A search Japanese who attacked the Russians' eastern and southern positions. A Japanese column 30,000 strong was reported on Tuesday to be marching up to English traders on the South Afrithe right bank of the Li River, which would seem to indicate that three Japanese armies are co-operating in enveloping three sides of Liao Yang. From the meager accounts receive appears that Gen. Kuroki selected Tantziapudzi as the point for his at-tempt to drive the wedge into Kuropatkin's outer defenses at An Ping and Linadiansian, which are situated respectively ten miles northwest and southwest of Tantziapudzi, the latter being on the Lianhe River, eight miles

The fact that the Japanese are preparing pontoons at the Taitse River was noted in these dispatches several days ago. The capture of this bridge will be the first object of the Japanese, and doubtless will entail severe fighting, in counting on the superiority of their mountain guns. If they are successful the Russians' position at Anning and Liandiansian will become precar-
