

**Cleaner, easier cooking
for a few cents a day**

MODERN women no longer toil over old-fashioned stoves or ranges, and the inevitable grimy pans. They prepare the family meals easily, comfortably and quickly in the Gurney Electric way.

No soot, no dirt, no ashes—and no grimy pans when they've been on a Gurney Electric Range.

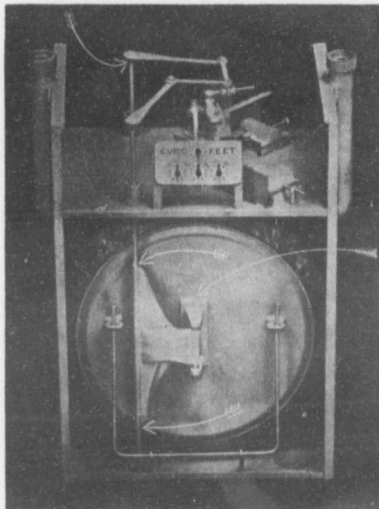

Cooking is pleasant because it is clean—it is an art, not a tiresome task, with a Gurney Electric.
