TO-NIGHT'S FOOTBALL

The Cadets and Star will try conclusions at St. George's Field to-night. Players are reminded that the game starts 7:15 sharp.

ST. JOSEPH'S GARDEN PARTY AND REGATTA.

St. Joseph's Annual Garden Party and Regatta took place at Quidi Vidi Lake yesterday afternoon, and although the weather, from a spectators' standpoint, was not all that could be desired, cities of all classes and creeds were present, thus fully demonstrating the keen interest taken in aquatic sports. In the morning it looked as though the event would have to be postponed on account of rain, but when the weather cleared by noon it was generally felt that the balance of the day would be fine. Shortly after 2 p.m. hundreds of citizens wandered their way to the lake, but before the first race took place a heavy shower came down and everyone scattered for cover. Whilst probably thousands of people who were already on their way to the course returned home again disappointed. It remained showery from then until 6 p.m. and, despite the wretched conditions, a large crowd remained on the green and followed the various races with interest. Rowing conditions, however, could hardly be improved on. Scarcely a ripple was noticeable on the lake, consequently good time was made in all races. The programme of events and winners are as follows:—

AMATEUR.

Three crews lined up at the stakes, were Torbay, in the Blue Peter II. (Tobin's), and Blue Peter II. The race down the pond was very evenly contested, and little or no difference was noticeable in the crews after turning the buoys. Passing Rutledge's the Star boat took a slight lead over the Cadet and Peter. The positions remained unchanged until passing the C.L.B. boathouse, when Howlett's crew put on a spurt and forced rapidly to the front, whilst the Peter also speeded up and made a splendid race with the Star for second place. The Cadet crossed over first, about two lengths ahead of the Star, while the Peter passed in about a yard behind the latter boat. Time 9.43%. The winning crew was:—

Cadet (St. Bon's)—P. Brown, cox.; J. Howlett, stroke; T. Ryan, C. Cahill, G. Higgins, L. Furlong, S. Ryan.

FISHERMEN.

The participating crews in this race were Torbay, in the Blue Peter II. Outer Cove in the Star of the Sea, and Blackhead, in the Cadet. There was much speculation in this race as to which crew would win. The race to the buoys was evenly contested with Outer Cove slightly in the lead. On the home stretch Outer Cove was rowing strong and gradually gained a lead of two boat lengths on the other crews, and crossed over with a comfortable lead. The race for second place was closely contested, Torbay nosing out Blackhead by only a few feet. Time 9.35%. The winning crew was:—

Star of the Sea (Outer Cove)—P. Brown, cox.; N. Power, stroke; P. O'Donnell, D. Houston, J. Coady, M. Smart, J. Roche.

MERCANTILE & CONTRACTING FIRMS.

Three crews entered, Cadet, (Hickman's Mercantile); Blue Peter II. (W. I. Bishop Co., Tradesmen); Star of the Sea (W. I. Bishop Co., Laborers). This race was one-sided all the way. Hickman's crew, in the Cadet, opened up a big lead after the turn which was increased to several boat lengths up the pond. The Cadet finished first about eight lengths in advance of the Star, second. The Peter finished well in the rear. Time 9.44%. The winning crew was:—

Cadet (Hickman's Mercantile)—L. Rogers, cox.; R. Pittman, stroke; G. Austey, C. Moore, D. Groves, G. Joyce, C. Austey.

INTERMEDIATE.

Three intermediate crews went to the stakes, viz., Blue Peter II. Cadet and Star of the Sea. A fourth crew also entered to row the Nellie R. but they decided to drop out at the last minute. The race to the buoys was very close, but on the turn the Peter crept away steadily with the Cadet second and Star of the Sea last. The Peter gradually increased her lead up the pond, and saw the Cadet and Star fighting hard for second place. Passing the Committee Tent the Peter put on a spurt and crossed over fully four boat lengths in advance of the other two crews. The Cadet nosed out the Star for second place by the narrowest kind of a margin. Time 10.34%. The winning crew was:—

Blue Peter II.—L. Rogers, cox.; H. Rogers, stroke; T. Whitten, R. Whitten, F. Whitten, C. James, D. Porter.

OLD COMRADES.

With the C.C.C., M.G.C.A. and C.L.B. participating in this race, it caused a big stir on the bank. The C.C.C. rowed the Cadet, M.G.C.A. the Star, and

C.L.B. Blue Peter II. The Peter and Star went to the buoys together, but upon pulling away from them, the Cadet made a pretty turn and soon took the lead. The race up the pond was pretty close, with the Peter putting up a bold bid to cut down the Cadet lead. The latter crew, however, rowed strongly to the winning post, and won out by about a length; Peter second, Star third. Time 9.51%. The winning crew was:—

Cadet (C. C. C.)—P. Brown, cox.; J. Howlett, stroke; J. Clooney, J. Tobin, T. Ryan, L. Furlong, W. Caul.

JUNIOR FOOTBALL.

This race was looked up to be the best contested for the day. The T. A. crew won this race at the Annual Regatta, and yesterday they once again proved their superiority, repeating their win over the other crews. The C.Y.M.C. crew was looked upon as likely winners but the best they could do was just nose out Holy Cross for second place. The winning time, 10.05%, is two seconds slower than the record football time.

Cadet (T.A.)—J. Malone, cox.; J. Daley, stroke; J. McCormack, J. Cowley, J. Connors, J. Williams, J. Thomson.

CHAMPIONSHIP RACE.

The last event on the programme was the Championship Race, but to the disgust of all it failed to materialize. Breen's truck crew rowed to the stakes and remained in waiting for upwards of half an hour for the appearance of the Outer Cove fishermen, but the fishermen refused to meet them. The truck crew then rowed the course as an exhibition and completed it in the time of 9.36%, or three-fifths of a second behind the Outer Cove Fishermen's time. The crew was:—

Cadet—J. Malone, cox.; T. Breen, stroke; W. Jones, T. Picco, J. Kavanagh, J. Kenny, M. Dyer.

During the afternoon the C. C. C. Band was present and rendered an attractive musical programme. The tea tables and side shows were largely patronized, as well as the wheels of fortune, and a good sum was realized. The formal presentation of prizes will take place at St. Joseph's Hall at a very early date. The annual event was very successful despite the prevailing weather conditions, and all those who assisted in the work of the Parish are deserving of every congratulation. The proceedings were brought to a close by the playing of the National Anthem.

FREIBURG FAILS TO SWIM THE CHANNEL.

LONDON, Aug. 5.—The English Channel refused passage on its turbulent bosom, to Lieut. Colonel Bernard Freiburg, a gallant soldier in the late war and a noted swimmer, he reached a point at one time during his swim, 66 yards from the English shore—the goal he had set for from Cape Gris Nez, France, Tuesday night. He was caught in an adverse tide, pushed back into the channel a distance of about a half mile from the shore, and owing to the cold water and the fact that for four hours he would be unable to make any progress, he gave up.

Freiburg took to the water at Cape Gris at 8.25 o'clock Tuesday evening and was in the water about 17 hours. He started his swim while Mile Sion, the French swimmer, was near Dover, unsuccessfully trying to negotiate the winning mile and a quarter lying between him and Dover against a treacherous tide and in extremely cold water. Freiburg not only was he trying to cross the channel but to break the record of 16 hours, 33 minutes, set by Tirabocchi, the Argentine.

HOPPE AND HAGENLACHER TO PLAY 2400 PT. MATCH.

William F. Hoppe, world's leading billiardist, has accepted a challenge for what will probably be the most important 18.2 balkline battle in which he will engage this year.

Hoppe's opponent will be Erich Hagenlacher, the German champion to whom the former champion bowed in the world title tournament in Chicago last spring after Hagenlacher had put together a run of 288. They will start a 2,400 point match, and play four days, afterwards, and evenings, in blocks of 300 points each.

JACK DEMPSEY MUST MEET WILLS FIRST.

N. Y. Boxing Commission Takes Drastic Action.
NEW YORK, Aug. 4.—Through failing to take any further disciplinary action against Jack Dempsey for his alleged dilatory tactics in agreeing to fight Harry Wills, the New York state athletic commission decided it would suspend any boxer who meets the champion anywhere before he signs a contract and posts a forfeit to battle the giant negro challenger.

MINARD'S LINIMENT FOR SORE FEET.

JOHN MILES WINS 6-MILE RACE AT DARTMOUTH.

John C. Miles, youthful Sydney Mines runner, won the six mile race in the Dartmouth-Natal Day sports. Donald Young of the Halifax Wanderers, gave Miles a hard run until the last mile of the race, when the Sydney Mines runner pulled away from him. Miles' time was 31 minutes and 20 seconds.

HALIFAX, Aug. 6.—John C. Miles, Sydney Mines, won the annual Dartmouth Road Race held in connection with the Natal Day celebration. The course is in the vicinity of six miles, close to the course record of 30.53 made by Victor MacAulay, Wain and Miles' time was 31 minutes, twenty six in 1916. Donald Young, Wanderers, Halifax, was second.

FRENCH GIRL FAILS TO SWIM THE CHANNEL.

DOVER, England, Aug. 4.—Mile Sion, the French girl swimmer, failed to-night in her effort to swim the English Channel. She was within a mile and a quarter of Dover when she gave up.

Mile Sion was overcome by the low temperature of the water. She was taken aboard the escorting tug which turned about and started back for France. Although she failed in her efforts, she set a record for women swimmers in the channel, as the nearest any of the several members of her sex who have attempted the feat has come to the English shore was five miles; this was Miss Lillian Harrison, the Argentine, who on July 16 essayed the swim from Cape Gris Nez to Dover.

Like Mile Sion she was forced to abandon the task owing to the low temperature of the water.

Weather and water conditions were favorable when Mile Sion took her plunge at 8.10 o'clock this morning. The sea was unusually calm. She swam strongly and steadily throughout the day and far into the night.

By mid-afternoon she had reached a point approximately half way across the waterway, and early in the evening had threshed her way to within a point five miles from the pier at Dover. The sea still remained calm, but adverse tides were holding back the swimmer.

The tug accompanying Mile Sion could be plainly seen, out in the sea, not moving slowly along with her. Early to-night she had fought her way in against the rising tide to about four miles from her objective.

Rain began falling about this time, adding to the trials of the swimmer. She fought on, however, and beat her way in toward the pier and was still swimming strong, with a do or die determination to make the channel.

The final effort brought her within a mile and a quarter of Dover, but the rushing tide and the coldness of the water forced her to give up. She had pulled aboard the accompanying tug which did not come in to the pier here, but put about and started back for France.

Mile Sion left the water at 9 p.m., having been swimming for 13 hours and 30 minutes. This is a record for submergence by woman.

DEMPSEY CROSSES NEW YORK STATE OFF FIGHTING MAP.

The Champion Says He Will Fight Anywhere But In The Empire State.

NEW YORK, Aug. 5.—Jack Dempsey has crossed New York State off his pugilistic map. The heavyweight champion, flouted by the New York State Athletic Commission's latest edict that "he put up or shut up," wants to fight Harry Wills, but he does not want any of the lucrative revenue from such a match to go to the coffers of the Empire State. The entire situation, revolving around a title match between Dempsey and Wills, is in a badly tangled state. The New York Commission has ruled it will promptly suspend any fighter who attempts to elude his services before he steps up and signs for a match with his negro challenger.

Dempsey has countered by saying he will fight anywhere except in New York State. Jack Kearns, who is still under contract as Dempsey's manager, although the champion has announced his intention of transacting his own business, fired an exploded broadside at Dempsey yesterday. Kearns intimated that he would journey on to New York after a bit of business in Chicago and sign Dempsey for a match with Wills.

One fact is sure-fire in the flood of threats which have been bouncing across the continent since Dempsey stepped up to the New York Commission and verbally accepted Wills' challenge, and that is that Dempsey will not meet his negro opponent until the shades of 1926 have been limited and he has had a few warm-up matches.

WILLS AND TUNNEY MAY FIGHT NEXT MONTH IN NEW YORK.

NEW YORK, Aug. 7.—An offer for a fifteen-round match between Harry Wills and Gene Tunney, leading heavyweight title contenders at the Polo Grounds, September 23 or 25, was taken under advisement to-day by Teddy Mullins, manager of Wills. Mullins expressed himself as well satisfied with the offer, the terms of which were not disclosed but said he desired to communicate with Wills.

now in Germany on a European tour, before making any decision. Mullins promised to give promoters of the Polo Grounds Athletic Club a definite answer by Monday.

Tunney, through his manager, Billy Gibson, already is understood to have come to terms with the Polo Grounds management for such a match. The only hitch which may develop, Mullins indicated, was a promise he had given to promoters of the National Sportsman's Club, Newark, N.J., to fight under its auspices in return for a release last June for a match with Charley Welner there. The Wills-Welner fight was put on there as part of Italian Hospital fund show here.

Household Notes.

A wooden chest thoroughly oiled once a year with cedar oil will serve as a cedar chest.
Shredded cabbage and mayonnaise makes a delicious filling for nutbread sandwiches.

Save summer laundry work by the use of oil-cloth doilies and paper napkins occasionally.
Soak a piece of blotter the size of a stamp and lay over it to remove it from an envelope.

Remember that velvet can be cut more accurately if the pattern is pinned on the wrong side.

Seasoned, cooked spinach is nice added to an omelet which is to be served with tomato sauce.

Serve creamed chicken in split finger rolls from which some of the centers have been removed.
If a floor must be cut for wiring, have it done in a closet, where it will be less detrimental.
