LENINE THE REAL POWER

Believed to Have Plotted Present Russian Rising While in Hiding

Nikolai Lenine, denounced by moderate Liberals the world over as the evil genius of the Russian revolution, and accused by General Brusiloff as a paid German agent, appears to be the directing power behind the present outbreak in Russia, as he was openly reported to be in hiding in Sweden, or even in Switzerland, and recently it has been said that most of the time he was in Finland, and in constant telephonic connection with Trotsky and other Maximalist leaders.

Lenine, like most of the prominent Russian agitators, had to use an alias in his revolutionary activity. His real name is Vladimir Dyitch Ulyanov. He was born of a noble family at Simbirsk, on the Volga, about 1870. An elder brother was executed for complicity in a plot to kill Emperor Alexander II, a little while before that ruler was actually assassinated in 1881. Lenine became prominent in the early nineties as a leader of the radical social democrats, who insist on the liberal application of the Marxian theories, as against the more nationalistic view, with greater attention paid to the peasants and their actual condition, which was entertained by the Socialist revolutionists, the party of Kerensky. His most noted book is "The Development of Capitalism in Russia."

He was elected to the second Duma after the revolution of 1905, but was compelled to go into exile, a thing he had often done before, when the reaction triumphed. At the beginning of the present war he was in Cracow and was interned as an enemy alien, but was shortly released and allowed to proceed to Zimmerwald, in Switzerland, where a colony of Russian revolutionists was already established.

After the revolution the provisional government of Russia entered into an agreement with Germany by which the Russian revolutionists in Switzerland were allowed to return through Germany to their native land.

What a clatter is made in your office by your typewriter especially if more than one machine is being used! Even the thought of the elimination of this incessant clatter is gratifying. How much more gratifying is the actual fact. The reduction of this aggravating noise is really accomplished by the new Silent model of the Smith Typewriter and its slides it actually tabulates, by columns, your business records. This costs no more than the cost of the old. Would you like to see it done? If so, we are at your service. Smith Typewriter Co., or T. R. S. Smith.

Registrations in New Brunswick Nearer Total

On Saturday there were 1475 names registered in New Brunswick, with 102 for service and 1373 claiming exemption. The figures in the Telegram have been much more gratifying in the actual fact. The reduction of this aggravating noise is really accomplished by the new Silent model of the Smith Typewriter and its slides it actually tabulates, by columns, your business records. This costs no more than the cost of the old. Would you like to see it done? If so, we are at your service. Smith Typewriter Co., or T. R. S. Smith.

The figures secured yesterday from Mr. Ewing do not include Saturday's registrations, as these have not been put through yet. Today's mail, however, is expected to add many more names to the 12,108 already known. Mr. Ewing stated yesterday in the Telegram that he was of the opinion that the estimated number of men under the first call, namely, 16,464, was overestimated, as these figures were taken from the census of 1911. He also said that if these figures included those who have already gone the estimate would be nearer to the actual number yet known whether this estimate includes the men overseas or not.

Important information was also given out at the registration office yesterday by officials. It was that all men who have failed to register, and the time has now expired, are now liable to punishment without leave and liable to punishment according to military law. Those who have not registered are deserters and may be taken into custody by military authorities and drafted immediately without the least consideration. Exemption can only be claimed before the district officer commanding this military district. However, the provision has been made that those who are not registered and submit voluntarily will not be prosecuted, but will at once be handed over to the officer commanding the military district and dealt with by him according to military law.

Those who have not registered and are now repentant have one opportunity left to evade the consequences that will surely follow if they continue to attempt to evade the law. They can submit themselves voluntarily to the authorities and will be handed over to the military officer commanding the military district in which they reside. By doing this they can avoid arrest, imprisonment and being called a deserter under military law, etc.

Showing Considered Good. In comparison with other provinces of the dominion, New Brunswick has done remarkably well so far as registration is concerned under the M. S. A. The men of the first call, namely, 16,464 less than the figures are available there will be very few who have failed to register in New Brunswick.

The figures from various centres in New Brunswick of the medical boards for the week are: St. John, 598 for class A and 329 less than A; Newcastle, 446 for A, 211 less than A; Shediac, 102 for A, 88 less than A; Fredericton, 213 for A, 186 less than A.

YOUR SICK CHILD IS CONSTIPATED! LOOK AT TONGUE

If Cries, Feverish or Bilious Give "California Syrup of Figs"

No matter what ails your child, a gentle, thorough laxative should always be the first treatment given. If your little one is out-of-sorts, half-sick, isn't resting, eating and acting normally—look, Mother, see if tongue is coated. This is a sure sign that it's little stomach, liver and bowels are clogged with waste. When cross, irritable, feverish, stomach sour, breath bad or has stomach-ache, diarrhoea, sore throat, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated poison, undigested food and sour bile gently moves out of its little bowels without griping and you have a well, playful child again.

Mother can rest easy after giving this harmless "fruit laxative," because it never fails to cleanse the little one's liver and bowels and sweeten the stomach and they do not lose its pleasant taste. Full directions for babies, children of all ages and for grown-ups printed on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for a bottle of "California Syrup of Figs," then see that it is made by the "California Fig Syrup Company."

St. Stephen, 108 for A, 40 less than A; Chipman, 82 for A, 49 less than A; Moncton, 842 for A, 230 less than A. The total men placed in category A last week is 2,169 with 1,471 in other classes.

SUIT OVER BERNSTORFF

Dr. Baruch Asks \$50,000 for Being Shown in Movie With Ex-Ambassador.

New York, Nov. 12.—On the ground that his picture was taken with that of Count von Bernstorff, former German ambassador to the United States, without his consent, and exhibited as a movie film, Dr. Emanuel Baruch has filed an action in the Supreme Court for \$50,000 damages against the Universal Film Manufacturing Company. The complaint alleges that Dr. Baruch's picture appears in the "Current Events" series of the defendant with those of former Ambassador von Bernstorff and James W. Gerard, and shows him conversing with von Bernstorff.

Dr. Baruch contends that the film "falsely and maliciously" represents him as in some way participating in the "unneutral activities" of the former German ambassador while the latter was in this country.
