chants' road race on Thanksgiving Day have been received, and the event promises to be a bigger success than ever. This year Dellow, of Parkhill, who has achieved quite a local reputation in that vicinity as a fast man at five miles, has forwarded his entry, and also states that he has a fast man who is eligible for the junior event, which is run after the five mile race. A large number of local runners are training for the race at present, and as the prize list is bigger this year than in the past, there will be keen competition for the valuable ones.

Roy Campbell Will Run.

Roy Campbell, who won the race a zouple of times, the last time being last year, will run again this year, as will Gordon Scott, who won the event two years ago. Both are training hard, and can be depended upon to be among the leaders. The Meds will also be represented by a couple of fast runners this year, some good Marathoners having been disleaders. The Meds will also be represented by a couple of fast runners this year, some good Marathoners having been discovered among the students. It is also likely that Tom Brodison, winner of the Collegiate five mile race, will run, and the L. C. I. will also have a couple of other entries. The cal Y. M. C. A. will also be represented by a couple of fast men, and there will be two or three runners unattached.

list of outside entries promises to be larger this year than before. Marathon races with as valuable a prize list as the East London race are rare in Ontario this Thanksgiving, and the local event has always attracted lots of interest from outside. A couple of runners are expected from Hamilton and Toronto, entry blanks having been forwarded.

An unusual stunt in the pitching line came at the wind-up of the season in the Western league. Doc Thomas pitched and won a double header from the Rourkes, Red Faber pitched a twin bill for the Boosters the day previous, and Rip Hagerman won the last two games from Wichita.

President McAleer answers the question as to say he did not draft a man for his Red Sox by saying the team is a young one and with the few additions made by purchase should continue to win pennants or some years to come.

New York American league fans are much taken with the work of Midkiff, the Texas recruit Wolverton has been playing at third base. They are hardly correct in referring to him as a youngster, how-ever. But a few years will not matter Crandall was drafted and Hallinan recalled by the St. Louis Browns. Contrast Between Conditions in Sarnia and Point Edward Is Marked.

SARNIA BRANCH OFFICE, 209 Front Street. Office hours, 9 a.m. to 9:30 a.m., 3:20 m. to ::00 p.m.

Special to The Advertiser.] Sarnia, Oct. 13. - One enthusiastic temperance worker stated today that the petition for local option is progressing splendidly, and will soon be in shape to present to the council. The campaign cannot be said to have started in earnest yet, but from present indications it looks as if the temperance workers mean business. The ment, however, is quietly growing in strength, and bids fair to become one of the big issues at the next election. Perhaps the greatest obstacle to local option in Sarnia is the fact that Port Huron, a wet town, is right across the river. It was this same fact reversed during the campaign for prohibition in the American city, that contributed largely to the defeat of the local optionists here. Sarnia, it is generally admitted, has altogether too drunks for a town of its size, and those who have watched the agitation for local option closely declare it to be

plorable conditions here. It is only fair to say, though, that quite a few of the drunks obtain their liquor on the other side. Local option in Point Edward appears to have been perfectly satisfactory, more than one patron of the street car line between that village and Sarnia remarkaboard the cars since the law went
