days before the day on which he proposes to issue such proclamation."

Your committee recommends that consideration be given to the conduct of a more detailed examination of Canada's present national parks policy and administration by a committee of the Senate at an appropriate time.

Respectfully submitted.

J. J. Connolly,  
Acting Chairman.

**Hon. Mr. Connolly (Ottawa West):** Honourable senators, it might be helpful if I said what the purpose of these amendments is. In certain circumstances under the conditions prescribed in the bill, a proclamation can be issued either to establish a national park or to extend the boundaries of an existing park. It was proposed by the committee that before any such proclamation should be issued, the intent to issue the proclamation should be advertised in the *Canada Gazette* for a period of 90 days before the proclamation is in fact issued.

The intention of this amendment was that people affected or disaffected by the proposed proclamation would then have an opportunity to make representation with reference to the action to be taken. That is the effect of the amendments of the three sections that are proposed to be amended by this report.

The other point about the report is a recommendation that at some appropriate time a committee of the Senate should consider the wisdom of examining the policy and administration with reference to the national parks of Canada.

**The Hon. the Speaker:** Honourable senators, when shall this report be taken into consideration?

**Hon. Mr. Connolly (Ottawa West)** moved that the report be placed on the Orders of the Day for consideration at the next sitting.

Motion agreed to.

### ADJOURNMENT

**Hon. Leopold Langlois:** Honourable senators, with leave of the Senate and notwithstanding rule 45(1)(g), I move that when the Senate adjourns today it do stand adjourned until Tuesday, July 3, 1973, at 8 o'clock in the evening.

Honourable senators, I have on several occasions in the past warned the Senate about the degree of reliance which should be placed on my prophecies as to what is to be expected from the other place. However, in giving the program for next week I wish to state that my information is to the effect that in addition to the incomplete items on the Orders of the Day it is expected that we will have the two income tax bills, Bill C-192 and Bill C-193. On Tuesday evening the Senate reform debate will be resumed as well as the debate on Senator van Roggen's inquiry.

The Banking, Trade and Commerce Committee will meet next Wednesday and Thursday in an effort to complete its report on the income tax bills and continue its study of direct foreign investment in Canada. The Special
