The London Times Reviews the War Situation.

Cervera's Much-Boasted Strategy ls Not Apparent.

Lost a Good Chance to Deal an Effective Blow.

Talk of a Franco-Spanish Alliance-Vice-President of the Cuban Republic En Route to Washington.

THE WAR SITUATION REVIEWED. London, May 23.-The Times this morning, in an article, reviewing the war, takes it for granted that Admiral Cervera's squadron coaled in Venezuelan waters from four British colliers. It suggestes that the cruisers Vizcaya and Infanta Maria Teresa suffered from a disadvantage in being reported there. in consideration of their inability to send dispatches to Gen. Blanco, and

TOO SLOW. escape observation, Admiral Cervera's Spanish torpedo boat destroyer Terror force has been excessively deliberate in and the hospital ship Alciente in the its movements, and its fast cruisers Port De France harbor, it is thought estimated to cost \$16,000. A sum of have not yet shown great speed. Pos- these vessels will coal from her at sea \$11,000 has just been voted by the sibly his movements are hampered by and that she will then go to meet Adhouse, which will be expended for the torpedo boats, but the extreme miral Cervera's squadron for the same slowness of his ocean steaming destroy- purpose. Sampson's raid on San Juan de Porto

"The high speed of the Spanish cruiser squadron so far has not been turned to any account; and although its arrival at Santiago deCuba may have spondent of the Times, commenting on some moral value in assuring the Cuban garrisons that they are not aban- any large number of insurgents will doned, no naval object seems to have ever fight for the Americans is conbeen attained. The United States com- sidered extremely doubtful, but despite on May 24 and 25. She will return to and have had time to concentrate sumanders now know where the enemy is, perior force and to

COVER THEIR VULNERABLE

POINTS." Discussing the problem of a blockade of Admiral Cervera at Santiago de upon the efficient assistance from the Cuba, or an attempt to force him to insurgents which it evidently expected give battle, the Times article says:"The Unite States commanders possess ample force; but night and the speed of the Spanish cruisers will give them

CHANCES TO ESCAPE. The result will be watched with much interest. The defenses of Santiago are Province, on the north coast. The probably no more effective than those troops were massed upon the shore, and of Manila. To take the United States cruisers into this harbor, in face of a powerful fire from Cervera's force, would be a risky operation. but a torpedo flotilla, if it existed in either fleet, might find opportunities for effective work.

IF HE GETS COAL. "If Admiral Cervera succeeds in getting to sea and obtaining coal, he will unquestionably hamper the Cuban blockade, although he can obtain no direct advantage. It is evident that the monitors greatly delay Admiral Sampson's squadron. Such an incubus imposes heavy disabilities upon a modern fleet; and a fast squadron capable of pursuing the Spanish fleet if they leave the port is urgently needed.

The Lafayette (Ind.) Daily Call has to be no reason why Admiral Cervera "Failing such a force, there appears following, which concerns a West should not steam to San Juan de Porto Admiral Cervera can avail himself of would have no important results, but it would gravely interfere with the oper-

THE LESSON LEARNED. "Reviewing the whole field of operations, the most important lesson is the effect produced by the presence of a small, compact, high-speed squadron, which, however, hitherto has been somewhat aimlessly employed. From the moment when it was known that this squadron had arrived off Martinique, all the plans of the United States board of strategy were disarranged. By undertaking a bombardment of the at San Juan nothing has been gained. The United States has been affected by the lack of a fast, homogenous squadron.

whom he may well be proud, a young commanders. Councils have never lady who commands much love and esteem in the community where she retion and to forward it to the admirals, right, and as the consort, of a young who must be, as Nelson claimed the right to be, free to act when the fit-

.Cape Race ... A Running Sore Pronounced Incurable by Eight Doctors-Cured by Dr.

Chase. Mr. R. D. Robbins, 148 Cowan avenue, Toronto, says: "I had a bad leg which was simply unsightly. From below the knee to the ankle was one great sore. Eight doctors treated me without benefit. I was induced to try Dr. Chase's Ointment, which cured me, and all that remains to be seen are

the scars." Crescent Chainless Bicycles.

We have received our sample of the bevel-gear Crescent Chainless Bicycle. Would like all wheel riders to call and examine it. We want the opinion of the riders on this wheel, and would ask an investigation. You will oblige us by accepting this invitation. It is sold at the moderate price of \$85. JAMES REID & CO., Hardware Merchants, 118 Dundas street.

Every man stamps his own value upon himself, and we are great or little according to our own will. LIFE SAVED .- Mr. James Bryson Cameron writes: "I was confined to my bed with inflammation of the lungs and was given up by physicians. A neighbor advised me to try Dr. At Belleville Asa Wallbridge, aged Thomas' Eclectric Oil, stating that his wife had used it for a throat trouble

with the best results. Acting on this advice, I procured the medicine, and less than half a bottle cured me; I BOARD OF STRATEGY "N. G." ing of sidewalks on these streets: "It would be wise in future to leave the direction of operations to naval to Cynthia; west side Edward to Cynthia; west side Edwa Scott's Emulsion is Cod Liver Oil certainly believe it saved my life. It
