LOCAL MARKET.

London, Wednesday. July 25. demand for the 25 loads of hay was rather slow; sales were made at \$8 per ton, a few loads selling at \$8 25, and occasionally at \$8 50 per ton. No straw offered. For the four loads of oats that were offered \$1 18 to \$1 20 was paid. The drop in prices is attributed to the fact that grain dealers had closed up today.

Grain-Large offerings of oats during the week, especially the past couple of days, have caused prices to drop a little. Sales are made at \$1 18 to \$1 20 per cwt. Wheat is selling at 15c per bushel; not much offered.

Hay and Straw-Hay is coming in quite freely. There is a big difference in the quality. Sales are fairly brisk M \$7 50 to \$8 50 per ton. Straw is not very plentiful, there is, however, not many inquiries. Sales are made at \$5 50 per ton.

Butter and Eggs-Butter is in good demand as the dealers' and grocers' stocks are light. Prices are steady at 19 to 21 cents for choice crocks and 21 to 22 cents for pound rolls by the basket. Eggs are just a shade easier. The grocers are paying 17 cents per dozen for strictly fresh laid. The dealers say that they obtain their supply at 16 cents per dozen for crates and basket lots.

Fruits-Red raspberries are in demand at 10 cents per box wholesale. Black raspberries 10 to 11 cents per box. Black currants 10 to 12 cents per box. Gooseberries 81/2 to 10 cents per box. Apples are dull at 15 to 25 cents per peck.

Potatoes-Trade is slow as they are only purchased for present requirements. Prices easier at 75 to 90 cents per bushel.

Poultry-Spring chickens are in demand at 50c to 60c per pair alive, or are a trifle slow at 60c to 75c per pair alive, or 70c to \$1 per pair dressed; by the pound 8c to 81/2c alive, or 10c dressed. Ducks are selling well at 70c

Live Hogs-Price here last Monday was \$7 60 per cwt. It is expected that about \$7 75 per cwt will be the figures for next Monday. Small pigs are scarce
