The figures at the top of this ad. are Bona Fide and represent the amount of our clothing stock, which, by the way is all new and contains no old lines.

Our sole reason for telling you this is to say that from a stock the size of ours it's possible to please 99 per cent. of intending buyers. hardly need make the assertion that VERY FEW clothing houses in Canada carry a \$50,000 stock. are c'othiers from the word "GO."

HAMILTON, May 9 .- (Special.)-By a vote of 7 to 6 to-night the committee appointed to confer with the Cataract Power Company, the following motion, moved by Ald. McLaren and Jutten was passed: "That the street railway be asked to place before this committee in conference a plan suitable to the city's need and state what concessions it asks for in lieu thereof."

Ald, Dickson, who was in the chair, said that unless the meaning of, the motion was that there would be a conference whether the company acceded to the request or not, he would rule the motion out of order. Ald. Lewis said his conduct was reprehensible and unmanly. Ald, McLaren said that his motion meant that there was to be a conference whether the company answered or not. The whole of the street railway bylaw was looked over, a majority of these present agreed that it set forth plainly what the city needed in the way of the street railway, but the Ontario Railway and Municipal Board interpreted it otherwise. The city solicitor admitted that the clauses that the company refused to carry out were so much waste paper, because the courts would not order a specific performance, and the railway board had ruled that "good cars, with all modern improvements" did not mean new cars. Aid. Peebles said the figures showed that the street railway was a paying proposition, altho the Cataract people claimed that it was not.
