Thin Mess, nominal.
Ashes—Per 100 lbs—Pots, about \$3,75 to 3.80;
Pearls, \$5.40 to 550.

WEEKLY REVIEW.

The wholesale business has been quiet and there is not much stir in consequence of the near close of navigation. The Upper Canada boats have stopped running and the Grand Trunk have increased their rates to Ontario.

The knowledge of this fact has caused a little more activity in the gracery market, but there are no large transactions reported. The fall trade is now practically ended, and in a vessels, and the dulness of the early part of to 3.10; Philadelphias, \$3.15 to 3.29.

the winter will prevail. On the Corn Exchange the movement in flour, grain and provisions has been slow; flour closes firmer in sympathy with the advance reported in the English wheat markets. but provisions have still a downward tendency

in prices. LEATHER .- In the leather market the demand for the week has only been fair from the manufacturers, and prices remain as before for most descriptions of stock. Arrivals have not been heavy, and though stocks are ample for present requirements, they are not by any means heavy.

THE BOOT AND SHOE trade is quiet, sales being confined to small sorting parcels. Manufacturers are engaged in working up spring stocks, and travellers have left for the

Baw Funs .- In the raw fur market there are a good many small lots of skunk and rats, and a few minks offering. The prices asked, and in some instances for skunk and rats, received, were rather high, but the demand having been satisfied, the prices are again down.

IRON AND HARDWARE.-The last of the heavy orders have been shipped by water during the week, and the dregs only of the season's business has to be done. Orders have been light for some days past, and altogether the trade has been rather disappointing than otherwise the prices of the articles which enter most Plas, 3c per paper, Needles, Tapes, Braids, Trim- largely into consumption having gradually declined for some months past. Pig Iron-The market has been quiet and in buyers' favor for almost all brands, except those low in stock. There is very little, if any, Gartsherrie or Coltness in market; Summerlee is a little off at \$15 to \$16, and Langloan, \$15 to \$16, transactions as to quantity being preported within these rates and a shade under. There is not much Eglinton in stock, and holders are asking \$16 to \$17. Calder is held at \$15 to \$16, and firm. Carnbrae at \$14 and \$15, and Clyde at \$14.50 to \$15. Hematite, though lower, is a shade firmer at the decline, and may be quoted at \$20 to \$21.50 as to quantity. Bar Iron is in fair demand at \$1.69 to \$1.70 for Scotch and Staffordshire, and \$1.85 to \$2.20 for best. Bowling and Lacomoor bring \$5.25 to \$6.25. Canada Plates of all kinds are 10c to 20c lower. Tin Plates are dull and inactive as quoted, our revised list being 25c to 50c below our last. Almost all other articles are lower than the range of a few weeks ago, but a close of navigation will, as usual, harden prices, at least of heavy goods, which have been carried off during winter.

DRY Goods .- The principal event of the week has been the trade sale of Messrs. Ogilvy & Co., who are disposing of the balance of their fall stock preparatory to the removal of their business to Toronto. The attendance of buyers has been fairly large. In general dry goods, however, sales from the warehouse are small, but travellers are sending in a number of sorting up orders. The recent cold weather and snowfall have given an impetus to retail trade in the West, and good sorting up orders are looked for

during the coming week. The grocery market has been dull for job-bing parcels, but a more active business has been done with retailers. A number of buyers have visited the city to purchase their Christmas supplies before the close of navigation. Otherwise, however, the market is

unchanged; prices remain about the same. TEA—Is moving out fairly well in small lots to retailers, but the jobbing trade is very dull, and no important transactions have been

Coffee—Is somewhat easier in price, but

difficult to sell. Sugars-Are again lower, and we reduce quotations of American granulated extra C and yellow ic. The demand from retailers is moderately good, the present low prices inducing them to accumulate stock. Scotch is difficult to sell, even at a heavy loss on the cost price, awing to the extremely low price

of American yellow sugar. Spices.—This line of business is very quiet and prices unchanged except for allspice, which is dearer. There is no new rice here yet, and a small stock of old, which is moving slowly at unchanged prices.

SALT-Unchanged. Fish.—The demand has been very light and prices of Labrador herring lower at \$4.75 to \$5.00. The stock of all kinds is ample. Molasses -The sales foot up to about 200 hhds, and include Cuba and Porto Rico at 30c to 321c and Sugar house at 221c to 24c.

There is a moderately good demand for small

Facir is very quiet, the wholesale move- much above those that are paid to children, ment being slow, and prices have undergone and is in all respects, except cost, far more deno change since last report. Valencias sirable.

stendy at 4½c to 5c, and 4½c has been refused for good stock in large boxes. A firmer feeling is noticeable in currants, owing to an increase of 6d. to 8d. per cwt. in Greece, where it is thought bottom prices have been reached. New Sultanas are selling at 8c to 84c. Wal-

nuts scarce and inquired for. In the liquor market, jobbers have been busy during the past week, and prices of all goods remain very firm. Many transactions have taken place in Hennessey brandy at \$9.871 to \$10, and in DeKuyper red case gin at \$7.50, and for the latter article many holders are now asking \$7.75. News from France and Spain as to the result of the late vintage is not at all reassuring. The phylloxera has again made rapid strides towards the destruction of the brandy grape, and advices from Cognac state that one-half of the land under vine cultivation will only produce a fair crop, while the production of the balance will be a mere bagatelle. This or itself would lead us to expect that prices of this year's vintage must open higher than last spring, but the fact of the deliveries in the London market being very light lead us to hope that there will be no change.

Ous.-There is no change to report. There have been shall sales of cod at 421c to 45c for good; steam refined seal brings 47c to 48c pale seal about 45c, and straw, 40c; petroleum is steady at 17c for car lots, and 171c to 184c for smaller parcels.

CHEMICALS .- A fairly active demand has existed for seal soda, and, as stocks are light, the market is firm, with sales at about \$1.25; bicarb brings \$2.95; soda ash, \$1.40, and caustic soda \$2 50.

Provisions.—Butter—Receipts, 10,517 pkgs; shipments, 9,582 pkgs; for fine qualities of Eastern Townships there is a steady demand at firmer prfces, viz: 15c to 17c; medium grades are flat and common qualities are almost unsaleable. Cheese-Receipts, 15,169 boxes; shipments, 20,580 do; market depresed. Some lots of September and October make have sold here at 8c; August quoted at 7c to 73c. Ingersoll advices report market very dull. Lard—Quoted easier at Se to 9c according to quality and package.

GENERAL PRODUCE .- Ashes-Receipts at inspection stores from 1st January to 8th November, 1878: Pots, 7,974 brls. Pearls, 1,123 brls. Deliveries during the same period: Pots. 8,707 brls; Pearls, 1,494 brls.

TRADE REPORT.

Cincago, November 12 .- Hogs-Receipts, 31,000. Light grades, \$2.75 to 2.80; mixed week or two the harbor will be cleared of packers, \$2.75 to 2.95; heavy shipping, \$2.90

New York Markets.

New York, November 12 .- Cotton dull and unchunged.

Flour dull. Receipts, 19,000 bels; sales, 10,000 bris at \$3.25 to 3.70 for Superior State and Western; \$3.75 to 3.85 for Common to Choice Extra State: \$3.75 to 3.90 do, West-

Rye Flour-Quiet and unchanged. Wheat-Dull. Receipts, 237,000 bush : sales, 8,000 bush: No. 2 Red for December, \$1.07<u>l</u>c.

Rye-Dull. Western 55c to 60c; State 62c to 63c. Corn-Shade easier. Receipts, 100,000 bush:

sales, 30,000 bush at 46c to 47c. Barley-Dull. Oats-Quiet. Receipts, 9,000 bush : sales, 32,000 bush at 29c to 32lc for mixed Western and State: 291c to 37c for White do.

Pork-Steady at \$7.55. Lard—Firm at \$6.20. Butter 6c to 26c.

London Markets.

LONDON, Nov. 12.—Floating cargoes—Wheat rather easier; corn steady. Cargoes on passage—Wheat firmly held, but very dult; corn quitet. Arrivals off coast none. Liverpool spot wheat steady; corn quiet.

-A desire to lynch has been expressed in another New England town. A mob in Griswold, Conn., seized Tom Dawley, who had assaulted a woman, put a rope around his neck, and no doubt would have hanged him if officers had not interfered.

THE TEMPERATURE OF THE BODY .- At every period of life, at all seasons of the year, and from the tropics to the poles, in every clime and country, the temperature of the human body in health is the same to a degree—that is, uinety-eight Fahrenheit. -Since 1875 there has been a steady dimi-

nution in the number of children—especially those between 12 and 14-employed in factories in Berlin. This is due to the rigorous enactments for their protection, in carrying out which the Inspectors of Factories are aided by the police. Employers find, too, that adult labor can now be obtained at rates not

DAMPHLETS, DEEDS OF SALE.

PRINTED AT THE OFFICE OF

761 CRAIG ST., West of Victoria Square. THE CELEBRATED

THRASHING MACHINE.

Improved for 1878.

WE ARE NOW PREPARED TO DELIVER, ON RECEIPT OF SATISFACTORY orders, our Celebrated Hall Champion Thrashing Machine, to be driven by Horse or Steam Power. These machines have been without a rival for the past FIFTY YEARS. Nearly all the other Thrashing Machines are imitations of the Hall Machines, and have failed to give entire satisfaction. The Hall Machine has been

In the United States and Canada ever since introduced by the late JOSEPH HALL in 1828. The Hall Champion Thrashing Machine has been gradually and carefully improved each year as experience proved wise and desirable. No changes have been hastily made and called improvements. The greatest possible care has been exercised in the construction of all the working parts of the machine so as to save the necessity of repair and prevent annoying delays which are caused by breakages. Nothing but the very best of material has been used throughout the machine, and the workmanship is unsurpassed. Our machines are supplied with our

Patent=Diamond=Pointed=Cylinder=Teeth!

Worth three times as much as the ordinary teeth.

WE CAN SUPPLY PITTS, PLANET, OR HALL HORSE POWERS!

We are building a special machine for STEAM THRESHING—with 38-inch cylinder and 42-inch grain belt, and we also supply a Steam Engine which we guarantee to drive our Threshor in a first-class manner as rapidly as it can possibly be fed. Our Engine is made from the moss improved model used throughout the United States, and gives universal satisfaction. It is simple in construction, easily and perfectly governed, and not liable to accidents or to get out of order, and all danger from sparks entirely removed.

Circulars sent free upon application. For further particulars address

Joseph Hall Manufacturing Company, Oshawa. Ontario.

Now is the time to leave your orders, which will be properly attended by MANUFACTURERS. 652 CRAIG STREET, Near Bleury.

Third door to the right, near Bonsecours, Street,

A visit is respectfully solicited.
