EPPS'S COCOA.

BREAKFAST,

"By a thorough knowledge of the natural
laws which govern the operations of digestion
and nutrition, and by a careful application of the
fine properties of the well-selected Cocoa, Mr.
Epps has provided our breakfast tables with a
delicately flavored beverage which may save
us many heavy doctors' bills. It is by the judicious
use of such articles of diet that a constitution may
be gradually fed up until strong enough to resist
every tendency to disease. Hundreds of subtle
maladies are floating around us ready to attack
wherever there is a weak point. We may escape
many a fatal shaft by keeping ourselves well forti-
fied with pure blood and a properly nourished
frame."—Civil Service Gazette.
