a cablegram from New York quoting a London dispatch, which asserts that the engineers' strike has been ended. This statement the official declares to be untrue and unwarranted by any of the existing circumstances. The situation is unchanged. The chances of a conference between the strikers and the employers is now remote, but the atti-tude originally assumed by the Amalgamated Society is unaltered. SPAIN'S REPLY.

Madrid, Nov. 3 .- A semi-official note was circulated here yesterday, giving a fuller indication of the contents of the Spanish note in reply to the communi-cation of the United States on the subject of Cuba than has hitherto been published. It says the first part of the reply is a paraphrase of the note of United States Minister Woodford, and it concludes with the assurance that Spain is animated by the same friendly feeling as expressed in behalf of the United States. The second part goes into elaborate details concerning the various filibustering expeditions which have left the United States for Cuba. Spain expresses the hope that this phase of the situation will be changed. and that the United States will try to prevent further violations of international law. Replying to the offer of mediation made by the United States, Spain says she hopes the United States will act loyally in helping Spain to pacify Cuba, especially in view of the fact that such an extended form of autonomist government is about to be sincerely granted. The general feeling at Madrid is more hopeful of a peaceful outcome of the situation, but it is pointed out that the submission of the insurgents cannot be expected unless they are entirely abandoned by the United States.

The Democrats Make a Clean Sweep in Buffalo.

Big Republican Pluralities of Last Year Reversed - Nine Large Cities Go Democratic.

Buffalo Swept by the Democrats-The Republicans Likely to Lose the Ohio Legislature-Results in Other States.

New York, Nov. 3.-Tammany's victory in the first municipal election in Greater New York is a sweeping one. The only question remaining to be settled is the one of the plurality, by which the entire ticket, headed Robert A. VanWyck, has carried the gigantic municipality. That plurality at present appears to be over 85,000and his vote falls only about 32,000 below that of all the other condidates combined.

Seth Low (Citizens' Union) was successful to the extent of polling an aggregate vote in excess of the 40,000 pledges implied by the signatures to the petition upon which he became the candidate of an independent movement which at the outset offered to join hands with the Republican party organization in a concerted effort to exclude Tammany from power in the greater city to come into being on January, 1898. The offer was declined on the ground that in any such movethe Republican organization ment would participate only coincidentally with the other party to the compact, lows: Van Wyck, 235,100; Low, 149, The returns for exports of cutlery and the Citizens' Union, on the other 873; Tracy, 101,833; George, 20,386; from Sheffleld to the United States hand, refused to recall its nomination Gleason, 581. Sheehan gave out this statement when the victory was certain: "All over our great city a cosmo-

politan people have stood shoulder cratic government, in place of the pursuit of harmless pleasures. The promise of the platform to furnish the people with dollar gas will be kept as soon as Democratic control of the legislature can be secured. Liberality will be shown in furnishing adequate school accommodations, and every effort will be made to furnish rapid transit in the near future. Public improvements, which will make the metropolis more attractive and healthful, will be encouraged, and the city government will be administered for the benefit of the many and not for the favored few."

HENRY GEORGE. Henry George said to his supporters: "One thing is certain. We have kept the faith, and we are not ashamed of it. Many a man has sacrificed himself without gaining anything. I am inexpressibly happy tonight. We cannot always have the spoils of victory, but we have kept our self-respect."
Amid cries of "Good boy" and "We'll try it again!" Mr. George made his way out of the crowd in the room after shaking hands with many of those present. After giving three cheers for the candidate, the crowd in the room of the committee on speakers gradually dispersed

REPUBLICAN LANDSLIDES RE-VERSED.

Albany, N. mayors. SUMMARY OF THE SITUATION. New York, Nov. 3 .- The result of the first municipal election in Greater New York completely reverses the conditions of 1896, when McKinley's plurality in the same territory was 56,865, The plurality of Van Wyck, the Tammany candidate for mayor, is about 85,000 and the balance of the ticket is elected with majorities ranging from 70,000 to 100,000. Such a rush to the polls has never been known except in presidential years. Rainy weather failed to dampen civic enthusiasm. The vote for Tracy, the Republican mayoralty candidate, was divided by the candidacy of Seth Low upon a citizens' ticket. Low was second and

Tracy third in the contest. George vote was inconsiderable. The death of its leader evidently disintegrated this following, and thousands evidently voted for Tammany candidates. The Journal and Advertiser (Van Wyck): New York is once more a Democratic city — the first Democratic city in America. The impregnable stronghold of Democracy in the Union. The prophecy of a Republican member of the legislature that in the creation of Greater New York the Republican party would be committing suicide has been fulfilled. The people have voted for Democracy, but not for Crokerism. They have voted against sham reform, notorious mosque and grove at Bagh, to shoulder, and brought about but not against true reform. They are where the Afridi rising originated, and a triumph and victory for the party as anxious for good government, with which has been the center of the po- of the people.
