"Cuz" Hammond Loses Pitching Battle After It Looked Safe for London-Whiteraft Plays a Star Game-Smykal's Hit Wins It.

[Special to The Advertiser.]

TTAWA. June 2.—Ottawa secured an even break on the series with London today snatching the decision in a sensational teninning fracas that was crowded with thrills, 5 to 4. Pitcher "Cuz" Hammond suffered his second defeat of the season after a battle with Sam Ross, the Chattanooga southpaw. Both twirlers displayed good form and, while there were plenty of hits, outside of one or two innings they were fairly well scattered. Ross fanned ten London batters, while Hammond went through the afternoon without issuing a base on balls.

Ottawa tied the score in the seventh and from then till the seither side came close to scoring. In London's tenth Whiteraft

extra frame neither side came close to scoring. In London's tenth Whitcraft drove a hard one at Ross which the pitcher deflected. Fuller scooped it up and threw the ball low to Rooney, the ball going to the score board, and Whitty omped to second. Schaffer's out at first sent him to third, then Lamy dumped

Rooney dumped one down the first base line, and Hoch made a perfect play, fielding the ball to third, but Schaffer failed to cover in time, and Fuller slid in afe, filling the bases, with none out. Owers forced Fuller at the plate, schaffer to Danford. Shag, however, raised a long fly to Reidy, on which dullock rambled home, tieing the score. Smykal then hit to deep centre, a walop that would have easily been good for two bases, bringing Rooney in from second with the winning run.

Whitcraft Triples.

The battle was a see-saw throughout. Each side broke in with a run in the inaugural. London's counter coming from Whitcraft's triple to centre, with one out, and Schaffer's single. Lamy followed with a safe one, but 'fuller started a fast double-play that retired the side.

Fuller opened Ottawa's first with a clean drive to centre, stole second, and counted on Bullock's safety to right. The champions leaped in front in their fourth, when Powers singled with one out, and went to second on Shag's smash to right. Whitcraft got balled up on Smykal's drive, and Powers scored on Kubat's single, Lage hit to Hammond, who forced Shaughnessy at the plate, and Danford doubled Lage at hrst.

London tied it up and went ahead in How Ottawa Did It.

London Goes Ahead.

London tied it up and went ahead in the fifth on two hits and a sacrifice fly. Myers opened with a single back of second, and went to second on a passed ball. Whitcraft hit to left, and Powers' heave to the plate got away from Ross and Lage, Myers scoring and Whitcraft going to third, where he counted on Schaffer's fly to Kubat.

Ottawa chose the lucky seventh in which to tie it up. Artie Lage, who has been hitting in tough luck of late, started it with a three-bagger to centre, after one was out. He counted on Ross' Texas leaguer back of short.

BOSTON, June 2. - New York and loston played ten innings to a 5 to 5 tie in shivering weather today. The game was called because of darkness. Six New York runners actually crossed the home plate, but one run was lost in an unusual manner. Burns, from third caught Doyle's fly. The Boston outfielder threw the ball toward the home plate, but Capt. Doyle, of the Giants, intercepted it at first base. It was his contention that the ball was too late to catch Burns at home. The umpires ruled that his interference retired the base-runner, and the score was lost. Score:

Derby Day has been the most popular sporting event of the year. The race was witnessed by the late King Edward every year from 1863 until 1909, except when he was

The decision of the Government to abandon all race meetings during the war, except that at Newmarket, does not meet by any means with universal approval. Quite apart from persons interested in racing, because it is their occupation or means of livelihood, large numbers are of opinion that such a drastic closing down of race meetings not only is needless, but inimical to horse-breeding. They point to the fact that racing is going on as usual in Germany, and contend that its prohibition in England probably will be regarded by her enemies as a signal
