THREE OF THE FOUR BUDGET RESOLUTIONS PASS IN COMMONS

One Imposing Luxury Tax Remains—Some Would Tax Hydro.

TORONTO POSTAL VOTE

Ottawa, June 4.—(By Canadian Press)—Three of the four budget resolutions passed through the house today with comparative ease. They were the resolutions referring to: (a) business profits tax (b) income tax (c) tariff changes, viz., placing appliances for the blind and certain books on the free list and repealing the extra 1.4 per cent. war duty where still imposed.

But the main resolution remains. This is the resolution imposing the new luxury taxes, increasing the excise taxes on automobiles, increasing beer, wine and spirit duties and levying a sales tax of one per cent. Here, it is expected, discussion will be protracted, with the probability of a number of government amendments.

Taxpayers' Returns. Today's criticism turned chiefly on administration. It was brought out that men who had failed to make income tax returns for 1917 and 1918 came forward now and admitted their error they would not be penalized. But the man who had not made his 1919 return would be subjected to the penalties of the law. Was this hardly fair? queried Mr. Euler of North Waterloo. The minister of finance took the view that there was no excuse for a taxpayer failing to make a return for 1919.

Another point was raised by Hon. T. W. Crothers, formerly minister of labor in the Union government. Mr. Crothers complained that the taxation statutes were so complicated the average man could not understand them. After studying the statutes for half a day I am no wiser," he said, urging that the statutes should be consolidated.

Would Tax the Hydro. Some of the Quebec members urged that the Hydro-Electric of Ontario should be subjected to business profit tax as were the private electric power companies of Quebec. But Sir Henry did not agree. Private companies, he argued, were taxed merely on their excess profits. The Hydro-Electric was not operated for profit and therefore had no excess profits to tax.

During the remainder of the sitting, the house discussed the duties of the civil service commission. The estimates for 1920-21, the estimates for 1921-22, and the estimates for 1922-23.

'SHORT-CIRCUITING' TROUBLING SPENCE

Still a Very Easy Matter to Secure Liquor, He Says. A "BONE DRY" CANADA

Temperance Men Who Are Not "Slouchers" Urged to Fight Hard.

Kemptville, Ont., June 4.—At the Montreal Methodist conference this afternoon, Rev. J. Spence, secretary of the Dominion Alliance, dealt with the progress which the present provincial government and the people generally, had made in the matter of prohibition, but pointed to the weakness in the legislation which, at present, exists. "Short-circuiting," which in many cases has been resorted to, he said, is a very easy matter to secure liquor, had not been touched, for instance, by Bill 28. The government had made it possible to go to the federal government and apply for a referendum on the question, but there was a division of opinion as to the feasibility of this course. That every temperance man who was not "a sloucher or a sloucher" should get out and fight hard for total prohibition was his advice.

"We shall have, in time, a Dominion-wide prohibition law and we should not rest content until we have this law," he continued. "A law that will put the stop to the exportation, importation, transportation and consumption of liquor in this country."

Quebec Not Laggard. Rev. John H. Carson, Montreal, also dealt extensively with the liquor question and appealed for cooperation between the province of Ontario and Quebec if the fight was to be a success. "It may surprise some of you gentlemen in Ontario to know that in Quebec we have a prohibition law, and Quebec is not very far behind you. We have a law that prohibits the sale of everything but beer and wine. Your province is in a position which avoided the wine out of yours."

"But what about your wine then?" called out a layman from the rear of the church in question which evoked considerable mirth. "Well, you can take that, too," was the solemn rejoinder of the speaker. Continuing, Mr. Carson declared that he wanted the conference to commit itself to a national prohibition law and be satisfied with nothing less.

OLD STEAM-ROLLER IS BUSY, GEN. WOOD'S BACKERS CHARGE

It Was a Lowden Day in Republican National Committee at Chicago—Race Issues to Fore in Georgia and South Carolina Contests.

Chicago, June 4.—Decisions of the Republican national committee, which today disposed of 25 contests for seats in the national convention of the party tonight brought a charge of "steam-roller" tactics from Senator Moses of New Hampshire, who conducted General Wood's pre-convention campaign in the southern states. He issued a lengthy statement, whose tone was in sharp contrast to the jubilant notes that came from the Lowden headquarters.

"Evidently a mistake has been made," said Senator Moses' statement. "The steam roller which was used so effectively in the convention of 1912, and with such disastrous results to the party in the election following, has not been scrapped after all. It has merely been in the machine shop for repairs and for some numerous attachments."

The forces of Governor Lowden, of Illinois, counted 25 delegates to the Republican national convention into their column as a result of today's decisions of contests by the Republican national committee. The Wood forces lost accordingly. The spectacular decision of the day was the long delayed contest from Georgia, where the Lowden delegates headed by Henry Lincoln Johnson, an Atlanta negro, were opposing a set favorable to Wood. Johnson's four delegates-at-large, and two district delegates were seated.

Georgia and South Carolina contests brought the race issue and the color line into the deliberation of the committee despite all efforts to keep them out. The South Carolina delegation led by National Committeeman Tolbert and favoring Lowden was seated, Johnson from Georgia and a small army of negro followers re-nacted scenes of an old-fashioned camp meeting when they heard of their victory. They danced and shouted, raising such a din outside the committee room that proceedings were interrupted.

All the Paraphernalia. By comparison with previous conventions all the scenery and props are on hand for this year's big show. There are miles of bunting flapping and fluttering in the late spring breeze of Lake Michigan; there are buttons, badges and souvenirs by the hoghead; there are bands by the score all ready to begin blaring the campaign anthems; there are rosters and posters preparing their address for the uproar; there are enthusiasts ready to parade at a moment's notice and to cheer with the winners and mourn with the losers.

At the present stage of progress there is hope among the national committeemen that they may finish their work Saturday.

GERMAN GENERALS SWEAR ALLEGIANCE

Commanders of Reichswehr Summoned Before President and Defence Minister.

Berlin, June 4.—All the generals commanding Reichswehr forces were summoned to Berlin yesterday, and in the presence of President Ebert and Minister of Defence Gessler, testified to their allegiance to the republic. In alluding to the army, Major-General Von Seucht, the chief of staff, said: "We who have grown up under conditions sacred to memory and have gone thru the school of an honorably fought war, purposed to imbue the new army with the old and tried soldierly principles in a spirit of patriotism, uniting all classes."

The general appealed to all Germans to have confidence in the army. Herr Gessler said that every man was entitled to his own political opinions, but he was expected to perform his duty to the state. The army must serve the nation and not any party, the minister declared. Speaking with regard to the election he said he was able to state on the authority of Chancellor Mueller, that in any event a constitutional government would be formed.

President Ebert said he fully understood the difficulties facing the officers who had been thrown out of their profession, owing to the enforced reduction of the army. He paid tribute to their services and emphasized the prime necessity of maintaining internal order if the country was to be saved and brought back to life.

PRESBYTERIANS NEAR CALL FOR MORE MEN TO BE MISSIONARIES

Actual Workers in Foreign Fields Tell of Progress in Spreading the Faith.

A DOZEN SPEAKERS

Ottawa, June 4.—(By Canadian Press)—The general assembly of the Presbyterian church in Canada, having listened yesterday to the administrative side of missionary work, tonight heard from the actual missionaries in the field of the progress being made in winning the heathen to the Christian faith in China, India and the West Indies. There were a dozen speakers, and each gave vivid accounts regarding the field work of evangelizing which lay in the way of the difficulty being made, and more particularly of the great need for missionaries in the various fields. Every one of the speakers closed his address with an urgent appeal for volunteers for the field. They are needed badly in India and China.

Dr. Pringle Presides. Lieut.-Col. Rev. Dr. John Pringle, last year's moderator, was in the chair, and there was an audience which filled every part of the great church. In thanking the missionaries for their addresses, Dr. Pringle said that he hoped they would all carry home with them the messages which the workers had given to them, and so get a new vision of the great work of the Christian mission in the world.

HOLE IN THE WALL DELIVERS WHISKEY

Small Boy Employed by Police to Loot Clever Cache.

Sam Weinrau, 38 Grange avenue, was arrested last night by Plainclothesmen Clarkson and Mulholland, charged with having liquor in other than a private dwelling. Weinrau, according to the police keeps a rooming house at the above address, and has no right to keep liquor on the premises.

Clarkson and Mulholland were informed where Weinrau kept his whiskey and visited the house last night. When the police entered Weinrau sent all of his small children out on the sidewalk and tried to slip out onto the street and brought in a small boy to get his shoulders and neck scratched by the old and tried soldierly principles in a spirit of patriotism, uniting all classes.

PROTEST SUNDAY MOVIES IN QUEBEC

Hamilton Methodist Conference to Aid Fight to Stop Practice.

Woodstock, Ont., June 4.—(Special).—The Hamilton Methodist conference showed by a vote today that it is not in sympathy with the practice of Sunday movies in Quebec. The stationing committee had recommended that Rev. D. Hamilton of Welland Church, St. Catharines, be allowed to remain a fifth. Following a debate which waxed warm at times a vote was taken and resulted in 96 voting against the recommendation, while 78 were in favor.

BOYCOTT ON IRISH MUNITIONS MAY BE CONSIDERED BY UNIONS

London, June 4.—A meeting to decide whether a special workers' convention will be called to consider the boycott on handling munitions for Ireland is to be held June 15 by the committee of the British Trades Union Congress. At the same time, it is believed a policy respecting the Russo-Polish situation and a possible boycott on all commerce with Hungary will be formulated.

FARMER SAYS NINE BANDITS ROB HIM OF LIQUOR WEALTH

Chatham, Ont., June 4.—(Special).—A well-known Dover township farmer complained to the county police that five thugs held him up at the point of a revolver and carried off one hundred and fifty-five cases of liquor from his place. High Constable Peters after investigating the matter regards the story as an excuse for the sudden depletion of the farmer's stock. The farmer will be given an opportunity to verify the story when he appears in the county police court Monday on a charge of selling liquor.

The farmer, whose name has been withheld, told the police that on Sunday night five men called at his home and wanted to buy some liquor. He stated he repeatedly refused the offers which were made, whereupon the five men covered him with revolvers, and the person in the car had made good their escape by the time he got to the police station.

Sinn Fein Proves Victorious In Ulster's Own Strongholds

Belfast, June 4.—The followers of Sir Edward Carson have been defeated in county and district council elections in their own strongholds in choosing boards of guardians. In addition to the Sinn Feiners' winning of County Tyrone for the first time and maintaining their hold on County Fermanagh, Michael Carsolan, who was unseated by an official council following his sentence at hard labor for an alleged seditious speech, today headed the poll in the Shankhill division of Belfast, which previously had been a stronghold of Orangemen.

Another Sinn Feiner headed the polls in the Falls division, Belfast, the stronghold of Joseph Devlin, and another Sinn Feiner was elected in Lisburn. Keenest interest was taken in the Tyrone and Fermanagh elections because both counties are included within the Ulster area outlined in the Irish bill now before the Irish parliament. Various election tricks were revived, one woman disguising herself and voting as her own mother. Another woman is said to have voted seven times.

GUILTY OF BRIBERY, LOSE THEIR SEATS IN LEGISLATURE

Three Newfoundland Members Are Convicted by Supreme Court.

WOMEN TO HAVE VOTE AT FOOT OF YONGE ST.

St. John's, Nfld., June 4.—Three members of the local house of assembly have been unseated this week. Petitions filed against William Wood Ford, formerly minister of public works, and Dr. W. E. Jones, elected for Harbour Main, alleging bribery, were sent before the supreme court, which decided that both were guilty, and they are both unseated. The other case is that of A. E. Hickman, also heard by the supreme court. He alleged that some of the votes given to W. H. Cave, minister of shipping, were improperly cast.

Hickman counter-petitioned that he was guilty of bribery. The court found that Cave was defeated at the election, but that Hickman being guilty of bribery, cannot be considered elected. The net result is a by-election, in which Mr. Cave, as minister of shipping, will contest the seat against Capt. A. Keen. No announcement has been made regarding the filling of the two seats in Harbour Main.

A movement is now in active progress to secure full voting rights for the women of Newfoundland. The women's petition to the legislature on the subject and who expect to have a franchise bill introduced in the house of assembly at the session on Monday next.

THREE HOLD-UPS OCCUR IN ONE DAY

Woman Chases Pseudo-Gas Inspector With Rolling Pin.

ROBBED IN LANE

Armed Men Relieve Passenger By of \$56 at Point of Revolver.

Judging from the number of complaints received by the police, "hold-ups" are being perpetrated by robbers traveling on foot. Mrs. R. J. Sharp, 304 Albany avenue, was assaulted and robbed in her home at 4:30 yesterday afternoon by a robber who claimed he was from the Consumers' Gas Company. When the front doorbell rang Mrs. Sharp answered the door. The thief said he called to inspect the gas meter. Mrs. Sharp noticed that he did not have a name-plate on the front of his cap and did not like the looks of him. This suspicion was borne out with the fact that the gas man had visited the house the day before, and she refused to allow the man to enter the house. When she went to close the door in his face, he put his foot in the door, and forcing his way in, attacked Mrs. Sharp, grabbing her by the throat.

POURING IN TROOPS TO CHECK OUTRAGE IN IRISH CENTRES

Five-Hour Battle in East Tipperary Resulted in No Casualties.

BARRACKS BURNED

Dublin, June 4.—The battleships Warspite and Valiant arrived in Cork harbor today and transhipped a large number of marines into destroyers which took them into Queenstown, where they landed. The transport Carlotta embarked 1,200 troops at Devonport for Queenstown, from which place they will be distributed in Wexford, Waterford, Cork and other centres.

A large number of men armed with bombs and rifles attacked the police barracks at Cappaghwhite, Munster, this morning. The police garrison, consisting of two sergeants and eight constables, repelled with similar weapons from the roof.

The cow house adjoining was set on fire and a fierce battle ensued. The raiders finally withdrew. The bombs exploded were heard in Tipperary, seven miles south, from which place police were hurried. The raiders encountered some of the raiders on the way. The latter were subdued and several were arrested. Sergeant Sullivan was slightly wounded.

URGES AN INQUIRY INTO BUILDING COSTS

Contractor Thinks Lumber Mills Are Bulling Prices Unduly.

FINANCING BUILDERS

There may be strong opposition in the city council to the proposal of the controllers to appoint a housing commission and thereby help relieve the shortage of houses.

One alderman says the commission now winding up its affairs had done more damage to the house situation in Toronto than good; starting out with flourish, it has since the commission had frightened off last year a large number of speculative builders. The two or three hundred houses erected by the commission had no effect on the shortage or on the price, but it caused other builders to withhold at a time when the market was more plentiful and forty per cent. cheaper than today.

After scaring away the little fellows the commission quit, leaving the situation unrelieved. The alderman expressed the view that a full and complete statement should be forthcoming from the old commission before council approval of the launching of a new one. The public should know what was paid for all materials, for labor, with details regarding costs of overtime, cost of inspection and office administration.

FINANCING THE BUILDERS

A speculative builder said to The World that two impediments to speculative building were high cost of material and the difficulty of getting money from loan companies or banks. To overcome this last he suggests that instead of a new housing commission the city should arrange with either the provincial or federal government to buy builders' second mortgages, or advance on them up to a reasonable limit.
