the maritime provinces, Ontario and elsewhere, the need of greater housing accommodation is painfully apparent. The information regarding shipbuilding is most gratifying, and we hope that what is said regarding road building by both our Quebec and Ontario representatives will be carefully studied, and will have some effect in hastening the progress of the work on the very necessary aid to economical transportation.

The prairie provinces suffered from bad weather and produced only an ordinary harvest. This harvest, however, would have been very gratifying but for the terrible needs of Europe at the moment.

The most all the reports there are statements of great importance in regard to mining. Our reports from British Columbia and the three Pacific States all exhibit marked prosperity, especially in view of the great variety of their products and minerals.

Shipbuilding Program. In the effort to overcome the difficulties of the transport by sea, and for the further purpose of building up foreign trade with new countries, the Government of Canada has entered upon a large shipbuilding program. Foreign Trade. In a supplement to our August monthly letter we published some of the information gathered by representatives of the Bank who recently visited Australia, New Zealand, Japan, Korea, Manchuria, and China in the interests of the foreign trade of Canada. While it is reasonably clear that our exports to these countries will consist mainly of the products of the field, the forest, the mine and the sea, the great staples of our country, we must hope steadily to increase the export of our commodities on which we have spent the maximum of labor rather than those on which we have spent the minimum of labor.

Went to Sea in Motor Boat; 16 Spaniards Believed Drowned. Madrid, Jan. 13.—Despatches from Malaga report the disappearance of a motorboat containing 16 men and women, including a child, who were on excursion to sea. Steamers and airplanes set out to search for the motorboat, but without finding any trace of it and it is believed its occupants have been drowned.

What a Relief When All the Family Eat the Same Foods! Avoid Dyspepsia, Sour Risings, Gas—Indigestion From Breakfast Sausage to Dinner Mince Pie.

After mother has struggled two or three hours over a hot fire to do the cooking for a hungry family, it is real enjoyment when there isn't a dyspeptic jinx among them. Of course, a case of dyspepsia or daily indigestion must be looked after. But it is far better to be able to prevent it as well as to treat it. Dyspepsia is a common ailment, and it is caused by a variety of factors, including indigestion, overeating, and a lack of exercise.

We have said before that Canada can solve its post-war problems more readily than almost any other country, but this of course means Canada at its best. We shall hope, settle our problems of taxation with reasonable fairness and common sense; so improve the relations between labor and capital that the country can do its very best in production; so direct the large immigration, which is coming both from Europe and from the United States when transportation becomes less difficult and less costly, that it will greatly increase the numbers both of settlers and of workers in factories and offices; and so keep the peace and the whole of the United States in a lessening of producer's effect of price-fixing, and so keep the peace and the whole of the United States in a lessening of producer's effect of price-fixing.

## TO REFORM TURKEY BY ONE POWER'S AID

Turkish Government's Note to Allies Elicits Favorable Comment.

Constantinople, Jan. 13.—Favorable comment has been aroused by the initiative of the Turkish government in addressing its recent note to the entente and the United States, an outline of which is published in the local papers. The note maintains that interference with Turkey unity and independence means the creation of a centre of endless chaos in the near east. As an alternative, the Sultan's Porte offers the reformation of Turkey with the help of a single power.

The newspapers in their comment declare that the note is not merely a move of oriental diplomacy, but is prompted by the need of a good and progressive government, which is realized by all the people of Turkey as necessary to save their ease from the cause which were back of the Balkan war and also the world war. The government and people, the commentators assert are conscious of the difficulty of the situation and of the lack of material, equipment and experts, and desire the temporary help of a single power because international law is impractical and would be full of rivalries.

In authoritative circles it is pointed out that the experiment of internal control of reforms in the east has been tried repeatedly and has always resulted in failure. A big meeting is being prepared to express popular sympathy with the demand of the government for expert outside aid in the execution of a stable government which would guarantee an equal chance for all the races in Turkey.

## PURCHASE AERO FLEET IN UNITED STATES

New York, Jan. 13.—French interests operating aero passenger lines in the Orient have purchased in this country 11 airplanes, spare parts and supplies, valued at \$400,000, the Manufacturers' Aircraft Association announced today. The shipment is now on its way by rail to San Francisco, whence it will be sent to Japan, China and the Philippines.

This is the first commercial shipment of airplanes sent by American manufacturers to the Orient. The Chinese government recently purchased British war machines valued at \$400,000. Pilots and mechanics to be used in the Orient passenger service will be recruited in this country, and will sail from San Francisco on the steamer Dacre.

## Swiss Doubtful of Entering League of Nations' Compact

Berne, Jan. 13.—Discussion of the growing difficulties attending Switzerland's proposed adherence to the league of nations is occupying considerable space in the Swiss press. The prime difficulty pointed out is the opposition of the supreme council to granting Switzerland a special position in the league, which would be a second difficulty upon which stress is laid is the non-adherence of the United States to the league, that organization which would be a second difficulty upon which stress is laid is the non-adherence of the United States to the league.

## THE TORTURES OF RHEUMATISM

Happily Stopped When He Began to Take "Fruit-a-tives."

Ottawa, Jan. 13.—"For a year, I suffered with Rheumatism, being forced to stay in bed for five months. I tried all kinds of medicine without relief and thought I would never be able to walk again. One day, while lying in bed, I read about 'Fruit-a-tives,' the great fruit medicine; and it seemed just what I needed so I decided to try it. The first box helped me, and I took the tablets regularly until every trace of the Rheumatism left me."

## RED PROPAGANDA FOR TURKISTAN

Bolsheviki Preparing to Send Special Train With Literature and Printing Press.

Washington, Jan. 13.—Elaborate preparations made by the Russian Bolsheviki to spread their propaganda in Turkistan are disclosed in an intercepted wireless message made public today by the state department. The message was addressed to the national bureau at Tashkent, and said it was the purpose to send a train to be known as the "Red East" into Turkistan. The train, according to the message, was to be supplied with literature in Mussulman and Russian languages, "for cultural and educational work," and also with a printing press with Mussulman and Russian type, a wireless apparatus, a bureau for complaints, a cinematograph and lecturers. Some of the lecturers were chosen from among those well acquainted with the "local dialects and the style of living of the population of Turkistan."

## Saskatchewan to Legislate In Aid of Secondary Schools

Regina, Sask., Jan. 13.—Legislation will probably be brought down during the present session of the Saskatchewan assembly enabling high school boards to levy a tax through the municipalities surrounding the school to provide for the secondary education of rural pupils. It was intimated by the Hon. George Langley, minister of education, that the bill would be introduced during the session.

## ONLY TABLETS MARKED "BAYER" ARE ASPIRIN

Not Aspirin At All without the "Bayer Cross"

For Colds, Pain, Headache, Neuralgia, Toothache, Earache, and for Rheumatism, Lumbago, Sciatica, Neuritis, take Aspirin marked with the name "Bayer" or you are not taking Aspirin at all. Accept only "Bayer Tablets of Aspirin" in an unbroken "Bayer" package which contains complete directions. Then you are getting real Aspirin—the genuine Aspirin prescribed by physicians for over nine years. Now made in Canada. Handy tin boxes containing 12 tablets cost but a few cents. Druggists also sell larger "Bayer" packages.

There is only one Aspirin—"Bayer"—You must say "Bayer" Aspirin is the trade mark (registered in Canada) of Bayer Manufacturing of Monheim, Germany. While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

## SENDING A TEAM TO BISLEY SHOOT

Dominion Rifle Association Now Arranging for Representatives.

Ottawa, Jan. 13.—The Dominion of Canada Rifle Association will send a representative rifle team to the National Rifle Association competitions at Bisley this year, and arrangements are now under way for their selection. Each provincial rifle association will be asked to select one or more men, according to the plan decided upon, but the final decision as to the composition of the team will be left to a selection committee of the Dominion Rifle Association. All members of the team must conform to the age limit of the C.R.F., which, in the case of N.C.O.s and men, is 45 years.

The annual business meeting of the D.C.R.A. will be held in Ottawa on Friday, Feb. 27, at 11 o'clock in the morning, when the officers for the coming year will be selected.

The Dominion of Canada Rifle Association will resume its annual rifle competitions at Rockcliffe Range this summer, when a full week's shooting will commence on Aug. 18. This is one week earlier than usual, and the change has been made in order to try and ensure better weather conditions.

The only rifle permitted in the regular competitions will be the short M. Lee-Enfield, with sights as issued. This is the service rifle, and the same as is to be used at the Bisley match in England in July. The matches will be open to all members of the militia or ex-members of the Canadian Expeditionary Force.
