

An Ideal Factory— and an Ideal Roof

THE modern manufacturer floods his workrooms with sunshine, and his workmen keep in better health and do better work. Here is one of these factories. It is built in the most modern and scientific manner and is covered with a Barrett Specification Roof.

This is not to be wondered at. The wonder would be if some other type of roof had been specified, because most of the permanent structures of the country are covered with Barrett Specification Roofs.

This preference is due to the fact that such roofs cost less per year of service than any other kind; that they are free from all maintenance expenses and, further, because they are guaranteed for twenty years.

In addition, Barrett Specification Roofs take the base rate of fire insurance.

This combination of 20-Year Guaranty with low cost and low insurance rate has put these roofs in a class by themselves.

Guaranteed for 20 Years

We are now prepared to give a 20-Year Surety Bond Guaranty on every Barrett Specification Roof of fifty squares and over in all towns of 25,000 population and more, and in smaller places where our Inspection Service is available.

This Surety Bond will be issued by one of the largest surety companies in the world and will be furnished by us *without charge*. Our only requirements are that the roofing contractor shall be approved by us and that The Barrett Specification dated May 1, 1916, shall be strictly followed.

A copy of The Barrett 20-Year Specification, with roofing diagrams, sent free on request.
