**Hon. Flora MacDonald (Kingston and the Islands):** Mr. Speaker, I rise to take part in this debate with the full intention of making my intervention as brief as possible. I realize that the bill we are discussing is similar to measures which have been before the House on other occasions. It is not my intention, therefore, to slow down the proceedings tonight. However, there are a couple of comments I should like to make and I am disappointed that the minister is not here to take note of them. In fact, neither the Minister of Public Works (Mr. Cosgrove) nor the Minister of Finance (Mr. MacEachen) is available on this occasion when the bill is before us for third reading.
