Magistrate Denison will decide whether two full grown men, one a principal of a public school and the other ers are, black and blue, and the skin mine will now proceed with vigor. broken in places. Principal John Spence and W. G. Frisbie, his assistant at the Kent School at Dufferin heard. The case will be continued

Wednesday next. They declared that the boy had reto combine forces that school disciplin be not humbled before the children. Mr. Corley suggested, having seen the livid bruises, that tthere must be some other way in which children of tender years could be dealt with.
"No school of that size can be run without absolute discipline," was the

lictum of the head master.

Magistrate Denison thought that it night be well to discipline older boys, out did not think that so severe me thods should be invoked even there. Principal Spence enlightened the court with adescription of his methods of securing or attempting to secure submission. He said that he had first ocked the youngster in a cupboard and told him he must remain there until he was willing to hold out his and. This did not work. Finally the boy was sent home to his father with a note. What was in the note did not appear.

SPECIAL DRUG SALE.

To-day being Good Friday and a holiday, the usual special sales that figure so largely in the domestic economy are being held over to Saturday. Special sales have developed in Toronto into a regular social institution and there is hardly any line of goods secured at popular prices. Among them no sale attracts more constant hebdominal attention than that of the F. E. Karn Co., Limited, corner of Queen and Victoria streets. Under the pre-sidency of W. T. Liddell, this wellknown drug store has increased its hold on the confidence of the public.

The claims the confidence of the public. It claims to be the largest cut-rate drug house in Canada and also that nothing is offered for the mere sake of cheapness, but everything at a moderate and uniform percentage of profit. This permits of the sale of drugs and goods of the highest quality and at the lowest possible price. For this Saturday week-end sale the Karn Company has selected many very attractive items, as will be seen by reference to its advertisement elsewhere in this

BOIL WATER IN SCHOOLS

Culture Club Offers Suggestions-To Enlarge Malvern School Grounds.

The question of pure water came up again yesterday afternoon before the property committee of the board of education. A communication was read from E. K. Cunningham, secretary of the culture club, asking that something be done at once. "The safest plan to adopt is to supply the schools with spring water," he stated, "but in the meantime boil the water." The question was referred to the management

low T. E. L. Situation Has Cleared, Aldermen Are Opposed to Delay.

There is now little doubt in city hall circles that P. W. Ellis, whose name has been sent on to the council the second time by the board of control, will be elected at the sitting of the council next Tuesday.

Several members of the council who opposed his appointment at the last

meeting did so only because they wanted to know whether the T. E. Le Company was going to sell. Now they see no need for delay. Others who opposed his appointment until after the hydro-electric commission had named their man have come to view things differently, and as no one was opposed to Mr. Ellis personally, it is expected that the appointment will be

SAVED BY FIRE DRILL

Sixty Girls Get Safely Out of New York Factory.

NEW YORK, April 13.-Sixty factory girls marched in unbroken ranks to safety down fire escapes and across roofs when fire broke out to-day in a six-story building occupied by the Manhattan Soap Company. Barbara Nolan, a young forewoman, who had designed and perfected the fire drill by daily practice since the Washington-place disaster, directed the retreating girls and was the last to reach the ground. The fire swept thru the building rapidly, causing damage estimated at \$150,000, and fire boats were required to prevent the conflagration from

Escape by the stairs was blocked by smoke and flame and firemen ran up ladders to adjoining buildings and brought many of the girls down from
