**CAPT. BRUCE CALDWELL PROMOTED.**

Word has been received by Mrs. W. C. Crockett that her brother, Capt. Bruce Caldwell, formerly of the C. P. R. mail service between St. John and Montreal, has been appointed officer commanding the Canadian Field Postal Service at Shorncliffe, England. He now has the rank of major. Major Caldwell went overseas with the First Contingent and has greatly assisted in working up a wonderful organization for handling the soldiers' mail in England.

**MRS. MARY J. LAWTON.**

The death of Mrs. Mary J. Lawton occurred on the 10th inst. at Manawagonish Road. She was the widow of Alexander Lawton and was in her 67th year. She leaves to mourn one son, John M., of South Africa; also two brothers, William McKinley of this city and Robert McKinley of Boston; and one sister, Mrs. Charles Warren of Manawagonish Road, from whose residence the funeral will take place on Thursday at 2:30 o'clock.

**LOCAL NEWS**

**BUSY AT SOUTH WHARF**

Heavy shipments of flour, feed, onions, shingles, and miscellaneous groceries are going out from South Wharf every day. This morning four large schooners were docked at the wharf and were either unloading or loading large cargoes. The Onward, one of the oldest two masted vessels that comes into the port of St. John was unloading deal lumber onto scows. The Citizen, another schooner, came here from St. Stephen after disposing of lumber along the St. Croix. The Wanta, the Jennie and Alice, and the Wilfred D. were all loading large cargoes of groceries for Nova Scotia ports. Most of the vessels came light, with the exception of the Jennie and Alice, which brought about 200 quintals of dried fish.

**MORE AUTO CASES**

In the police court this morning several by-law cases were before Magistrate Ritchie. As the cases progressed it became evident that certain phases of the laws are still unknown to motorists. Questions as to what is really required in the case of autos in motion and autos standing, especially with respect to lights, were asked, and there also were inquiries as to blowing of horns at corners.

Charles Jones was reported for allowing his double team to stand without a foot strap. It was brought out that the team was also on the wrong side of the street. Mr. Jones said that the concession was granted to drive double teams to stand on either side of the street in delivering or calling for goods. This was unheard of by the court, but the excuse was accepted.

In a case against John McKeown, a penalty for allowing his horse to stand without a foot strap, was struck.

Leo Holland was reported for driving on the wrong side of Main street in passing a standing street car. Policeman Gorman made the report. Mr. Holland said that he had followed the signal of the policeman at the corner of Mill and Main streets. The penalty was struck.

William Allison was before the court on report of having his rear light not over the number plate. Policeman Corner said that he noticed about ten o'clock that Mr. Allison's car had the rear light on one mud guard and the number plate on the other. The defendant explained that he had two rear lights, one on each side, probably the only arrangement of its kind in the city, he said, and that the light over the number plate had gone out, but he had it readily repaired, and the report of the policeman who made the report. The magistrate accepted the explanation and allowed a \$30 fine to stand.

Henry Appleby, reported for not sounding his auto horn at the corner of Wall and Paradise rows, gave the excuse that the horn for the moment was out of commission. The matter was allowed to rest with the fine against him.

G. B. Addison was reported by Policeman McNamee for speeding in Western street and for not sounding his horn at the cross streets. The magistrate warned the young man and struck the penalty. His explanation, that the horn was crippled, was accepted.

**SUGAR UP 25 CENTS IN UNITED STATES TODAY**

St. John dealers today received word of an increase of twenty-five cents a hundred in the price of American sugar. Up to this afternoon, this had not affected the Canadian markets, but it seemed quite likely, the dealers declared, that the reaction would be felt. It is the general belief of wholesalers that the price of sugar will undoubtedly be subject to further advances, and that it is almost certain that the price is up to stay.

When asked by The Times what was behind the upward trend in this essential food article one wholesaler said that he believed that like wheat, it was the result of the work of speculators inflating the markets. Then too, the dealer said, the scarcity of raw material has helped to boost prices.

**W. C. T. U. CONVENTION**

Moncton, Oct. 11.—At the New Brunswick and P. E. Island W. C. T. U. convention this morning Mrs. Eagles, of St. John, gave a report on the work during the year in ministering to the sick and needy and caring for the comfort of soldiers. Mrs. A. C. Lewis, of Moncton, read the report of Mrs. Phillips, of Bristol, on work among lumbermen and seafarers.

On motion of Mrs. L. R. Hetherington, of Riverview, a resolution was adopted sending greetings to Mrs. R. McClellan, expressing appreciation of his stand more than sixty years ago, on prohibition and accompanying this with a bouquet of flowers tied with white ribbon.

Mrs. Charters, of Sackville, superintendent of the medical contests, reported one contest during the year, at Hartland. On invitation of Mrs. McWha, president, it was decided to meet next year in St. Stephen.

**THOS. U. MOWRY AND MISS GALLAGHER WED**

In the Cathedral this morning at six o'clock, with nuptial mass, Miss Marjorie J. Gallagher, daughter of D. J. Gallagher, was united in marriage to Thomas U. Mowry, both of this city. Rev. William M. Duke, rector of the Cathedral, performed the ceremony. The bride, who was given away by her father, was becomingly attired in a suit of navy blue broadcloth, and was unattended. After the ceremony a tempting wedding breakfast was served at the home of the bride's parents in Duke street.

The groom is the popular chief clerk in the Royal Hotel, and he was well remembered by the male members of the staff. The bride was also on the Royal staff and she was made a recipient of a beautiful wedding gift from the heads of the establishment. Mr. and Mrs. Mowry motored to Otter Lake this morning and will spend a two weeks honeymoon at Camp Koopsen-Kicklak.

**THE DISPENSARY DOES BEST WORK**

Members of Every Family Where Member Has Tuberculosis Should be Examined

**PROGRESS IN N. B.**

The St. John County Hospital and River Glade—Facts of Vital Interest Set Forth—The Canadian Association

Tuesday's meeting of the Society for the Prevention of Tuberculosis was unusually interesting. Dr. Melvin, Dr. Farris, Senator Daniel and Dr. McAvenny all took part in the general discussion. The president, J. A. Likely, was in the chair. The secretary, Miss Sidney Smith, read the minutes and also the report of the nurse, Miss S. E. Brophy, as follows for the month of September:

	Children	Adults	Total
On list Sept. 30	26	62	88
Dispensary, day	5	14	19
open	8	20	28
Prescriptions filled	8	15	23
Patients, old	22	58	80
Patients, new	4	4	8
Phthisis, pulmonary	12	47	59
Observation	11	15	26
County Hospital	1	1	2

Ninety-one old patients were visited, and 28 new. One patient was provided with milk. Twenty-one patients were examined by Dr. Townsend. Of these three were not tubercular and eleven are under observation. Dr. Leslie examined eleven old and six new patients, of whom eight were tubercular, three not so and six under observation.

Miss Smith also read Dr. Melvin's report of the deaths from tuberculosis in St. John for the quarter ending Sept. 30 as follows:

	Of Lungs	Other Forms	Total
July	5	0	5
August	7	0	7
September	1	1	2
Totals	13	1	14

The deaths per 100,000 population per year on this basis would be for July, 120.6; August, 168.8; September, 48.2. The figure for the three months would be 104.4. The total number of deaths from all causes in the city in July were 74; August, 61; September, 53; or 188 for the three months, compared with 198 in the corresponding period last year.

The number of deaths from tuberculosis for the three months, fourteen, was the same as in the like period last year, but there were two less from tuberculosis of the lungs.

Dr. Melvin, discussing the report, pointed out that deaths of city residents which occurred in the county hospital must be regarded as deaths in the city. Dr. Farris said that there were now 57 patients in the county hospital for advanced cases, and every bed was occupied. Thus far about 106 cases had been treated. Some had improved so much that they returned to their homes, but were kept under observation. The report of the medical health officer was to be a menace to the family could be compelled to go to the hospital. Such cases were usually difficult to deal with at the outset, but eventually came to realize the benefit and the necessity of the treatment. He urged that all members of families where there was one afflicted with tuberculosis be persuaded to submit to examination. Out of 118 such families examined by a medical physician, 40 per cent. were found to have some form of the disease to some extent. The really big work was that of the dispensary, and it should have every encouragement.

Dr. McAvenny, reporting for River Glade Sanatorium, said there were now 80 patients, which was the limit, but provision was to be made this winter for 20 more, and there was also to be provided accommodation for 40 soldiers suffering from the disease.

Sensor Daniel, who has been re-elected president of the Canadian Association, gave an interesting account of its origin and work. He said there was no doubt that the recent annual meeting held in Quebec would result in the provision of funds for extending the work in that province, where it was greatly needed. Both the lieutenant-governor and Premier Gouin had shown great interest and the latter had intimated that he would favor an appropriation. The work of the Canadian Association, which received a federal grant of \$10,000 last year, was educational. The most important work was done by the associations like that of St. John. Senator Daniel was glad to remember that this society was in a sense his own child, as it had been inaugurated by him; and he was glad also to know that it is doing so valuable a work.

President Likely appointed a strong committee to appear before the municipal council in January and ask for the return to the society of the deed of the property on Straight Shore which was deeded to the municipality when it was understood the hospital would be built on that site.

**CENTRAL CHURCH B. Y. P. U.**

At a meeting of the B. Y. P. U. of the Central Baptist church on Monday evening, the following officers and convenors of committees were elected:—President, Archie Gillis; vice-president, Edgar Campbell; recording secretary, Miss Emma Crowell; corresponding secretary, Miss Clara Davis; assistant secretary, Ernest Alwood; treasurer, Miss M. Logan; assistant treasurer, Wendell Belyea; pianist, Treva Welmore; assistant pianists, Ruth Corkum, Ida Cosman; convenor lookout committee, G. Hagerman; convenor social committee, Miss Rhetta Wilson; convenor devotional committee, Miss Jennie Lyon; convenor missionary committee, Miss E. M. McKay; convenor temperance committee, Fred Hillman; convenor flower committee, Miss Cassie; convenor literary committee, Miss Edna Everett; press reporter, Mrs. Herbert Downie.

**A NOTABLE EXAMPLE**

Bravely doing her share for the boys at the front while suffering in her own right months, Miss Beattie Pidgeon of the Old Fort, West St. John, has knitted 200 pairs of socks for the Soldiers' Association, who feel very grateful for the work she has done and the noble example she has set for others.
