# HOLIDAY HEADQUARTERS!

THIS STORE  
CLOSES  
REGULARLY  
AT 6 O'CLOCK.

The eminence of the Christmas stocks and the excellence of the store service make this the Mecca for Holiday shoppers all over Canada. In all the years of steadily increasing business we never had such stocks to choose from or such facilities for doing things accurately and well. The displays are great beyond comparison and grand beyond expression. We've gathered with a lavish hand, buying in larger quantities to make prices lower and controlling for this market the best new things. Each year the preparation has been on a larger scale and this year the out-doing surprises even ourselves.

Almost nobody considers their Christmas shopping complete without a visit here. We make everybody welcome, and salespeople are courteous whether you buy anything or not. There isn't a great deal of time to spare with a hundred and one things to do and a thousand and one things to think of. That's why we ask you to shop early. Eight o'clock in the morning is none too early if you want comfort. For with all our wealth of room we haven't room enough later in the day.

## What Shall the Present Be?

A good many useful things will go for gifts this year, and nothing is more suggestive than Housefurnishings. Ample variety here to choose from and the lowest prices consistent with good quality. This is the way values run on the second floor:
