### CAMPAIGN FOR FLOTATION OF VICTORY WAR LOAN

Southern Alberta Commit-  
tee Allocates Districts and  
Selects the Managers

With the opening up of an office in suite 20 of the Canada Life building and the selection of district managers to cover the whole southern part of the province, the committee for southern Alberta in charge of the "Victory" war loan campaign feel that they are now ready to set the full machinery going.

The publicity matter is expected to arrive from Ottawa shortly and its distribution will commence immediately upon its receipt.

Already circulars are being sent out and soon every person in the province will be acquainted with the purpose and possibilities of the loan.

For Northern Alberta the committee has also completed the assignments of districts and the appointments of district managers, and the promotion campaigns in each district will be inaugurated immediately.

The several districts for northern Alberta and their respective chairmen are as follows:

### CLERGY OF CALGARY ARCHDEACONRY HAVE FINISHED SESSION

The Laity Participated in  
Concluding Meeting; Will  
Hold Mass Meeting

The meetings which have been held by the clergy of the archdeaconry of Calgary this week were concluded last night by a session in which the laity were invited to participate. The subject under discussion was "Social Service." Archdeacon Dewdney presided. Bishop Finkham gave the address and Messrs. Bury, of Edmonton, and Savory, of Calgary, gave the principal addresses of the evening. Mr. Bury explained the workings of the society that has been formed among the laymen of the Episcopal church in Edmonton for the purpose of social service. His efforts have been directed toward religious education in the schools, and the exposure of the evils of venereal diseases, etc. After considerable discussion it was decided to call a mass meeting of the laymen of the Episcopal church in Calgary for the purpose of organizing a similar society in this city.

**TO ENROL STUDENTS TONIGHT**  
All those who were prevented by the reason of the weather or other causes from registering and being assigned to classes at the opening of the night school on Tuesday evening last, are requested to be on hand this (Friday) evening at 7:15 at the Central Catholic Institute, corner of Eighth street and Thirtieth avenue west, when they will be enrolled.

**TAX COLLECTIONS GOOD**  
The city treasurer announced last night that Thursday had been the best day yet for tax collections. The total receipts for the day were \$75,125.53, which was made up of \$48,040.87 current taxes and \$26,084.66 of arrears.

### MANY SUGGESTIONS FOR IMPROVEMENT IN COMPENSATION

Calgary Labor Men Have  
Many Recommendations  
to Make to the Labor Com-  
mission

The members of the trades and labor council will consider recom-  
mendations to be made officially to  
the commission on workmen's com-  
pensation at a special meeting next  
week.

At this meeting not only regular  
members of the council will be present,  
but representatives of several  
trades not as yet organized will be  
asked to be present to give views as  
to the workings of the act as it shall  
affect their various trades.

The special committee that has this  
matter in hand made a progress report  
to the council last night. It pointed  
out some of the weaknesses in the old  
act, and made some suggestions for  
the new act.

1. It is almost impossible to re-  
cover adequate compensation under  
the old act. It is too limited in its  
scope. All industries are not included.  
2. The indemnities are far too small.  
3. Compensation provided by insurance  
companies is not satisfactory. Many  
of the employers provide for com-  
pensation by insuring their employ-  
ees. Then when an accident occurs  
they draw out and leave the employee  
to fight the case out with the insurance  
company, and he is sometimes  
worsed by the insurance company. It  
is felt that the employee should not  
have to fight for his rights with the  
insurance company.

4. The companies do not pay the  
indemnities which may be recovered  
under the act without it being taken  
to court for recovery under the com-  
pensation law. The maximum amount that  
may be recovered under the act is  
\$1,800, but often by threat of legal  
expenses the dependents of the person  
killed are induced to accept a sum  
much less rather than have to pay a  
large bill for legal expenses.

5. Only those who are employed  
by employers of good financial stand-  
ing or who insure their employes can  
be sure of compensation.  
6. A clause exempting the employer,  
if proof can be adduced that the em-  
ployee willingly injures himself, opens a  
loophole for evading the law.  
7. The old act falls down by giving  
the employee the right to sue under  
the common law. This creates a har-  
vest for the lawyers, and gives greater  
possibilities to the man with the longest  
purse. There should be no right to  
sue under the common law.

8. No provision is made for medical  
attendance.  
9. The present law does not provide  
for compensation otherwise than in  
a lump sum. In the case of infants  
under the law, especially, provision  
should be made for monthly com-  
pensation until the dependent is able  
to manage for himself.

**Some Suggestions** were made as  
a basis for the new act. These were:  
1. Compulsory state insurance. A  
state insurance fund to be created,  
eliminating all private or mutual in-  
surance companies.

2. This state insurance to be ad-  
ministered by a board. This board to  
have power to adjudicate and make  
awards for all cases of compensation.  
In Manitoba, where they have non-  
compulsory insurance, there is only  
one adjudicator.

3. The right of appeal from boards  
of award to higher courts to be denied.  
If the right to appeal is granted, it  
is felt it opens the way for the lawyers  
to work the clients for their own ends.  
It always gives a better chance to the  
employer, who can afford to go to the  
highest courts.

4. The scope of the act to include  
all classes of labor. This will include  
casual labor and farm labor.  
5. In the event of the act not being  
specific, the board shall determine the  
award without being bound by British  
precedents as at present.

6. Medical aid shall be provided  
without the employee contributing.  
7. There is a question whether or  
not there should be a waiting period.  
Now no payment is made unless the  
injured man is incapacitated for more  
than a certain period from three days  
up. If his injuries incapacitate him  
for longer than this period, the waiting  
period is included in his compensation.  
8. The question is also being con-  
sidered whether a pension fund at

of Toronto and Peterboro, who will be  
one of the witnesses in the Bacon trade

### CANDIDATES FOR SCHOOL BOARD ARE VERY UNCERTAIN

The Only Certainties Are  
Those Who Will Positive-  
ly Not Run; Mrs. Gravett  
Will Run for City Council  
or School Board

The candidates for the school board  
seem more uncertain than the alder-  
manic slate. Of those whose term ends  
this year Miss Foote has expressed her-  
self as determined not to stand for  
re-election. Major Kerby, when seen  
by The Albertan yesterday, expressed  
uncertainty. He does not wish to re-  
tire, but with his manifold duties,  
which are daily increasing, he cannot  
see his way to take over the work of  
a school trustee.

Arch Nimmo is also uncertain.  
Dr. Spinkie has not yet expressed  
himself. Alex Ross, who is the logical  
man for the chairmanship, told The  
Albertan that while he was not sure  
about his future course as to the school  
board, it would not be possible for him  
to act as chairman if he was asked.  
He stated that for the aldermanic or  
the school board. She has not yet  
decided which.

### COMMISSIONERS TO RECOMMEND SEWAGE DISPOSAL BYLAW

Reservoir Inspection by a  
Member of Provincial  
Board of Health

The commissioners will recommend  
the council to keep faith with Bassano  
and submit a bylaw for the purpose of  
providing for a sewage disposal plant.  
This is the result of a visit of Mr.  
Owen of the provincial board of health.  
Mr. Owen spent Wednesday in the city,  
and while here visited the reservoir  
and inspected the work being done  
there. He expressed himself as being  
well pleased with what he saw, and  
gave the commissioners to understand  
that he did not foresee any difficulty  
in the city securing the certificate  
they have asked for. Still he wanted  
to protect the rights of Bassano and  
asked the commissioners to give some  
undertaking that they would make an  
endeavor to secure the consent of the  
ratepayers to put in a sewage disposal  
plant. He thought the city should not  
spend any more money for capital ex-  
penditure until the promise given Bas-  
sano a couple of years ago is fulfilled.  
The present expenditure was not the  
result of the passing of a new money  
bylaw, but the consolidating of several  
remnants of old bylaws. The commis-  
sioners practically gave Mr. Owen the  
assurance that they would recommend  
the council to submit a bylaw to the  
ratepayers.

least equal to that of the military  
pension should be demanded.  
It was also suggested that occupa-  
tional diseases—diseases caused by a  
man's occupation—should be com-  
pensated for. No compensation will  
be asked for ordinary sickness.

### CHARGE--CRIMINAL NEGLIGENCE LAID AGAINST MORTIMER

Driver of Runaway Horse  
Held on Two Charges of  
Criminal Negligence

In the police court yesterday William  
Mortimer, owner of the runaway horse  
which caused the death of Mrs. Laura E.  
Pope on Oct. 13, was held for trial  
in a higher court in \$500 bail and two  
securities of \$250 each.

The charge of manslaughter was  
withdrawn and two charges of criminal  
negligence were substituted.  
James E. Grant testified that he had  
been called by a telephone message  
telling him that there had been a run-  
away, and that in the rig were a num-  
ber of packages bearing his name. On  
arrival on this side of the Elbow  
river, he had found Mortimer, who told  
him his horse had run away. He said  
that he had driven Mortimer to a livery  
stable and that he seemed well able to  
take care of himself.

S. M. Duddy, the driver of the auto-  
mobile, in which Mrs. Pope was when  
the runaway horse jumped into it, in-  
juring her to the extent that she died  
of her injuries, testified about the ap-  
proach of the runaway and how his  
efforts to get out of the way had been  
in vain, the horse landing right into  
the automobile.

Detective Richardson who made the  
arrest of Mortimer, could not say that  
the man was drunk.  
Provincial Detective Waugh testified  
of Mortimer telling him in the police  
barracks that he remembered nothing  
from the hitching up of his horse until  
he woke up in cells the next day. Crown  
Prosecutor F. S. Selwood asked for a  
committal, while the lawyer for Mort-  
imer, A. L. Smith of Smith, Clarke, Car-  
son, Macleod and Company, asked for a  
dismissal. The court reduced the former  
bail of \$2,000 and held Mortimer for  
trial.

### NO GLARE LAW TO BE RIGIDLY ENFORCED

This Is Word Received From  
Edmonton by Auto Club  
President

Word has been received by W. F. W.  
Lent, president of the Calgary Auto-  
mobile club, from the attorney-general's  
department that the motor vehicle law  
pertaining to the headlight glare is to  
be rigidly enforced from now on. All  
motorists must install the glare-proof  
lens right away, so as not to permit any  
direct beam from the headlights going  
above 42 inches at a distance of 75 feet  
ahead of the car.

Calgary auto owners have been asking  
for information regarding the headlight  
law, through J. K. Kerr, Jr., secretary of  
the Calgary Auto club, and as a result of  
the number of inquiries, he wrote the  
attorney-general's department some time  
ago and this communication is a result of  
Mr. Kerr's letter.

Some motorists thought for a time that  
the law regarding headlight glare was  
nothing but a joke. If they are caught  
offending this section of the motor vehicle  
act, autoists will find themselves up in  
police court.  
The headlight clause of the Alberta
