

The Lieut.-Governor.
We understand that the Town Council, in conjunction with the Agricultural Society, have almost completed their arrangements for the reception and entertainment of Lieut.-Governor Howland when he visits Guelph and the Central Exhibition on Thursday. He will come by the mid-day train from Toronto, and on his arrival the Corporation will present him with an address. It is very probable that the County Council will also embrace the opportunity of presenting him with an address. He will be entertained at lunch in the Council Chamber, and after that will proceed to the Exhibition Grounds, where the Agricultural Society will present him with an address, after which he will inspect the stock and articles exhibited.

The different committees to whom are entrusted the duty of making the arrangements, are actively at work, and will have everything in readiness by Thursday. Mr. W. J. Little has been engaged to provide the lunch, and in his undertaking it, we have a guarantee that it will be got up in first class style.

The Rev. Mr. King, as agent of the Elgin Association, will make his explanation in a few days, without being marred by Ministerial journals. It will also be shown that Hon. Mr. McKellar has had no official connection with that Association, and the charges made, with a view to his political injury, will be proved foundationless.

Light Breaking in.—Le Journal de Quebec, in commenting on affairs in Manitoba, says that it is especially at present, and for days to come, that, by his exile, his long privation, his watchings and flights to avoid the ball or knife of assassin, Mr. Riel will understand how wanting in foresight was the policy that decreed the death of Scott. It was murder in fact, and the fellow like Cain, is become a fugitive and a vagabond.

The Thorold Mercury says.—It is rumored that some of the leading Conservatives in this county, being afraid to run a local man against a Reform candidate, tried to prevail on Mr. Howland, of Toronto, to accept the nomination of the Convention. We scarcely credit the statement, that the Conservative party in Weland has been weakened to the extent of looking to Toronto for a representative.

The last rail on the Intercolonial Railway, which will unite the Railway System of New Brunswick and Nova Scotia, was laid on the 20th of September. A car will pass over the line on the 3th of October, and the connecting link between Amherst and Truro will be formally opened for traffic about the 21st of October.

The Adjutant-General.—The Ottawa Times is glad to hear of the safe arrival of the Adjutant-General at the Rocky Mountain House on the 6th inst., and to find that he and his son had travelled so far upon their journey across the continent without any misadventure. Colonel Ross took a more southerly course than that pursued by Mr. Fleming, in order to get some buffalo shooting, and intended to cross the Mountains by the Vermillion Pass.

Mr. Fraser has again received the unanimous vote of the Reform Convention of South Grenville called for purpose of selecting a Candidate for the Local House. A Conservative Convention for the same purpose was called on the 24th inst., when James Cairns unanimously received the nomination.

The rumor that Lord Hatherly has resigned the Chancellorship of Great Britain is confirmed. Sir Roundell Palmer will probably be his successor. It will be remembered that this eminent lawyer and statesman was spoken of in connection with the office when the Gladstone Government was formed; but being opposed to the disestablishment of the Irish Church, a measure that the Government was organized to carry, he could not consistently aid in the formation of the Cabinet. His late services as counsel on behalf of the British Government before the Court of Arbitration at Geneva have brought him into greater prominence than ever. He is one of the most thorough-paced but at the same time most reasonable champions of Church Establishment in the British House of Commons.

Physicking Horses.—Many persons physic their horses frequently—especially every spring. This is a great error, and one which has caused the loss of many valuable horses, as physic is usually given, often produces inflammation of the bowels which generally proves fatal; it also weakens the horse and thus renders him more liable to disease, or less able to throw it off—what is required is a medicine which will operate gently upon the bowels, and act upon the liver and lungs, removing all obstructions therefrom, purifying the blood, and enabling all the organs to do their work without overtaxing any, which is accomplished by the use of "Darley's Condition Powders and Arabian Heave Remedy," it is always safe and certain. Remember the name, and see that the signature of Hurd & Co. is on each package. Northey & Lyman, Newcastle, Ont., proprietors for Canada. Sold by a medicine dealers.

The Guelph Central Exhibition.

THE FIRST DAY.
BUSY SCENES ON THE GROUNDS.

Splendid Turn-out of Stock.

Fine Show in the Palace.

TUESDAY MORNING.
There is every promise of propitious weather, and to-day there is on every hand signs of the utmost bustle and activity. The cattle, sheep and pig pens are all well filled. The horse boxes are all let, and accommodation has had to be provided elsewhere for future applicants. There is likely to be a splendid display of implements, fully occupying the large space between the palace and the sheep and pig pens.

Inside the palace things are assuming something like order and arrangement, but it is a pity that exhibitors will persist in delaying to the very last minute, what they intend to exhibit, as a very great deal of extra labor is thereby entailed on the various officials. Still, the transformation since yesterday afternoon is wonderful, and by noon to-day the visitor will have realized somewhat of the beauty, taste and magnitude of this portion of the exhibition.

The show of Field Roots, &c., surpasses the anticipations of the most sanguine, considering the difficulties of the season, and the number of dairy produce exhibited is already very creditable.

The number of visitors this morning is large, and when the noon trains arrive we may doubtless look for a very considerable influx of strangers. As we write exhibitors keep pouring in.

THE BUILDINGS.

As a brief description of the locality of the different departments of the Exhibition may prove useful to strangers and others visiting the show, we propose to say a few words regarding each.

On entering the main building we find the centre of the octagon devoted to the display of musical instruments, and turning to the right it will be observed that in the East Wing are to be shown the various classes of butter, cheese, &c., whilst ranged round the outer sides of this wing are machinery, tools and castings, &c. The north wing is devoted to Fine Arts, sewing machines, &c.; the west wing to fruit and flowers; the south wing to carriages, sewing machines, paper, printing, &c. The galleries will this year be appropriated exclusively to the ladies, who will thus have every opportunity of displaying to advantage the various specimens of their handiwork. Coming out to the grounds by the main entrance we come to the poultry house, which has been enlarged to double its former size. Leaving it, we come upon the cattle sheds which have been greatly extended both temporarily and permanently to meet the increased demands of exhibitors; this range of buildings is carried out to the verge of the Society's grounds, and presents a long vista of sheds, most of which have had a great improvement effected on them this year, in the shape of a three foot verandah, which is a great protection from rain and wind. After leaving the cattle sheds we come in a westerly direction to the sheep and pig pens, which are situated in the middle of the grounds, and to the north of the main building, a very fine new shed has been erected this year to the north of the former pens for the accommodation of sheep, and on a plan which it is to be regretted was not followed in the erection of the original ones. So much for the benefits of experience. To the east of the sheep pens is the building for grain, &c., whilst on the west side of the pig pens is the building for roots, &c. Between these buildings and the Palace, implements, mowers, reapers, &c. will be displayed, and pursuing our way, still westerly, we come on a long range of boxes where are comfortably housed the splendid specimens of horse flesh with which the sightseers are to be gratified whilst promending round the spacious horse ring which lies in convenient contiguity.

In giving a detailed description of the Exhibition, we commence with the

CATTLE.

DURHAMS.—The first few stalls are occupied by the cattle of Mr. W. B. Telfer, of Pilkington, who exhibits an imported Durham bull (red) of the famous Sittlyton stock, Aberdeenshire; a dark red yearling bull, bred by Exhibitor; a dark roan bull calf, bred by do.; 2 cows, one a dark red (imported), and the other a light roan. Mr. James McQueen, Pilkington, exhibits a dark roan bull calf, which took the first prize at the Centre Riding Show. Messrs. Watt & Sons, Nichol, exhibit a red and white yearling Durham bull; a three year old grade cow, which was first in her class at Hamilton (indeed never has been beaten wherever shown); an aged grade light roan cow; a two year old grade heifer, and a yearling do, both dark red; also a thorough-bred red and white heifer calf, and a dark red grade do. Mr. Peter Crawley, Puslinch, exhibits an aged light roan thorough-bred bull, cow, and pure white bull calf. Messrs. John Snell & Sons, Edmonton, exhibit the 2 year old dard roan bull British Champion, the second prize bull at Hamilton; the yearling dark red bull Chancellor, first prize at Hamilton; both these bulls stood at the top of the Breeders and Importers Herd prizes at Hamilton; three bull calves; Royal Buttery, first prize, and Gold-dust, third in their class at Hamilton; 2 heifer calves, roan, and red, respectively; a light roan yearling heifer, second prize at Hamilton; a yearling do, dark red, first prize do at do (\$1,000 in gold was refused by the proprietors for this heifer to go to Illinois); the famous prize taker, Clara Barton, wherever exhibited, the first prize 3 year old cow at Hamilton; and two 2 year old heifers, dark red, and red and white; a splendid herd, as may be judged from the fact that they secured for their owners both the herd prizes at Hamilton. Mr. Geo. Miller, of Markham, exhibits a dark red, with white spots, bull; a dark red two

year old bull, first prize in a year old class at Hamilton; a dark red 4 year old cow, second prize at Hamilton; a 3 year old cow, second do at do; 1 do; one 2 year old dark red cow, and 2 yearling heifers, one dark and the other red and white. Mr. John Miller, Pickering, exhibits a 2 year old dark roan heifer, first prize at Hamilton, and a 2 year old red and white. Messrs. J. & B. Hunter, Pilkington, turn out as usual a very fine herd, amongst which we may particularly prize a 2 year old light roan bull, imported in 1871 from Aberdeenshire, and descended from pure South blood; a 4 year old light roan, the Queen of Sunnyside, third prize at Hamilton; a 2 yr old imported heifer of Sittlyton's, Aberdeenshire, famous Buttery tribe; two 2 yr old red heifers, bred by exhibitors; the imported yearling, Manitou Booth heifer, bought at E. T. Fallist, where twenty-one of the same family averaged 2347 lbs sig. Messrs. Hunter likewise exhibit head of grades, one 4 yr old cow, two 2 yr olds, 2 yearling heifers, and 1 heifer calf. Mr. Arthur Hogge, Thornham Cottage, Guelph Township, exhibits a 2 yr old red and white heifer, and a roan heifer calf; also a dark red heifer calf. Mr. T. McCollough, Eramosa, shows a cow and two heifer calves, one red, and the other red and white. Mr. Henlock Young, Guelph Township, exhibits a herd of 12 grades, consisting of 5 aged cows, two 3 yr old cows, one 2 yr old heifer, and 2 heifer calves. Mr. Richard Pallister, Guelph Township, exhibits 1 grade cow and heifer calf. Mr. Wm. Armstrong, Eramosa, exhibits 3 grade cows, and a heifer calf. Mr. J. S. Armstrong, Eramosa, exhibits two 3 year old grade cows, and a yearling heifer; also 2 imported cows, one a 4 yr old dark red, from Uppermill stock, Aberdeenshire, and the other a red, from Sittlyton, in the same County, and a dark red yearling heifer. Mr. David King, Puslinch Plains, exhibits a 3 yr old Durham bull. Mr. James Anderson, Puslinch, exhibits the bull Darling Duke. Mr. George Hood exhibits an aged Hereford bull, do bull calf, do cow, and do yearling heifer, do fat steer. Mr. J. S. Armstrong, Eramosa, exhibits in fat cattle 5 head, two 4 yr olds and three 3 yr olds, which as usual do infinite credit to their feeder, Joseph Hodson, and are in themselves magnificent specimens of fat cattle. Mr. Wm. Hood, Guelph Township, exhibits 20 head of Galloways, including two 3 year old bulls, one 2 yr old do, 1 yearling do, and 3 bull calves; 5 cows, four 2 yr old heifers, 2 yearling do, and 2 heifer calves; also a yoke of working oxen. Mr. Thomas McCrae, Guelph Township, exhibits 12 head of Galloways, consisting of a selection of bulls, cows and heifers, but in the absence of the herdman, we were unable to particularize them as to ages. Mr. R. C. McCollum, Campbell's Cross, Co. of Peel, exhibits 1 yearling Devoua bull, which took first prize at Hamilton. Mr. George Rudd, Puslinch, exhibits 12 head of Devons, consisting of one aged bull, 3 aged cows, 1 three yr old cow, 2 two yr old heifers, 4 yearlings, and 2 heifer calves. Messrs. J. and W. Kay, Guelph Township, exhibit a fine four yr old fat heifer. Mr. James Cowan, Guelph Township, exhibits a thorough-bred bull calf, and a splendid fat cow. Mr. George Elliott, Guelph Township, exhibits a fat heifer. Mr. John Hassan, Guelph Township, exhibits a grade cow and do heifer calf. Mr. Joseph Parkinson, Eramosa, exhibits a red 2 yr old Durham bull, a very limited display in this section for the year, but we regret to find, in Mr. Parkinson, we regret to find, is not an exhibitor of cattle at all.

SHEEP.
Mr. F. W. Stone exhibits about 30 head of Cotswolds, and 25 head of South Downs. Of the former herd Mr. Stone shows 1 aged ram, 2 shearing rams, 3 pair of ewe lambs, and 2 pair of fat ewes; in Southdowns, 3 aged rams, 3 shearing rams, 2 ram lambs, 3 pair of aged ewes, 3 pair shearing ewes, and 2 pair of ewe lambs; Mr. Wm. Miller, Pickering, shows 4 ewe lambs (cotswold) 6 yearling ewes, do, 2 yearling rams, 1, 2 year old ram, and a ram lamb, and a pair of aged ewes. Mr. John Miller, Brougham exhibits 5, 2 shear Cotswold rams, one of which is an imported ram in 1871, the other 4 are bred from imported stock on both sides; 2 imported shearing rams, one of which was first prize taker in his class at Hamilton, and 2 other rams bred by exhibitor, 1 ram lamb, 2 imported aged ewes, 7 shearing imported ewes, which were 1st 2nd and 3rd prize winners at the Royal Agricultural Show of England at Cardiff this year, also at the Gloucester Show 1872; also 1st, 2nd and 3rd prize winners at Hamilton; 4 ewe lambs, 1st prize at Gloucester, England; also 1st and 2nd at Hamilton; Messrs. John Snell & Sons, Edmonton, exhibit 1 aged Cotswold ram, that took the first prize at Hamilton, and stood at the head of the Prince of Wales prize at the same show, making the fourth time these enterprising importers and breeders have carried off the distinguished honor in succession; 2 imported shearing rams, one of which is the 3rd prize winner at Hamilton; 6 imported shearing rams, which took 1st and 2nd prizes at Hamilton and belonging to the Prince of Wales pen, and 6 ewe lambs; in Leicester, these gentlemen also exhibit 3 shearing rams, 3 ram lambs, one of which took the 2nd prize at Hamilton, 1 pair shearing ewes, 1 pair of ewe lambs. Messrs. Snell sold several of their Exhibition Leicester Sheep to United States purchasers, and which will be shown at the New York State Fair at Elmira this week. Messrs. J. & W. Evans, Puslinch, exhibit 3 Leicester ram lambs, and 3 ewe lambs. Mr. W. Evans, Puslinch, exhibits 1 cotswold ram lamb and 1 pair of ewe cotswold lambs. Mr. Evan Macdonald, Guelph, exhibits 2 cotswold ram lambs, 2 shearing ewes, and 2 fat shearing ewers. Mr. Adam Oliver, Avonham, P. O., Perth Co., exhibits 1 two shear Leicester ram, 5 ram lambs, 2 aged ewes, 2 shearing do, and 6 ewe lambs. Many of these sheep were prize takers in their respective classes at Hamilton, and carried off the prize for the best pen of Leicesters at the same show, and we should think that ere this Exhibition closes, they will have heaped further honors on their proprietor, who sold a ram lamb when in Hamilton for \$100. The aged ram was imported in 1871 from the flock of Mr. Bell Irvine, Whitehill, near Annan, Scotland. Mr. Lazarus Parkinson, Eramosa, exhibits one aged Leicester ram, 1 pair of aged ewes, 2 pair of shearing ewes, 4 ram lambs, and 1 pair of ewe lambs. Mr. Jos Parkinson, Eramosa, exhibits 1 shearing Leicester ram, 5 ram lambs, 1 pair aged ewes, 1 pr shearing do, 1 pr ewe lambs. Mr. C. G. Cockburn, Puslinch, shows a pair of fat ewes. Mr. George Hood exhibits 2 pair fat ewes, and 2 pair fat wethers. Mr. Wm. Whitelaw, Guelph Township, exhibits 3 aged Leicester rams imported in 1871, one of which took the second prize at Hamilton, 5 ram lambs, one of which is from imported stock, 2 aged ewes, imported, 1 pair of shearing ewes, 4 ewe lambs, which took 2nd and 4th prizes at Hamilton. Most of this flock are either imported or descended from imported stock. One of the best rams in this flock is sold to Mr. Hastings of Blenheim.

SWINE.—In Forest, County of Lambton, on Saturday, the 14th inst., William Mines, blacksmith, late of Fergus, aged 17 years. ALEXANDER.—In Garafraza, on the 17th inst. Mr. David Alexander, aged 6 years. MARRIAGE.—On the 22nd inst., at the residence of heron-in-law, John Shanklin, Toronto Mrs. Prudence Elizabeth Mackenzie, Erarnosa, aged 70 years and 6 months. MARRIAGE.—In Mount Forest, on the 15th inst., the infant daughter of Mr. John McLaughlin, of the Esplanade. MARRIAGE.—At Harrison, on the 18th inst., Mr. Walter Hooton, aged 26 years.

MEDICAL DISPENSARY.

The Subscribers would beg to intimate that they have just received their full stock of
