Of far more importance than the national policy or the Irish question is the question of restoring health when lost. The most suddenly fatal diseases incident to this season are the various forms of bewel complaint, for all of which Dr. Fower's Extract of Wild Strawberry is specific. Ex Ald. James Ardell died at his resid ence, London, Ont., on Sunday after a brief illness. He was inspector of the Royal Standard loan company and a prominent

Procure from your lruggist one 37½ cent bottle of Dr Fowler's Extract of Wild Strawberry, and use according to directions. It is infallible for diarrices, cholera morbus, capter of the stomach, and bowels and canker of the stomach and bowels and cholera infantum.

Try Ayer's Pills and be cured. Misery is a mild word to describe the mischief to body and mind caused by habitual constipation. The regular use of Ayer's Cathartic Pills in mild does will restore the torpid viscera to healthy action.

The first presbyterian church at Victoria, B.C., was burned down early this month. -"Blood food" is the suggestive name often given to Ayer's sarsaparilla, because of its blood-enriching qualities. The Dudes met the Mashers in a lacros match at Brantford recently. The Mashers were viotorious in three straight games, 150, 240 and 30 seconds.

240 and 30 seconds.

—The laws of the Medes and Persians were not more immutable than those of nature. If we transgress them we suffer. Sometimes, however, we break them inadvertently. Damages frequently take the form of dyspepsia, constipation and biliousness, which can be easily repaired with Northrup & Lyman's Vegetable Discovery and Dyspeptic Cure, the great blood purifier and renovator of the system.

"Nasal Respiration."

We should always breathe through the nostrils and not by the mouth, as the latter tends to weaken the lungs and produce inflamation of the throat and bronchial tubes. If you have already contracted any disease of the respiratory tract such as laryagitis, bronchitis, catarrh, asthma, consumption or catarrhal deafness which is produced by catarrh, you should at once consuit the surgeons of the International Throat and Lung Institute who make a speciaity of these diseases and who use the spirometer invented by Dr. M. Souvielle of Paris, ex-aide surgeon of the French army, the only instrument by which medicated air can be conveyed to the lungs through the nasal passages and without the aid of heat. Hundreds suffering from diseases of the lungs and throat are being cured monthly by these surgeons, who without the aid of this new and wonderful instrument the spirometer would certainly die.

This great institution which is daily increasing its magnitude now has ?8 physicians and surgeons connected therewith and offices in London, Eng., Montreal, P. Q., Toronto, Out., Detroit, Mich., and Winnipeg, Man.

Physicians and sufferers are invited to try the instruments at the office free of charge.

Persons unable to visit the institute can be successfully treated by letter addressed to the International Throat and Lung Institute, 13 Philips' square, Montreal, or 173 Church street, Toronto, where French and English specialists are in charge. "Nasal Respiration,"

Another for Sneak-a-Boo. again remark, is a newspaper sink into which all the gossip, scandal and floating garbage of Toronto society is dumped. Any man of proper feelings would rather be a well bred monkey than be the journalistic scavenger who empties upon a long suffering public the daily gathering of gutterslush which constitutes the paper above referred
