**Arrangements for holding a great Missionary Conference for the Diocese of Nova Scotia in Holy Trinity church, Yarmouth, on Tuesday, Wednesday and Thursday, the 17th, 18th, and 19th of October next.** A general desire prevails in the diocese to increase missionary zeal and to extend missionary work; and with this characteristic promptitude and energy, Bishop Courtney has responded to the suggestion of a Conference, and is making the necessary arrangements for its success. The programme, so far as at present prepared, promises a series of the most attractive services and meetings, the effect of which cannot be otherwise than beneficial. The opening service will take place on Tuesday evening, Oct. 17th, when an appropriate sermon will be preached by one of the Canadian bishops. On Wednesday morning, Oct. 18th, there will be a celebration of the Holy Communion, followed by an inaugural address from the Bishop of the diocese. The day will then be spent with papers, addresses and discussions on subjects of vital and practical importance affecting the Diocese Mission work. In the evening a great public missionary meeting will be held in the Boston Marine Music Hall, over which the Bishop will preside, and at which addresses will be delivered by other bishops and clergy. On Thursday morning, Oct. 19th, there will be another celebration of the Holy Communion, followed by two sessions, on the previous day's addresses, addresses and discussions. In the evening the closing service will be held, when a sermon will be preached by one of the bishops. Among the subjects to be discussed will be "The Spiritual and Financial Condition of the Diocese," "The Missionary Needs and Opportunities of the Diocese," and "The Proper Support and Management of the Missionary Work." The need and value of the Women's Auxiliary Association will be the subject of a paper, and the "Domestic Mission" will be the subject of another. The day will be closed by a service of "Missionary Work," etc. These various topics will be introduced by men of ability and will be freely discussed. It is hoped that a great impetus to the Mission cause will be the result. The expenditure is good one. If it succeeds in Nova Scotia it may be tried in other dioceses.

**More Farmers Wanted.**  
Nova Scotia is a happy country for the practical farmer, and the man who finds his lot cast in almost any portion of the fertile valley regions of the Province is bound to be successful. There is perhaps no farming country in the world more beautiful than the low-lying regions of the Annapolis and Cornwallis valleys. Two mountain ranges ward off the winds, and the sun's rays are caught and held on the protected farming country. Numerous streams water the valleys, and the marsh lands reclaimed by the sea are fertile and productive. Along this wonderful stretch of fertile country there is neither poverty nor want. The humblest farmer is secure of his living, for the soil is rich and the climate is healthy. There is a certain comfort in the assurance that the farmer's children will be able to support themselves, and that they will be able to support themselves, and that they will be able to support themselves.

**Births.**  
WALKER—At Bridgetown, Sept. 22nd, to the wife of Allen Walker, Esq., a son, named Allen Walker. The father is a well-known farmer, and the mother is a well-known housewife. The child is a healthy and vigorous one, and is expected to live long and prosper.

The child was born at a full term, and was a healthy and vigorous one. The father is a well-known farmer, and the mother is a well-known housewife. The child is a healthy and vigorous one, and is expected to live long and prosper.
