BRITISH WILL FEEL NEXT GERMAN DRIVE

Long Period of Offensive Action Looked for on West Front.

London, June 16.—The London press generally pays tribute to the valor of the French in withstanding and finally checking the recent impetuous rush of a vast German force. At the same time the value of the American co-operation in achieving this result is fully recognized.

Not only did the enemy, although taking valuable ground, fail to gain his object while suffering sensible losses in effectives, but it is contended that repeated postponements of the promised victory must materially weaken the confidence of his people at home.

In recognizing, however, that the crisis remains, the press is turning to speculation as to what point the German staff will choose for its next assault. This, it is maintained, must be revealed very soon, or the shortness of time remaining before the allies are strengthened by the full power of America. This, says The Daily News, will rob the enemy of his last dwindling hope of victory. According to The Daily Mail's correspondent on the British front, the expectation exists there that the enemy's next drive will be against the British.

BRITISH TRADE GAINS OVER MAY LAST YEAR

London, June 16.—The board of trade figures for the month of May show an increase in imports of £28,257,000 over the same period of last year. The principal increases were: Food, £25,000,000; raw cotton, £4,000,000, and oils, £3,000,000. Exports increased £1,529,000. There was an actual increase in cotton textiles of £4,500,000, but decreases in other commodities account for the reduced total increase.

OFFICIAL CHARGED WITH CONSPIRACY

Charles Alfred Vernon, Employed in Ministry of Munitions, Arrested.

London, June 16.—Charles Alfred Vernon, who is said to have been employed in an important capacity in the ministry of munitions, was charged in the Bow street police court today with conspiring with Sir Joseph Jones, former lord mayor of Sheffield, who was recently arrested on the charge of having communicated information useful to the enemy.

The case was adjourned until Wednesday next, when the two prisoners will be arraigned together.

Sir Joseph Jones, a prominent steel manufacturer, was born and educated in Germany and became a British subject by naturalization in 1874. It was indicated at the time of his arrest that a war office official might figure in the case, and yesterday the arrest of a "prominent official of the government office" in this connection was reported from London. It has been asserted in London reports of the case that the alleged offence was committed before the war began.

UNITED STATES NAVY IS GROWING SWIFTLY

Washington, June 16.—An increase of the naval enlisted strength to 131,485 men to man the fighting ships now in commission and these buildings will be a minimum requirement by July 1, 1919, Secretary Daniels today wrote Chairman Faggett of the house naval committee. The present enlisted permanent strength is 87,000 men.

Secretary Daniels transmitted a report from Rear-Admiral Palmer, chief of the bureau of navigation, emphasizing the need of additional officers, which said that two naval squadrons abroad have no designated commanders other than a British officer, and that five additional squadrons that will go across have no commanders.

Asked what the United States will do in the next two months which will have 114 submarine chasers operating in European waters, and a division of new super-dreadnoughts will be added to the fleet within the year. The new eagle, or Ford vessels, larger than the old destroyers, to be put into operation soon, Admiral Palmer said. "It will play an important part in our operations."

MEN WANT HIGHER PAY

Unskilled Labor Employees of Montreal Cheese and Provision Firms Walk Out.

Montreal, June 16.—A strike was declared yesterday among the unskilled labor employees at several of the cheese and provision firms in the city, among those affected being Lovell & Christmas, Limited, and A. A. Ayer Co., Limited. Mr. C. T. Pickett, the company's official stated Saturday that the men were striking for higher rates of pay, and that they walked out yesterday. The company is paying these employees 40 cents an hour at present for their work, an 18 cent standing rate of 50 cents an hour.

Mr. Pickett stated that the work of the company had not been affected, and that everything was going along as usual. He was of the opinion that the men would return to work within a few days.

ARTILLERY FIRE GROWS

Rome, June 16.—Artillery firing between the Laganae Valley and the Tonalé region, and took 16 Austrians captive and took war material at Cavanzonera.

RUSSIANS DESIRE TO SUPPORT ALLIES

If New Counter-Revolution Wins, Country May Come Back. SUCCESSES REPORTED.

Large Section of Siberia Now Held by Revolutionists.

Moscow, June 16.—More than three hundred arrests have been made by the Soviet Government in connection with the anti-soviet plot. Among those under arrest are M. Kishkin, minister of public welfare in the Kerensky cabinet, and M. Nalyanovitch, minister of justice in the Kerensky cabinet, and many other Social Democrat and Social Revolutionist disclosures made by the Soviet Government allege that the counter-revolutionary headquarters in Moscow have extended its organization through Siberia and central Russia under the name of "Union for Defence of the Fatherland and of Freedom."

The organization is accused of planning the overthrow of the soviets, and the establishment of a government standing for the interests of Russia, reorganization of the army on the old basis, and continuation of the war against Germany with the support of the allies. The organization is said to have consisted chiefly of former officers disguised in shabby clothes, traveling as bagmen and laborers.

The Czech-Slovak troops in their operations along the railways connecting Siberia with central Russia have temporarily cut off communication between the Siberian grain stores and Moscow and Petrograd, seriously menacing the bread rationing already in inadequate. The Czech-Slovaks now control the stations of Omsk and Novo-Nicholavsk and Tcheliabinsk, and also many smaller stations. Consequently they are able to prevent traffic from the Siberian granaries to both Moscow and Petrograd.

Novo-Nicholavsk, which is the nearest large city east of Omsk, the Czech-Slovaks joined with the White Guards in overthrowing the soviets, and have established what they call a new Siberian central government, which is the fourth government now claiming control in Siberia. The Bolshevik Government has sent emissaries to negotiate with the Czech-Slovak officers and hopes to arbitrate the dispute within the next few days. An attempt to disarm the Czech-Slovaks, who insist that they must be given the right to pass thru Siberia to Vladivostok, is on their way to the fighting front in France.

Rapidly Advancing. London, June 16.—The Czech-Slovak troops operating against the Russian Soviet Government in Siberia and the Ural region, continued their successes, according to an Exchange despatch from Moscow dated June 11. During the 9th and 10th of June, having occupied Samara, they advanced rapidly toward Omsk, a new division of troops, the 1st Siberian railroad from Tcheliabinsk to Omsk (a distance of 1250 miles), all the towns are in the hands of the Czech-Slovaks. Omsk was occupied on June 8 by a united force of Slavs and Cossack peasants under command of Colonel Ivanoff, who is having retired from Omsk and Tumen.

Advised that the large contingents of Czech-Slovaks in the far east, is noted in a Times despatch from Peking dated June 10, as having brought a new division of troops, the 2nd, to the fighting front. The division, it is said, are now scattered along the Siberian railway from Tcheliabinsk eastward on their way to the west, while about 14,000 of them have arrived at Vladivostok. Their presence at this port is causing irritation to the local Bolsheviks, who are anxious for the shipment of these troops overseas.

Meanwhile, Gen. Semenov, the anti-Bolshevik leader in Siberia, does not find his affairs prospering, according to these advices, which report that he has been obliged to retire to Daurska, a town in the far east. The Soviet prisoners of war opposing him is increasing. On the other hand, continues the correspondent, public feeling against the Bolsheviks is hot against the Bolsheviks. Manifestations against them are growing, but all the centres of population are dominated by the unnamed town behind the German lines. The government in the German lines has supplies of arms and ammunition making activities difficult. A small force of Cossack and others commanded by Admiral Kolchak is opposing the Bolsheviks on the eastern Manchurian border, near Vladivostok. The Bolsheviks are threatening to blow up the immense stores of ammunition in Vladivostok if Admiral Kolchak attacks them.

AMERICAN AVIATORS BOMB ENEMY STATION

Washington, June 16.—The successful bombing by American aviators of a station and railroad tracks in an unnamed town behind the German lines last night was reported in Gen. Pershing's communique last night. A number of enemy soldiers were made and all the American machines returned.

Aside from patrol work on the fronts held by American troops, the statement said.

UXBRIDGE LADS DROWNED

Went Bathing in Leaky Punt Which Sank Out of Their Depth.

Uxbridge, Ont., June 16.—Albert Ferguson, a printer, and Arthur Earl, a harness maker, were drowned in the electric light pond here about three o'clock today. They, in company with another companion named Watson, were bathing. They were all in an old punt that leaked, and as it began to fill with water, Watson jumped out and swam to shore. The other two, who could not swim, sank. Both bodies were recovered from the pond late today.

GAINS CONSOLIDATED

Paris, June 16.—An official statement issued last night says that the French army has captured 146 prisoners in the Tonalé region, and took 16 Austrians captive and took war material at Cavanzonera.

WHOLESALE FRUITS AND VEGETABLES

Strawberries—The feature of the wholesale fruit market Saturday was the almost prohibitive prices which were obtained for home-grown strawberries, the bulk of the choice ones selling at 95c to 37c per box, with an odd one of extra choice quality in well filled baskets going for 40c per box. This is the highest price ever paid for our berries and is exceptionally high when you compare the size of our boxes with the American can.

Apparagus—Apparagus prices also soared, choice quality in well filled baskets selling at \$1.50 to \$2.75, and a very few at \$3 per 11-quart basket, some not so good in slacked filled, one going as low as \$1.75 to \$2.

Cabbages—Cabbages continue to be scarce, and prices are steadily mounting upward; Saturday's receipts selling at \$2 to \$2.18 per four-basket carrier; new potatoes, \$1.50 to \$1.85 per bushel; McWilliam's Everet had a car of Virginia cabbages, selling at 90c to \$1 each; a car of watermelons at 90c to \$1 each; strawberries at 25c to 37c per box; Canadian cherries at \$1.25 per quart basket; gooseberries at 75c to \$1 per six-quart basket.
