Parent said that all the correspondence will be laid before parliament and it would clearly show that there can be no criticism of the action of the commission in removing Major Hodgins. It will be found, Mr. Parent says, that the commission acted in the best public interests in the handling of the matter, in which the expenditure of public money is involved.

It appears the only way to change the date is by a charter amendment, which would have to be secured from the legislature, and as the city has decided to ask for none, it looks as though the date will hold good unless some private member gets through a special law deferring the election till the following Monday.

Kaiser's Visit Cancelled. London, Nov. 6.—Arrangements for the visit of the Kaiser and the Kaiserin to the British Isles, which were suddenly annulled, causing surprise here and in Berlin. Everyone was prepared for the departure of the Kaiserine to the British Isles, but the Kaiser is not coming to England, and that the Kaiser, after the cancellation of his visit to the British Isles, is expected to visit the Kaiserin in the Isle of Wight for the reason of his health.

It is explained that the Kaiserine is suffering from chicken-pox, and that the Kaiser, who is expected to visit the Kaiserin in the Isle of Wight, is expected to visit the Kaiserin in the Isle of Wight for the reason of his health.

PELA OF JUSTIFICATION. Grand Jury in Detective Smith Case Wanted This Included in Charge.

Winnipeg, Nov. 5.—The Grand Jury at the Winnipeg assizes yesterday afternoon wanted to alter the form of the indictment against Police Detective Smith, apparently with the view to induce the prosecution to enter a nolle prosequi.

The Crown had asked the grand jury to return a bill of indictment against Smith, but the grand jury refused to do so, and the case was adjourned for Monday.

Fatality on Logging Train. Vancouver, Nov. 6.—Two men were killed near Chemounis at noon today when a logging train, operated by the Chemounis lumber company, ran away down the steep mountain grade.

Engineer J. White, of Vancouver, was in the act of jumping from the train. He was instantly killed. Walter Berly, a Canadian employe, was also killed. The train was carrying a load of lumber, and the engine was running at full speed.

Speedy Exit of Macleod Indian. Macleod, Nov. 3.—A Peigan Indian, named Macleod, was shot yesterday by a hunter named Harry. The Indian was found dead in a field, and the hunter was charged with the murder.

Vancouver Member Seriously Ill. Vancouver, November 6.—R. G. Macpherson, Liberal member for the city of Vancouver in the House of Commons, was taken suddenly ill today with nervous prostration. He was removed at once to St. Paul's Hospital, and his condition is so serious that no one is allowed to see him.

TELEGRAPHERS STRIKE ENDS

Chicago, Ill., Nov. 6.—The strike of the Commercial Telegraphers, which has continued for thirteen weeks, virtually came to an end today, when for the first time the leaders permitted the strikers to vote secretly on the question of calling off. Until today only a rising vote was allowed, but on the first secret ballot the vote to express real opinion, the vote to end the struggle was overwhelming. Tomorrow the national board will go through the formality of announcing the suspension of the strike.

JEWES CANNOT VOTE

In Montreal Unless Date for Municipal Election is Changed From Saturday, Their Sabbath.

Montreal, November 6.—Owing to a strong attachment to the faith of their fathers, it has been discovered that thousands of Hebrew voters will be disenfranchised at the municipal elections, as the prescribed day, next February, happens to fall on Saturday, well known as the Jewish Sabbath.

Prominent Hebrews of Montreal had little hesitation yesterday in saying that their people would respect their own law and abstain from voting unless the date was changed. In St. Louis and St. Lawrence wards, where thousands of European refugees have recently poured, they will be able to elect their own candidates, and prominent Hebrews were astonished when informed that the majority and aldermanic elections would be held on Saturday.

It appears the only way to change the date is by a charter amendment, which would have to be secured from the legislature, and as the city has decided to ask for none, it looks as though the date will hold good unless some private member gets through a special law deferring the election till the following Monday.

Summaries of Elections. The American or anti-Mormon party at Salt Lake City, is estimated to have the largest plurality ever given there. At Toledo Mayor Whitlock and the entire Independent ticket is elected. Cincinnati elects Col. Leopold Markbreit, Republican candidate, for mayor.

Returns from San Francisco show the Democratic and good government candidates for mayor leading with the Union Labor candidates showing unexpected strength. Katzenbach, Democrat, as governor of New Jersey by about 800 is assured.

In Kentucky August Wilson, representative elected governor by a majority close to 15,000 over S. W. Hager. The legislature is still in doubt but the Democrats will doubtless have a small majority on the joint ballot. James F. Grinstead was elected Mayor of Louisville over Owen Taylor by about 4,000.

Princess Should Have Agents. Toronto, Nov. 5.—The question of appointing an agent general to represent Ontario in England may be taken up shortly by the provincial authorities. Premier Whitney said this morning he had a visit from J. H. Turner, agent general from British Columbia, in England, who holds strongly that all the provinces in the Dominion should have such representatives.

UNCLE SAM HOLDS STATE ELECTIONS

Republicans Carry Majority of States—Tammany Sweep New York City by Large Plurality

New York, Nov. 6.—The reports received here indicate general Democratic gains in the elections today. In New York state a feature of the vote is the largely reduced Republican majority in the lower house of legislature. The Republicans have lost fifteen or twenty members, including some old-timers and the loss of some heretofore strongly Republican districts.

A further feature of the voting in New York state is the slump of the Independent League vote. Tammany carried the city of New York by about 40,000 by Whitman, who has made a semi-independent canvass. Also on the Union ticket he runs 1,000 ahead of his associates. Brooklyn gives about 12,000 Democratic majority, which is about normal. The city plurality for sheriff with a few election districts missing, is about 42,000, about the same as the total Hearst vote in the country.

Mr. Hearst apparently furnished about one-third of the vote for Max Thomsen, his political manager, who was a candidate for sheriff. Tammany carried five assemblymen against twenty-six last year and the Republicans got ten instead of nine. The new board of aldermen will be put in control of the Democrats by a narrow majority.

The total vote on the state ticket across the state gives an indication of the Hearst organization in the city when it goes it alone. The Hearst vote for Mayor Griesbach, which was about 106,000, there remains 62,000 votes for Thomsen to be credited to the Republican organization, which Mr. Parsons is chairman, and which gave Mr. Hearst, in consideration of the vote he was to poll, the right to nominate the mayor.

At Toledo Mayor Whitlock and the entire Independent ticket is elected. Cincinnati elects Col. Leopold Markbreit, Republican candidate, for mayor.

Returns from San Francisco show the Democratic and good government candidates for mayor leading with the Union Labor candidates showing unexpected strength. Katzenbach, Democrat, as governor of New Jersey by about 800 is assured.

AN ATTEMPTED HOLD-UP. Of Saskatoon Hotel Keeper—Wanted His Roll of Bills.

Saskatoon, Sask., Nov. 6.—Robert Barry, proprietor of the Butler hotel, Saskatoon, was last night the victim of a hold-up gang, which might have resulted seriously had not his assailants chosen a spot close to the hotel in exchanging some money for a consignment of stamps, exhibited a large roll of bills which tempted the men, and they connected a scheme to get him into the van and there pounced upon him, one hitting him over the head with a club, while the other made an attempt to rifle his pockets. Barry, however, who is a big man, fought them off with such success that they fled without obtaining any money. An alarm was given, and the police after a search, located the men, and they were arrested. At the police court this morning they gave their names as Jas. A. Hoyt and Gordon Lang. They were sent up to Prince Albert to await trial. The prisoners are young men from the east a short time ago.

THE C.P.R.'S HIGH LEVEL BRIDGE

Whyte Says it will be Proceeded With at Once—Plans Not Yet Filled.

Winnipeg, Nov. 5.—Second Vice-President Whyte of the C. P. R., who has just returned to Winnipeg from his western trip, announced that plans have been perfected for the construction of a million dollar bridge at Edmonton to be paid for proportionately by the Alberta government, the municipalities and the municipalities interested. It will be a joint railway, street car and vehicle bridge and will be 250 feet high which is the highest in western Canada, and equals most of the tallest bridges in the world. A subway will be constructed on Jasper avenue and all the necessary streets will be closed.

In this connection it is understood that the government's attention has been called to the matter in view of the agreement will be given out in a few days to the high level bridge.

While no definite announcement has been made it is understood that substantial assistance will be given by the provincial government.

An agreement has been drawn up, said Mayor Griesbach this morning, "but as it brings a great extent on plans and specifications which are expected to be filed in a few days it will be better not to disclose the agreement till we have the entire matter before us."

It is probable, however, that the draft agreement will be given out in a few days, and the city will be better off to limit the facilities for supplying or dealing in an article or commodity which may be a subject of trade or commerce, to wit, lumber, and did thereby commit an indictable offence contrary to the Criminal Code, section 488 (b).

And the Attorney-General doth further charge that the said William Harold Clark did during the year of our Lord one thousand nine hundred and six, conspire, combine, agree or arrange with John Macdonald of the said City of Edmonton, lumber dealer, and others, lumber dealers, in the Province of Alberta, whose names are to the said Attorney-General unknown, and with D. E. Sprague, of the City of Winnipeg, in the Province of Manitoba, and others, whose names are to the said Attorney-General unknown, to unlawfully limit the facilities for supplying or dealing in an article or commodity which may be a subject of trade or commerce, to wit, lumber, and did thereby commit an indictable offence contrary to the Criminal Code, section 488 (b).

Montreal's Big Park Burned. Montreal, Nov. 6.—Dominion park, covering 15 acres, Montreal's great outdoor amusement resort, was totally destroyed by fire this morning. The loss is about \$250,000; insurance \$200,000. Rebuilding will commence as soon as possible. The cause of the fire is unknown as the park was closed for the season and in charge of a watchman.

Want Head of Magistrate. Thamesville, Ont., Nov. 5.—Daniel Newcombe has commenced a canvass of the town with a petition for the dismissal of Justice of Peace Ingalls from office. The trouble arose out of recent fines imposed on thirty citizens who stole whisky from a broken jar.

Twenty-Two Jurymen Called. Before the Supreme court adjourned for lunch the jury found John Morton guilty on the second charge. The third charge will be dropped. At two o'clock the case against Frank Mikota, charged with attempting to shoot Chas. Semrad, was begun. Before the jury of six had been selected, twenty-two jurymen were called. The evidence is purely circumstantial. C. F. Newell appears for the prisoner and H. H. Robertson is assisting the crown.

The jury is made up as follows: W. Clark, John Armstrong, A. Davies, J. F. McKee, H. Irwin and W. J. Davidson.

INDICTMENT IN LUMBER CASE

Is Largest and Most Comprehensive Series of Charges Ever Preferred in the Northwest.

The indictment of W. H. Clark, of Edmonton, in the lumber combine prosecution, a motion to quash which, made by R. B. Bennett, counsel for the defendant, was disallowed by Chief Justice Sifton in the Supreme court yesterday, his lordship ordering the trial to proceed on Monday. November 15, unless twelve counts, of which four charged the defendant with conspiracy with the Western Retail Lumber Dealers' association, in restraint of trade, are dropped. The other eight counts were preferred before the Supreme court in the Northwest. It was prepared by Deputy Attorney General Woods and is a remarkable document. The deputy attorney general in his address to the court yesterday explained the reasons for charging the defendant with the three different associations. He stated that this ground was taken in order to make it possible for the department to proceed, either of the other two should the charges against one association fail. In the event of securing a conviction against the defendant, the other counts would be dropped. In including the Western Retail Lumber Dealers' association, Mr. Woods claimed this association and the Alberta Association were historically connected.

The indictment follows: The Attorney-General of the Province of Alberta beforesaid the Honourable Arthur L. Sifton, Chief Justice of the Supreme Court of Alberta, on this fifth day of November, in the year of our Lord one thousand nine hundred and seven, at the City of Edmonton, in the Province of Alberta, lumber dealer, charged the said Wm. Harold Clark of the said City of Edmonton, in the Province of Alberta, lumber dealer, and six conspire, combine, agree or arrange with John Macdonald of the said City of Edmonton, lumber dealer, and others, lumber dealers, in the Province of Alberta, whose names are to the said Attorney-General unknown, and with D. E. Sprague, of the City of Winnipeg, in the Province of Manitoba, and others, whose names are to the said Attorney-General unknown, to unlawfully limit the facilities for supplying or dealing in an article or commodity which may be a subject of trade or commerce, to wit, lumber, and did thereby commit an indictable offence contrary to the Criminal Code, section 488 (b).

And the Attorney-General doth further charge that the said William Harold Clark did during the year of our Lord one thousand nine hundred and six, conspire, combine, agree or arrange with John Macdonald of the said City of Edmonton, lumber dealer, and others, lumber dealers, in the Province of Alberta, whose names are to the said Attorney-General unknown, and with D.
