Warts will render the prettiest hands unsightly. Clear the excrescences away by using Holloway's corn cure which acts thoroughly and painlessly.  
Negotiations which have been carried on by the Canadian Government for the past two months with Belgium, Greece and other countries which will lead to the signing of slacker's treaties, are now said to be so near completion that steps have already been taken by the authorities to secure a list of the names of citizens of allied countries now resident in Canada who will be called upon to join the colors. No exact data as to the number of new fighting men to be available, but it is believed that they will be sufficiently numerous to increase the fighting forces of the allies by more than one army division.

**Farmers of Canada Have Much at Stake In the Victory Loan**

Money From Loan Needed to Finance Exports of Farm Products to Britain.

The Canadian farmer stands to gain or lose much through the success or failure of the Victory Loan. He is much more dependent on it for the ready sale of his products than has generally been realized. Some there are, even to-day, who fail to grasp the facts of the situation. It is a mistaken idea that all a farmer has to do these days is to raise grain, cattle, hogs; or produce cheese, butter or eggs and he is sure to find a ready market at high cash prices. A keen demand for these

MR. J. H. GUNDY, Vice-chairman of the Dominion Victory Loan Committee, and a strong leader in the campaign.

products, of course, exists, and Great Britain will take all of them that Canada has to spare; but the demands of the war have been so heavy that she cannot pay cash for all these things. She must have credit. It is here that the Dominion Government steps in, and provides the cash, obtaining the necessary funds through the Victory Loan. The farmers should be as enthusiastic over the Victory Loan campaign as any other class. If it is not a decided success they stand to lose heavily. But if they subscribe to it liberally and endeavor to get others to do so, its complete success is assured.

**BUY MORE VICTORY BONDS.**  
**PRAIRIE FARMERS' EXAMPLE.**  
Saskatchewan, which is almost a purely agricultural province, has given a splendid lead to the rest of the Dominion. Owing to the crop failure in several of the districts, the allotment for the Province in the Victory Loan drive was placed at \$15,000,000. Recently those in charge of the provincial organization said that they would not think of getting less than \$22,000,000.

**BONDS OR BONDAGE.**  
**The Sugar Question.**

In a statement on the sugar distribution difficulty, the Chairman of the Canada Food Board, Mr. Henry B. Thomson, says: "Since last May, when the use of sugar in Canada was rigidly cut down by manufacturers, candymakers, public eating places and large users have played the game fairly, and have abided by the rulings of the Canada Food Board. Approximately 300,000 tons of sugar will be required in Canada for 1918. Only 12,000 tons of this will be used in the confectionary industry. If the Food Board issued an Order absolutely closing down the factories, we should disorganize the industry and throw hundreds of people out of work.

If the people in the homes would not put the "second spoonful" of sugar in their tea and coffee it would save 50,000 tons of sugar a year. This amount is more than four times the sugar allotment to the confectionary manufacturers. It could be done with a little good will. Notwithstanding the Order issued on September 15th, there is reason to believe that a large number of people hoard sugar in the homes. It is only a little, possibly, in some cases, but when multiplied by the number of homes in Canada, it is a huge quantity in the aggregate. There is possibly also a good deal of waste

**A COLD PREVENTIVE**

Have you ever come out of a theatre, or church or over-heated room and felt, immediately the cold night air caught your throat and breathing passages, that you were going to catch cold? That is the time to take Peps. Two or three Peps taken at once will prove an unfailing preventive. A cold developed means needless suffering and expense. Safeguard yourself by always keeping a box of Peps on hand. They are also best for coughs, sore throat and bronchitis. All dealers, 50c. box.

which, if checked by everyone, would make the situation easier. It is for the consumer to "get in behind" the Food Board now as the manufacturers have done. There will then be an ample supply of sugar for all.
