Vancouver, B. C., Nov. 9.—According to Hen. William Templeman, Minister of Inland Revenue, who has given the subject especial attention, the wireless system of telegraphy along the Pacific coast and on the various coastwise passenger boats will be fully inaugurated within two months. The installation of the apparatus is being rushed with all possible speed. The Victoria station is now fully equipped and is now receiving and transmitting messages by wireless, between that point and the stations in the United States, at San Juan and Friday harbor. On the west coast of Vancouver island stations will be established at Pachena Bay and Estavan Point, and when in working order may prove a great factor in averting loss of life in the event of shipping disasters, enabling the vessels to communicate the news and ask for assistance.

At the Vancouver station on Point Grey the building is now ready for the installation of the apparatus. A giant Douglas fir, extending skyward over which the aerial messages will be flashed.

Shareholders is Going Over the Line

Vancouver, B. C., Nov. 9.—An examination of the resources, equipment, rolling stock, land holdings, terminals and all other assets of the C. P. R. and subsidiary lines from one end of Canada to the other is now being made on behalf of English stockholders of the company by a gentleman at present in Vancouver.

He is A. N. Homer, an eminent engineer of London, England, and he has now been engaged at his task about three months. When it will be completed is a matter of conjecture, as the undertaking is a huge one, requiring the expenditure of a great amount of time and attention.

Mr. Homer is covering the railway from the Atlantic to the Pacific personally, getting into working touch, with all the executive officials of the company at the various division head-

New Westminster, Nov. 9 .- The or ganization work of the Asiatic Exclusion league of this city was completed at a largely attended and enthusiatic meeting held in the Eagles hall last evening, when over two hundred mem-

bers were present.

Thomas Turnbull was elected as president and J. D. Taylor as secretary at the first meeting held a fortnight ago, and the following officers
were elected last night:
Vice-president—J. J. Randolph.

Several speakers advocated that the several speakers advocated that the city council be asked to enforce the sanitary regulations among the Orientals in the city. The city authorities will be asked to take action.

President Turnill was the principal speaker, and he stated that he believed ed the only solution of the question was the forming of a deadlock by the provincial government passing the Natal Act, and if the Lieutenant-Governor refused to sign it, that the Government should resign, and take the verdict of the people on the question. and if they are again elected, that they should again pass the act, and if the Dominion Government disallow it, that it should be passed again at once, and so keep it in force from year to year.

MARSEILLES SWEPT BY HEAVY STORM

LAKE GRAIN TRAFFIC

Available Vessels More Numerous and Rates Lower Than During Past Seasons

ment of the western grain crop from the head of the great lakes to the eastern elevators has this year developed a peculiar condition of affairs. The usual, whereas it is less than prevailed last year.

A year ago vessel owners were get-ting 2½c a bushel for transporting the grain and this year they are taking it. down the lakes at 2c. It has also been shown that whatever fears there might have been a weeks ago that boats would not available are not being realized. available are not being realized. All the boats needed are obtainable. This results not from a scarcity of grain shipments as compared with other years, but from the activity of the navigation companies in adding to their fleets so as to be ready to meet the demand which is growing all the time. The fleets between Canadian ports are constantly being added to by large and constantly being added to by large and constantly being added to by large and up-to-date vessels to meet the requirements of the trade. Owners recognize the fact that they must keep pace with the progress in the wheat growing, fields.

The grain shipments this year have been much more steady than in past years. Many vessels have been engaged for the trade all through the sea-

gaged for the trade all through the season, and not so many in the ore and coal carrying business as formerly. This is a result of the conditions which developed from the cold winter last

The grain did not come out as fast during the winter months as usual, and when summer opened there was a large amount ready for lake shipment.
