

Chronic Diseases of the Liver,
Chronic Diseases of the Kidneys,
Chest Diseases,
Lung Diseases,
Bronchitis,
Rheumatism,
Epilepsy,
Epileptic Fits,
Diseases of the Heart, whether organic
or functional,
Indigestion,
Stomach Complaints.

And those diseases in either sex which are better left unnamed, but from which unfortunately only too many erring and often repentant sinners are yearly sinking into premature graves.

We ask all suffering to give the above their earnest consideration, and promise them that if they will call at our office or write to us, they will receive at our hands *the greatest consideration, strictest privacy and skilful treatment.*
