approbation of our Episcopal Brethren, to take our title from the City of Toronto, and there to establish our Epis-

ln order to obtain the favour and blessing of Almighty field, We, by these presents, consecrate our Diocess and all those confided to our care to the most Sacred and most Adorable Heart of Jesus, and place them under the specal protection of the most pure and immaculate Heart of Mary, the mother of God. Let us, Dearly Beloved, frequently withdraw in spirit into the sacred Heart of our Redeemer, ever sensible to our necessities and to the wants of the whole Church, and there make some reparation for the innumerable offences daily committed against this sanctuary of the Divinity and fountain of all graces. Let us likewise beg of the Virgin Mother of the Saviour. by the immense love and tender affection which her heart always bore to that of the divine Son, to intercede for us. that we may all be of one heart and one mind, that we may obtain the true spirit of charity, humility, meckness and patience, and keep ourselves in the love of God, waiting for the mercy of the same Lord Jesus Christ until life everlasting. Now the God of Peace be with you all,

Amen. We hereby confirm and ratify as far as it may be neressary, all the statutes, ordinances, reservations and exceptions of our venerable Predecessors: we likewise renew all verbal permissions, granted without limitation of

ume, until the first day of August exclusively.
We are authorized by an Indult from the Holy See bearing date the ninth of January, to introduce into our diocess the Office and Mass of the Sacred Heart of Jesus to be said on the Friday after the octave of Corpus Christi. The Office and Mass are of the first class from this date.

The Diocess of Toronto comprehends all that part of the former Province of Upper Canada or diocess of Kingston to the west of the District of Newcastle, following, from Lake Ontario, the line which separates the Newcastle District from the Home District to lake Muskogo, and then drawing a line in a north easterly direction through the Muskogo and Moon rivers and lakes, to the mouth of the more westerly branch of the Two rivers, which empties itself into the Grand or Ottawa River.

THE present Pastoral Letter shall be read in the time of High Mass, or during the principal Mass, the first Sunday or Festival after its reception.

GIVEN under our Hand and Seal, at La Prairie on the festival of the apparition of St. Michael the Archangel, this 8th day of May, 1842. † MICHAEL L. † S.

BY HIS LORDSHIP'S COMMAND,
J. J. HAY, Sec. ad hoc. (True Copy.)

J. J. HAY, Sec. ad hoc. Note.-The Office and Mass of the Sacred Heart of Jesus are obligatory on the Clergy from this date: if however they are not to be found in the Missal or Breviary in their possession, we dispense with its recitation for this year.

TRINITY CHURCH, MONTREAL.-At Trinity Church yesterday a collection was made in aid of the funds of the Ladies' Benevolent Society. It amounted to the handsome sum of 444. The sermon was preached by the Rev. Mr. Mackie Chaplain to the Bishop.—Montreat Messen-

English Ecclesiastical Intelligence.

CONVERSIONS FROM POPERY .- On the evening of Tuesday last five converts from the Church of Rome were received into the Church of England at the church of St. Simon, Gloucester-street, by the Rev. J. R. Connor. The service used was the formulary compiled by the Rev Hugh M.Neile. The converts consisted of two males and three females. One of the males was a young English gentleman, and the other an operative, from Ireland. The females were intelligent-looking young women. At the conclusion of the service, Mr. Connor delivered an appropriate address from 1 Cor. xii. 31-" Yet show ! unto you a more excellent way." Several Clergymen were present on the occasion.—Liverpool Mail, April 30.

Another Conversion.—It is stated that a Prince of Lucca has joined himself to the ranks of the Protestants. CONVERSION OF THE JEWS .- On Sunday, the 8th, four respectable young men, members of the House of Israel, were received into the Church of Christ, by holy baptism, at the Episcopal Chapel of the London Society for Promoting Christianity among the Jews, in the presence of a very numerous congregation. On Wednesday evening last, after the annual sermon on behalf of the Operative Jewish Converts' Institution had been preached by the Rev. Charles Goodhart, at the above chapel, no less than 50 Hebrew Christians assembled in the large room of the institution to celebrate its 11th anniversary, by partaking of a simple, yet substantial, supper, provided for them by the committee.

Buston—We hear with pleasure that the splendid

chapel built for the Irvingites, on St. Augustine's Back, in this city, is likely to be purchased and dedicated to the service of the Church.—Bristol Journal.

Berlin, March 19 .- Brownish .- Eight of the 27 Anabaptists who caused themselves to be baptised a second time in the lake of Rummelsburg, on an intensely cold day, have been taken ill, and three of them have already died—namely, a man 73 years of age, a girl 12 years old, and a boy of 10. We have been positively assured that the Government intends to prohibit, under the severest penalties, all baptism by immersion, without a special permission from the local ecclesiastical authorities.

"PUSEVITE."—The Bishop of Worcester has issued a letter to the Rural Dean of Birmingham, in which he forbids the public use of the term "Pusevite" as applicable to those who entertain Tractarian opinions.—Berks Chronicle.

TRUE BENEFICENCE.-A gentleman of the name of Slade, an eminent and opulent merchant, a native of the town of Poole, has undertaken to build, at his own expense, five new churches in the colony of Newfoundland.

A LIBERAL CONGREGATION .- The Rev. Thomas Bagnall Baker, Minister of Woburn Episcopal Chapel, St Pancras, London, has received, during the course of the last year, (1841), the following approvable marks of Christian liberality. He received, at the beginning of the year, 400t, from the members of his congregation, and a denation of 1000th form and a constant of 1000th ionation of 1000/, from one person, to remove the incumbrances connected with his chapel, which is proprietary. About the middle of the same year, another person beautified the desks and pulpit with crimson velvet, cushion, &c. In December last, some other worshippers in his congregation presented a set of church books, bible, &c. for public worship. In the same month was also presented to him, a suit of clerical robes.

MUNIFICENT BEQUEST .- The late Mrs. Woodcock, of Cheltenham, has left to trustees the sum of £2,000, three per cent. consols, in trust to pay the dividend thereof for the benefit and towards the support and maintenance as well of the Church of England charity schools established in Sunderland and Bishop Wearmouth, as of the aged poor in those places in equal shares.

Canada.

THE CANADA COMPANY. (From the Patriot.)

The Canada Company have adopted a system of disposing of their lands in the Huron District, which will offer to Emigrants and others very striking facilities in permanently settling themselves and families on farms of their own, obtained by an casy course of payment on long credit.

The Company offer their lands to actual settlers on a species of lesse. No money is required down, and a rent of about five pence an acre is required for the first year, gradually increasing to the end of the twelfth year, when it will amount to forty pence the acre. At the end of that time the Company will grant a free Deed of the land, the consideration for which Deed will be the regular payments of the rents during the twelve years. Thus in fact the rents spread over that long period, amount in aggregate to the purchase money of the land,—such as the Company would sell it for absolutely in the first instance, exclusive of course of the interest of the various payments, for the long period for which credit is given.

By this system the poor but industrious settler can readily obtain land, and may enter on it with the almost positive cer-tainty that patience and attention will enable him easily to meet his payments. He is asked for no money on going on the land, and may thus be the better able to expend any little capital be may have in the purchase of farming implements and other

Decessaries. Twelve years' credit is the longest ever heard of in this country, and certainly places the agricultural settler in a position of far greater advantage than he ever could have enjoyed before. The old system of the Company was a credit of fice years, and one fifth of the money down. Few settlers of com-mon industry but can readily pay for their lands in a much less period than twelve years, and we doubt not but that thousands vill eagerly avail themselves of the proffered terms of the Canada Company.

The Huron District,-the splendid Estate of the Company, is, as every Western traveller knows, one of the most fertile and beautiful sections of country in Canada. Within its million of acres some six or seven thousand settlers are already located,-forming one of the most thoroughly loval and well-behaved populations in any part of British America. Its chief town, Goderich, is rapidly assuming a flourishing and attractive appearance. It already contains many hundred inhabitants, a handsome Gaol and Court-house, (with little business for either.) an endowed Rectory, grist and saw mills, and almost the only harbour on the eastern shore of Lake Huron. Vast sums have been expended there by the Company, and few, very few seasons will elapse, before a busy trade will be carried on from its excellent port to Moutreal and Quebec, when the wheat fields of the Huron begin to send their surplus produce to market. The chimate and the roads are both excellent; and we look forward with certainty to seeing, at no distant day, the Huron District one of the best peopled and richest sections of country in this vast and rapidly advancing Province.

COLONIAL RANK .- Her Majesty has been pleased to direct that those Gentlemen who were Members of the Executive Council of Upper and Lower Canada, respectively, at the date of the Union of the two Provinces, should retain the titular dis-tinction usually accorded to them, and should take precedence in the Province of Canada, according to the date of their several appointments, immediately after the Members of the Executive Council of the Province for the time being. By Command, T. W. C. Mundocu, Chief Secretary. - Canada Gazette.

Public Lands .- The Canada Gazette contains a proclamation, announcing the Royal Assent to the disposal of public lands, of which the following account is borrowed from the Mon-

"We learn that, by the last intelligence from England, official information has been received of the Royal sanction having been given to the Act, passed during the last Session of the Provincial Legislature, intituled "Au Act for the disposal of Public Lands." By this Act, it is provided that, with certain exceptions therein mentioned, no free grants of public lands shall be made to any person or persons what-oever; and claims to free grants arising out of any Government regulation, shall be determined by the Governor in Council. Claims for land under orders in Council are to be commuted for land scrip; such scrip to be issued by the Commissioner for Crown Lands and received in payment for public lands, equal in value to the land granted, calculating the value of such grant in Canada West at the price of four Shillings currency per acre; and the said scrip shall be issued in amounts not greater than five pounds in any one note, such notes being assignable by delivery .--Militia scrip issued in Lower Canada, shall be assignable by delivery, and received in payment for public lands at its nominal Receipts to be taken for scrip, and such scrip to b in full discharge of the claim. All unlocated lands shall be personal property, and dealt with accordingly; but the law re-lating to located lands, shall remain unaltered. No new claim, founded on Government regulations, shall be allowed, unless made before the first of January, 1843, and the price of public ands shall be regulated by the Governor in Council. Governor shall appoint a resident Agent in every District, who under the directions of the Commissioner for Crown Lands. shall make public sales, receiving the purchase money and granting receipts therefor. When the price is paid in full, the purchaser shall have his Letters Patent, free of expense. The rest of the provisions of the Act relate to the conduct of the Commissioners for Crown Lands and the District Agents."-

MEETING OF THE EXECUTIVE COUNCIL.-We understand that the Members of the Executive Council of the Province are summoned to meet His Excellency the Governor General at Montreal, forthwith. The Hon. Robert Baldwin Sullivan, President of the Council-the Hon. John Henry Dunn-the Hon. Samuel B. Harrison—and the Hon. President of the Board of Works, Hamilton II. Killaly, proceeded downward yesterday in the Royal Mail Steamer Brockville. This call of the Council probably refers to a number of new appointments necessary to be immediately made, and to take into considera-tion various matters connected with the general interests of the Province, previously to the departure of His Excellency for Halifax.—Kingston Chronicle.

THE NEW APPOINTMENTS .- Mr. Hincks has, within the last few days, proceeded to Montreal for the purpose of being sworn in as a Member of the Executive Council and Inspector General of the Province, he having received his commission these appointments. It is rumoufed that Mr. Baldwin will oppose Mr. Hincks in the approaching election for the County Oxford, and the result will show how far Mr. Hincks still retains the confidence of his constituents. In our columns today will be found the appointments of the Hon. Mr. Justice Vallieres to the Chief Justiceship of the King's Bench of the District of Montreal, and of the Hon. Mr. Mondelet as resident Judge of the District of Three Rivers. The same Gazette contains Commissions of the Peare for the Districts of Quebec Three Rivers, and Montreal. The augmentation of new Justices appears to be very great, and persons who were removed from the Commission in 1837 for their disloyalty, are fully

restored to the honours of the magistracy.—Ib.

St. Patrick's Society, Quenec.—The Earl of Caledon. who is an officer of one of the regiments stationed in that city, has given a donation of 251. to this Society.

FIRE AT MONTREAL .- About four o'clock yesterday afternoon, (Sunday, 12th instant), fire was discovered issuing from a wooden building on the premises of Mr. Tomkins, baker, Main-street, St. Lawrence Suburbs, and before the engines could be brought to the spot the flames had communicated to some wooden houses adjoining, on Lagauchetiere-street, and soon after extended across Lagauchetiere-street and to St. Dominique-street. We have not been able to ascertain the exact number of houses destroyed, but from a cursory survey, we make out that twelve dwelling houses and nearly as many out-buildings have been burnt down to the ground. Among these were two or three very good stone houses, besides as many more greatly damaged. At one time there was great anxiety manifested for the safety of the Montreal General Hospital.—A flake of fire, driven by the wind, lodged in the blinds of the cupola and ignited; and it was not without difficulty that two persons succeeded in reaching the summit and with an axe cut away the part on fire, thereby preventing its extending any further. This fire is the most destructive that we have had to record in this city for many years: to estimate the loss of property just now is impossible. The streets in the neighbourhood were filled with property of all descriptions, and the greatest confusion reigned when we left the scene of confiagration last evening. We must not omit to say that there appeared to be a great deficiency of water at hand when the engines first on the spot, from what cause we know not, and we believe that had one or two of them been well supplied at first the flames could have been confined to three or four buildings The military were early on the spot, and rendered good service until the fire was got under. We understand that the greater part of the property was insured,—the loss will consequently fall heavily upon the Insurance Companies of this city.— Montreal Courier.
