Jersey City Beats Rochester Bangs Ball With Four on -Bisons Trimmed by Baltimore.

BINGHAMTON, May 8.—"Rabbit" Seventeenth inning, scoring Barnes ahead of him, broke up a pitching duel between Barnes and Justin that was nip and tuck all the way. Both players were wild, but kept the hits well scattered. A grand celebration preceded the game, in which all the local civic organizations marched through the streets to the ball park. A cold, biting wind blew over the field and made it uncomfortable for the 6.000 fans that attended the opening game.

WHY NOT A MANUFACTURERS' BASEBALL LEAGUE?

Whether it is the drain made on the young blood of the city through the is sporting fever, it would appear that there is little chance of the organization of a manufacturers' league in this city.

Approached by one interested in the formation of a baseball league, several manufacturers expressed the belief that it would be difficult to secure a sufficient number of good players to warrant the organizing of teams.

A manufacturers' league in London, whether the sport involved was hockey, football or baseball, has always been a success. Interest waned considerably the first year of the war, and since that time little effort to promote sport among manufacturing concerns has been made. The McCormick Manufacturing Company indicated its willingness of joining

Boilermaker of Old London Made World's Rivet Driving Record

LONDON, May 8 .- The record made recently by Charles Schoeck, who at Baltimore grove in 2,720 rivets in nine denies the newspaper reports that is dead of consumption. Alfie never is a lie, so we may as well believe workmen of Fraser & Fraser, engineers and boilermakers, asked the manageworkmen of Fraser & Fraser, engineers and boilermakers, asked the management to give them an opportunity of beating Schoek's record, and the effort was made yesterday by a picked squad under Robert Farrant, aged 31. He is of a family of eighteen, and his father, aged 61, is a riveter in the same yard. The yard set out to do 2,850 rivets in nine hours, so as to beat Schoeck's nine hours, so as to beat Schoeck's igure, but Farrant passed that total in hours. Going on, he hammered in 7 rivets in nine hours, an average of 4.267 rivets in nine hours, an average of slightly less than 475 an hour, or one rivet every 7½ seconds. This is claimed to be a world record.

At the finish Farrant's squad received an ovation from their fellow-workers. Farrant looked as fresh at the finish as he did at the start. Representatives of the ministry of munitions and other departments were present.

Alfred Shrubb Denies Report That He Is Dying of the T. B.

TORONTO, May 8. — The Toronto Star has received the following from Alfred Shrubb:
Sporting Editor of the Star:
I was much surprised to see in your paper on Sunday a report that I was very ill and dying. I cannot understand how New York cannot understand how New York got such a report. I am glad to say that I am in the best of health and getting along with my little farm splendidly. I am raising chickens and ducks and helping a friend of mine, Mr. Morden, I never felt better than I do now. I am out to win the war on the farm. I wish you would kindly correct the report through your valuable paper, so that my many friends in America and England and Canada will know the report is not true. Tell them all I am ready to run a five-mile race at any moment, to prove I am as fit as a fiddle.
