IMPORTANT TO SHIPMASTERS AND CREWS. Some twenty years since, I was very seriously injured in one of my bips, by coming in contract with the anchor of the ship of which I was second mate. The bruise was so bad that my hip has given me great trouble most of the time since, until a year ago last April, when I heard of Davis' Pain Kille, and immediately procured a bottle, and by using it according to the directions, was entirely cured in about ten days, and have not experienced the least trouble from my complaint since.

Feeling the importance of having this valuable me dicine constantly by me, before starting for Europe in March last, in the ship Louvre, from New York, I purchased two large hottles to take with me. While at Antwerp, one of my crew was attack with a very severe dysentery ; I gave him the Pain Killer, and

it cured him in a hurry.

On my passage home, with one hundred and sixty four passengerr, I administered this valuable remedy to all who were sick, and nonetook it without getting relief. One lady passenger in particular was troubled with a bad headache, for which she said there was no cure, having been troubled with it most of the time for years, I told her I had a sure remedy, and gave her the Pain Killer, which to her surprise, did effect the cure she had long sought in vain for. I had as good a medicine chest as over was put on board a ship, but did not open it, there being no necessity for it—the Pain Killer answering all purpose. And I do most sincerely recommend to every shipmaster always to take a good supply of this valuable medicine with him on going to sea, as it is so valuable and convenient to use in case of wounds or bruises, which are liable to and frequently do happen to crews on shipboard.

DYSPEPSIA.

There is perhaps no disease which destroys the happiness and comfort of individuals, and families to the same extent as Dyspepsia or Indigestion. Previously to the discovery of the

OXYGENATED BITTERS,

There existed no medicine accessible to those suffering from this wide spread disease, which relieved it

in any marked degree. The power of these Bitters over the aboye named disease as well as over all those having their origin in imperfect digestion, and functional diseases of the stomach, as well as Ashma and General Debility is beyond all question.
Its speedy and permanent cures of some of the se-

verest and stubborn cases on record is sufficient confirmation of this fact. ONYGENATED BITTERS IN CANADA.

The Editor of the Montreal Pilot, Sept. 2 1856 cays:-There is no medicine we take so much pleasure in recommending to our friends as Dr. Green's Oxygenated Bitters. Unlike most proprietory medicines, it does not profess to care "all the ills flesh is heir to," but simply Dyspepsia and its attendent symptoms of derangement of the stomach. It has long been held in favour with our first medical men : some of whom are never backward in awarding merit where it belongs. Its success in our city has given it a reputa-tion surpassed by no other similar preparation. Our attention has been called to this subject by a young man in our office who had been suffering for some weeks severely from indigestion, loss of appetite &c. having been entirely relieved in a few days by the use of the Bitters; there are hundreds who will read this who need such a medicine, and would use it if they had half the confidence in it we have.

AYER'S CHERALINE PECTORAL CATHARTIC

Are you sick, feelle, and complaining? Are you out of order, with your system deranged, and cour feelings uncomfortally free symptoms, are oft a file preliate to serkens? Least Some iff of sickness is creeping upon you, and should be averted by a timely use of the right relative of the disordered inheath again. They stimulate the fine-tions of the body, and obstructs its natural functions. These, if not relieved, react upon the mestives and the surrounding organs, producing general aggravation, suffering, and disease. A cold settles somewhere in the body, and obstructs its natural and see how directly they restove the natural action of the system, and with it the buoyant feeling of health again. What is true and so apparent in this trivial and common complaint, is also true in many of the deposessed and dangerous distempers. The same purgative effort expels them. Caused by similar obstructions and d. Angements of the natural functions of the body, they are radilly, and many of them surely, cured by the same mounts.
