SPRING HILL COAL!
AGENCY CUMBERLAND RAILWAY AND COAL COMPANY

We offer this now celebrated **COAL** at Reduced Prices, heretofore it has not been sold in this
market to any extent, owing to its high price.
It is a very superior Coal for domestic purposes, owing to its making less smoke or soot than any
other, and to its freedom from sulphur and clinker.
It ignites very readily and burns freely, and has only 4 1/2 per cent. of ash, less, we believe, than any
other now in the market.
It is particularly suitable for Ranges, Furnaces of any kind, or soft coal Magazine Stoves. And
for producing steam, we think nothing here can equal its advantages. It is easy on Furnace Bars, and
quicker time can be made with it than with any other Coal sold here. Give it a trial and you will be
convinced.
