

## Record Trip of Oil Electric to the Coast

LONGEST NON-STOP FROM MON-  
TREAL TO VANCOUVER IN 3  
DAYS AT AVERAGE SPEED  
OF 45 1-2 MILES.

(Morning Chronicle)  
VANCOUVER, B.C., Nov. 4.—All re-  
cords for transcontinental travel were  
broken when the new Canadian Na-  
tional Railways oil electric car No.  
15820 arrived in Vancouver after mak-  
ing the trip from Montreal in three  
days. The trip was not only a re-  
cord breaker as far as actual schedule  
was concerned, but it wrote a new  
chapter in the railway history of the  
world as marking the longest non-  
stop run ever made by an engine, for  
during the 2,937 miles covered the  
car engine not once did stop running;  
there is also the actual running time,  
which again provides an unequalled  
passage in Dominion transportation  
annals, for eliminating detentions due  
to meeting trains and other delays in-  
sistent to modern transportation  
methods, which came to 300 minutes,  
the actual running time was slightly  
under 67 hours.

From the time to the last the trip  
demonstrated the superiority of the  
new oil electric car. Arranged primar-  
ily as an endurance test for the en-  
gine, not only did it prove this point  
but also it showed the speed possibili-  
ties of the car over long distances  
which previously had not been proved.  
At one point on the western region 22  
miles were made in less than the same  
number of minutes and one of the  
steepest grades in the Rocky Mount-  
ains was climbed at an average speed  
of 40 miles per hour. The average  
speed for the entire trip was slightly  
under 45 1-2 miles per hour.

**Marks A New Epoch.**  
Officials of the Canadian National  
Railways who accompanied the car  
on its transcontinental trip, expressed  
themselves as being thoroughly satis-  
fied with its performance and in their  
opinion it is within the realms of pos-  
sibility opening of an era which may  
be the forerunner of a new epoch in  
 motive power as applied to steam  
roads.

The oil electric car is in its infancy.  
They point out, just as the steam  
locomotive was in its infancy a cen-  
tury ago, with its wider application  
and further development they believe  
it may develop along similar broad  
channels and this may bring about  
the passing of the steam locomotive  
and prove as important an adjunct to  
the future of industry of the old world  
burning engines to coal.

Use

## PURE GOLD for Desserts

Jellies in sixteen flavors—Chocolate,  
Tapioca, Custard and Arrowroot Pud-  
dings.  
All to make healthy children.

A home-made cake iced with  
Pure Gold Icing—A home-  
made pudding with tasty  
sauce flavored with Pure  
Gold Extracts  
For the Grown-Ups.

FOR SALE AT ALL GROCERS

The new oil electric car, which  
made its initial trip across Canada,  
as a body with an over-all length of  
60 feet and is set on two four-wheel  
trucks. It is built to carry passeng-  
ers, express and baggage. It will seat  
57 passengers, of which accommoda-  
tion for 18 is in the baggage com-  
partment situated at one end of the  
car. The engine is oil burning and  
operates an electric generator which  
provides the actual power to move the  
car, and the principle, although a  
simple one, is entirely a new depart-  
ure so far as rail transportation is  
concerned. A car similar to this one  
has been in operation about a month  
between Hamilton and Guelph, in On-  
tario and has given excellent service.  
The new car will go into regular ser-  
vice in British Columbia.

## Violent Storm in English Channel

PARIS, Nov. 4.—A violent gale has  
been raging in the English Channel  
and along the Atlantic Coast of France  
during the past forty-eight hours.  
Fishing boats all have been obliged to  
run for port. The smack Rollon was  
caught in the storm off Dieppe and  
lost three of her crew when a huge  
wave combed her decks. Both air and  
sea traffic between France and Eng-  
land has been suspended. Harbors  
are filled with shipping seeking shel-  
ter from the tempest. An unusually  
high tide has been experienced in the  
low lying quarters of Cherbourg.

Velvet is used extensively as a  
trim.

C. L. B. Cadets

The Lieut. Colonel is on leave this  
week visiting Grand Falls and Corner  
Brook. He will be inspecting Grand  
Falls Company, no doubt, whilst there,  
and arrange for establishing a new  
company at Corner Brook. He will be  
back on duty in ten days.

Trinity East-Port Rexton Company  
—our double-headed company, reports  
"all well" for October. Fifty-eight on  
the strength with an average attend-  
ance of forty-one. Five privates are on  
leave. The Bishop of Newfoundland,  
Regimental Chaplain, in his sermon  
at the Anniversary Service this week,  
spoke highly of the progress and ef-  
ficiency of this Company.

Grand Falls Company reports 46 on  
the strength for October with an av-  
erage attendance of twenty-eight. All  
routine drills are proceeding regular-  
ly.

Capt. Len Stick, radio officer, an-  
nounces that the C.L.B. Band will be  
on the air as soon as it can con-  
veniently be arranged. The Band has  
been extremely busy lately.

The Brigade is glad to see Rev.  
Canon Bayly, M.A., Rector of Bon-  
vista, in town. He speaks well of the  
C.L.B. Company there and expects to  
see forty lads on the strength, very  
soon. Twenty-six lads were on parade  
last Saturday.

We have the annual report of the  
governing body in London by last  
mail. We note that they advocate the  
formation of ladies' auxiliary and  
honorary membership rolls in each  
company to assist in financing ex-  
penses. Newfoundland has already a  
most successful C.L.B. Ladies' Aux-  
iliary and Honorary Membership roll  
which has helped very materially in  
helping finances.

At the annual dinner of the Brigade  
in London, the Prince of Wales pro-  
posed the toast of the C.L.B. in the  
following words:—"We all of us  
know that the most critical time in a  
boy's life is after he leaves the el-  
ementary school and has to seek em-  
ployment. He is then on the thresh-  
old of manhood and in many cases he  
has to do the work of a man; but he  
is not old enough and has not the ex-  
perience to know the many pitfalls.  
This is a great problem, and it is faced  
and has been for a long time faced by  
the Church Lads' Brigade with full  
courage and success. Over a million  
lads have passed through its ranks  
since the foundation of the movement  
by Colonel Gee in 1891. Towards the  
solution of this very difficult but per-  
petual problem a high standard of  
good citizenship and good Church-  
manship is set by the C.L.B. and  
maintained by its Officers."

The governing body in London have  
made special arrangements to broad-  
cast a Bulletin of News on the second  
Monday in each month.  
The annual Brigade Birthday Tea  
and Concert will be given to the lads  
on next Tuesday in the Synod Hall.  
The ladies are catering and Captain  
S. S. Horsley has kindly undertaken  
the musical programme. Everybody  
regrets that the C.L.B. Athletic Asso-  
ciation decided to postpone their Box-  
ing and Wrestling Tournament as the  
competitors were not ready and  
therefore did not enter.

## To Succeed, Put Your Job First

One little incident in the career of  
Frederick J. Haynes, president of  
Dodge Brothers, the automobile com-  
pany which was recently purchased  
by Dillon, Read & Company for \$146,-  
000,000, reveals, better than anything  
else, his recipe for success.

One day, about twenty-five years  
ago, the Haynes household was going  
to give a dinner party—a big event,  
for parties were then few and far be-  
tween in the modest Haynes home.  
Fred was cautioned by his wife to be  
sure and get home as early as pos-  
sible. Something went wrong with a  
boiler that day and, although it was  
not part of his duty, he cheerfully  
agreed when the boss asked if he  
would help to repair the damage. He  
got home at midnight. The guests, of  
course, had all gone.

"Wasn't your wife angry?"  
"No. Disappointed, but not angry.  
We got married early, and from the  
start we realized that, if we were to  
get anywhere, my job must always  
come first. That, by the way, is one  
reason so many men wonder why they  
don't make more progress. They put  
their jobs last instead of first. Amuse-  
ments, social functions, diversions of  
all kinds are regarded by them as so  
important that duty often has to take  
second place.

"I don't say that a man's whole life  
should consist of business and nothing  
but business, but I do say and I do  
know that the man who puts his job  
first is the man who gives the orders  
in the end."—B.C. Forbes, in Forbes  
Magazine (N.Y.).

A touch of fur adds a note of rich-  
ness to the crepe frock.

The circular flare sides are used a  
good deal on the new coats.

# Murphy's Good Things

THERE'S NO COMPROMISE HERE!

Perhaps one reason why patrons value the service offered by this Store is that here  
they need not compromise their desires.

"That's just what I want," is the expression heard here. Whether it be Sale time or  
regular season, you get what you want here—ALWAYS.

**Men's Suits.**  
Beat these smartly tailored Suits  
if you can at the price we are quot-  
ing here. Quality for quality, it  
can't be done. Everything in them  
is first class. Regular sizes.  
**\$12.50 to \$32.98 Suit**

**Men's Wool Underwear.**  
New Knit garment . . . . . \$2.25  
Stanley's Red Label gar-  
ment . . . . . \$3.25  
Fleece Lined garment . . . . . 95c.

**Flannellette, White and Cream stripe, yard . . . . . 29c.**  
**Melton Cloth, neckers: Grey, Brown, Red and Fawn, yard 98c.**

## When Bakeday Comes Depend on Carnation

Uncertainties ruin many a milk dish  
through absolutely no fault of your own.

You want whole milk—you have only  
the skimmed milk left after you took the  
cream from the top; you should have two  
cups—you just have a cup and a half. Milk  
you thought fresh is just on the turn.

Why take those risks? **Insure with Car-  
nation Milk.**

Carnation is just pure, fresh milk, evap-  
orated to double richness, kept safe by steri-  
lization. Nothing is added. Some of the  
natural water is taken away—all the food  
value left in.

Get it from your grocer. Tall (16 oz.)  
cans or by the case of 48 cans.

**Mary Blake's  
Carnation Recipe  
Book**

is a splendid help to  
better baking and a  
great help to all  
housewives. Beauti-  
fully illustrated, its  
pages are packed  
with useful sugges-  
tions and informa-  
tion. Send the cou-  
pon today. It's free.  
Meanwhile, try these  
recipes:

**ONE EGG  
CARNATION CAKE**  
3 tablespoons butter, ¼  
cup sugar, 1 egg, 1 tea-  
spoon vanilla, ¼ cup water,  
1 cup Carnation Milk,  
1 cup flour, 2 teaspoons  
baking powder. Cream  
butter and sugar, add yolk  
of egg, vanilla. Add water  
and Carnation Milk alter-  
nately with the sifted flour  
and baking powder. Beat  
well. Bake in moderate oven about  
twenty minutes. This  
serves eight people.

**CARNATION  
GINGERBREAD**  
½ cup shortening, ¼ cup  
sugar, ½ cup molasses, 1  
egg, ¼ cup water, 1 cup  
Carnation Milk, 2 cups  
flour, 1½ teaspoons soda,  
2 teaspoons baking powder,  
1 teaspoon cinnamon, ½  
teaspoon cloves, ½ tea-  
spoon ginger, 1 cup sugar,  
1 cup shortening, 1 cup  
molasses and well beaten  
egg. Add Carnation Milk  
and water and flour, soda  
and baking powder sifted  
together. Add spices and  
beat well. Bake in greased  
pan in moderate oven about  
twenty minutes. This  
serves eight people.
