SNOW DELAYS ENTRY OF HYDRO TO MONCTON

Few Days, However, and
Power Will be There—
Plans for Other Places.

On account of the heavy snowstorms which have swept over this section of the province recently, it may be another week before the hydro line from this city to Moncton is complete, so C. O. Foss, chief engineer of the New Brunswick Electric Commission said today. There is still less than a mile of wire to be strung, but so deep is the snow along the line that it is with difficulty that the operation can be carried on.

Gordon Kribs, consulting engineer, was in Moncton yesterday and on his return to the city reported that the railway town was about ready to receive the current. Sinesco is also in a position to take the hydro in a day or two. The poles for the line which will serve Fair Vale and vicinity have been erected and the placing of wires and pole transformers is now being carried out. The main line transformer for this area is now at the Fair Vale station, which is being installed and the power is turned into the Moncton line, the commission will commence supplying power to a feed mill and some of the residents in the vicinity of Hampton, N.B., which a pole line is now being erected. The line into the Fair Vale district will tap the main line on the Hampton road between Rothesay and Quispamsis.

The recent snow falls have also effected a tie-up in the delivery of native poles which have been cut but are buried so deeply in the snow that it is impossible to get them out. This will affect the erection of some of the distribution lines, but as the pole line to Moncton has been completed will not delay the supply of current to that place.

Mr. Foss reported everything going well at the power station. While the time was not yet ripe for such a move, the commission was considering the question of taking over inspection of all electric installations in the province.

PROVINCIAL ATHLETIC COMMISSION

As the formation of a provincial athletic commission, which was urged on the local government at a recent meeting, will require legislation to make it operative, it is not expected that the personnel will be appointed before the spring session of the local house. In the meantime it is understood that a bill similar to that in force in Ontario is being prepared.

Not only will the proposed commission do with the necessity for local boxing commissions and similar organizations, but it will also be able to co-operate with other provinces in the promotion of clean athletics of a professional nature.

FEAR ELEVEN LIVES LOST

Norfolk, Va., Jan. 18.—The entire crew of eleven men of the schooner Helvelia are believed to have lost their lives when that vessel capsized off the Virginia Coast during the heavy storms last month. A derelict sighted off Winter Quarter Lightship last Monday was believed to be the Helvelia which left Norfolk on Dec. 13 for Charleston, S. C.

IRISH MATTERS

Cork, Jan. 18.—Sean McGrath and Seamus Murphy, two inspectors kidnapped yesterday at a meeting of the Board of Guardians, have returned here. They refused to talk of their adventures and status among the great churches of the world.

Rev. Robert Johnson, of New Glasgow, N. S., and Dr. John Stewart of Halifax, spoke at the meeting.

A MARVEN VICTORY.

An exciting bowling contest took place on the Imperial Alleys last evening when the aggregation of bowlers representing J. A. Marven & Co triumphed over the Dufferin Hotel "Belboys" by a margin of seventy-four pins. Several of the regular members of both teams were unable to be present, but the captain of the Marven team displayed much better judgment in the selection of substitutes and was therefore, able to emerge victorious.

The captain of the "Belboys" apparently foreseeing the result, decided to absent himself and so avoid the possibility of the downfall of his mates. This is the first victory in the series for the Marven team but, if we are to take Captain Dunlop's word for it, it is not going to be the last.

JEWTRAW AT RECORD PACE TWICE IN 220

Semi-final and Final Each
Skated in 19.

Gorman Eliminated in Semi-final—The 440 and Mile Events at Plattsburg Today—Late Sport News.

(Canadian Press)
Plattsburg, Jan. 18.—The 440 yard and one mile events featured today's programme at the second meet of the Adirondacks Gold Cup championship series on the municipal rink here. Clear skies and zero weather have provided almost perfect skating conditions. Jewtraw of Lake Placid, who yesterday added sixty points to the lead gained last week at Johnson City by winning the 220 yard and the three quarter mile races, equalled the world's record of nineteen seconds in the semi-final and final heats of the 220, and came within a fifth of a second of tying the new world's record for the three quarters mile, 2:02 4-5, which he made at Johnson City last week.

Alfred Neuffer of Johnson City, who took second place in the 220 yard race, second in the longer race, rank second place in point scores for yesterday with twenty-two points. Gorman of Johnson City, third in the three quarter mile and Emery Stephenson of Toronto, third in the 220, are trailing with ten each.

GORMAN OUT IN THE SEMI-FINAL

Canadian skaters did not make a good showing yesterday. Emery Stephenson of Toronto, being the only Canadian placed. He took third place in the 220 yard dash. Charles Gorman of St. John, N. B., won his heat in the preliminary, but failed to qualify in the semi-final. Russell Wheeler of Montreal was leading in his heat in the preliminary but fell near the finish and was out of it.

Boston Boxers' Sweep.

Boston, Jan. 18.—Boston boxers made a clean sweep in the international invitation tri-city amateur tournament conducted under the auspices of the New England Boxing Association. Visiting boxers from Pittsburgh and Toronto were eliminated in the first round. In the second round, the 135 pound class Charles Miller, of Toronto, won a decision over Bobby Jesse, Revere, in three rounds.

French Seize Railway Stations

(Continued from page 1)
London, Jan. 18.—Another stage of the French progress in the Ruhr was reached yesterday with the announcement by the French cabinet that France has put nearly 100,000 troops into the Ruhr Valley, taking her occupations to the territory authorized under the treaty.

On the other hand, there is a report of a possible replacement of the United States troops on the Rhine by Italian troops, but this is directly opposed to Premier Mussolini's announcement of non-interference in the French action, and may possibly be explained as indicative of some compromise proposals from Italy to France.

PRESBYTERIAN WOMEN MAKE UNION PROTEST

Montreal, Jan. 18.—Declaring to lend their active support to the anti-unionist cause as championed in a resolution passed yesterday by the Federal Executive of the Presbyterian Church of Canada, about 100 members of the Women's Auxiliary of the organization formally registered their protest against the proposed legislation.

They passed a resolution stating that "We regard this action as tending to deprive the Presbyterian church of its name and status among the great churches of the world."

Rev. Robert Johnson, of New Glasgow, N. S., and Dr. John Stewart of Halifax, spoke at the meeting.

Reporters See Liquor Fleet

(I asked many questions)
The first Canadian vessel encountered by the investigating committee was the Abasco, of Lunenburg, N. S. Three men appeared from the after cabin as the Woodman passed. A faint jeering voiced conveyed only information that the men on the tug were regarding this staunch little Nova Scotia two master. It said:—"Yes we have no bananas."

A few hundred yards away lay the fishing smack Dorothy M. Smart, of Digby. The investigators declared that arranged in a double column along the starboard side of her deck, were lashed about forty barrels. Twenty more in a single row were secured on the port side. Apart from the statement that the lookout was stiff with cold and very uncommunicative, the newspapermen have nothing further to report regarding the Digby boat.

After passing the unnamed schooner, whose skipper megaphoned a quotation of \$80 for Scotch and later offered to reduce to \$70, the Woodman came to the Vendreuil, of Montreal, a 1,200 ton steamer.

Her cargo holds were half lowered as if in preparation for lightening, but was nothing to indicate the nature of the cargo.

Then came the two masted schooner Diamantina with shroud coated with ice, which suggested to one investigator "the possibility that this vessel may have been newly arrived from her home port of Halifax." The home port, however, was not definitely established, nor was the reason for the ship's visit to the Sandy Hook shore.

The Jeany and Alice of Sydney, N. S., took second place in the 220 yard race, second in the longer race, rank second place in point scores for yesterday with twenty-two points. Gorman of Johnson City, third in the three quarter mile and Emery Stephenson of Toronto, third in the 220, are trailing with ten each.

FOR EMERGENCY WORK.

The city has been informed that a check for \$8,222 in payment of the province's share of work done last winter to relieve unemployment, is ready for delivery as soon as an adjustment is made between the city and the province relative to a bill for some \$800 for repairs to the Manawagoshish road last fall.

SPEND NIGHT HERE.

Train No. 14, to Halifax, did not wait for the Boston noon train today, as the latter was running two and a half hours late. Passengers coming in on the Boston will, therefore, have to remain over in the city until tomorrow morning before the train can get a through train east, as the night train to Halifax only runs three days a week. The Montreal train was reported on time.

WOMEN'S CANADIAN CLUB.

A meeting of the executive of the Women's Canadian Club was held this morning at the residence of Mrs. W. Edmond Raymond, with Mrs. Raymond presiding. A series of lectures for the next few months was announced as follows:—January, Rev. H. B. Clarke, illustrated lecture of Siberia; February, Mr. Robb, of Montreal, illustrated talk on Bird Lore; March, Dr. Augusta Stowe-Gullen, of Toronto; April, Mr. Justice Surry, of Montreal, on Maria Chapdelaine. Rev. R. A. Armstrong spoke on the coming lecture of Sir Henry Newbolt and asked the members to give their heartiest co-operation in an effort to make the attendance a record for this lecture.

LIKED THEM IN MONCTON.

The Moncton Transcript of yesterday comments very highly an exhibition of the New York Hippodrome skaters, given at the rink in Sunny Brae on Tuesday evening. Miss Jean Gaudin gave a wonderful exhibition of spins and jumps which won for her sustained applause. R. T. Winslow, who has performed the Hippodrome for three consecutive seasons, also did many tricks on skates which constituted a wonderful exhibition. Miss Gaudin and Mr. Winslow arrived in the city today at noon.

APPOINTED OFFICIAL REFEREE.

Bernard Mooney has been appointed an official referee of the N. B. and P. E. I. Hockey League. This gives St. John two official referees as J. McGowan was appointed referee in the season of 1934-35. He is endeavoring to arrange a game with the St. John team, but so far neither organization has been able to find an open date suitable to both.

The U. N. B. team is ranked as a strong one having four of the best of the Fredericton city team on their line-up. In the matter of refereeing, St. John has a host of another in the person of J. Harold Drummond who while on the north shore refereed some of the deciding games in that section of the league. He is ranked as a very competent man with the whistle.

HENDERSON GETS SEAT IN BY-ELECTION

London, Jan. 18.—Arthur Henderson, former minister without portfolio in the British war council, who was defeated in the recent general elections, has regained his seat in parliament in a by-election held at East Ham, called on account of the death of sitting Labor member, Mr. Bell.

The polling resulted as follows: Henderson, Labor, 11,066; Major Barnes, Liberal, 6,682; Capt. Geo. Conservative, 6,480.

ST. JOHN EVENING TIMES.

THERE is no need to buy any high priced coal, there is more Welsh coal on the way, Anthracite and Semi-Anthracite and we are able to make delivery when required, by sending a team to the Coal Yard will at once be supplied and an allowance made for receiving at yard instead of at home.

All are warned not to wait till the last minute before ordering as a storm may interfere with delivery when emergency cases must be given the preference.

Dealers are warned that they are not fulfilling their duties to the public when they only offer their customer a fancy high priced substitute for American Anthracite when it is possible to supply substitutes at reasonable cost.

ASHORE AT ENTRANCE TO SYDNEY HARBOR

North Sydney, N. S., Jan. 18.—A steamer thought to be Londoner, Belgium, Captain Roulliers, about 4,000 tons, ran aground at the entrance to Sydney harbor early today in a dense fog. Her position was not dangerous and hopes are entertained that she will come off at high tide.

The Londoner sailed from Immingham for Norfolk, December 10, according to available records which also show that she was in Queenstown a casualty on December 7, sailing from there December 31.

Halifax, N. S., Jan. 18.—A wireless message this morning to C. H. Harvey, reported the abandonment of the Italian steamer Montello in latitude 38.38, longitude 57.19, and the rescue of her crew by the Giuseppe Verdi. The message said that the Montello constituted a dangerous menace to navigation.

ITALY WOULD HAVE FRANCE GO EASY IN THE RUHR OCCUPATION

Washington, Jan. 18.—Italy has taken definite steps to impress upon the British and French governments that she regards the present situation in the Ruhr as fraught with great danger, and although not taking the position as an actual mediator, has earnestly suggested that any further forcible steps toward the collection of German reparations be taken only after the most mature consideration.

FREDERICK MARKETS.

In the Fredericton market yesterday the prevailing prices were as follows: Butter, 45 cents.

Hay, per ton, \$12.

BRITISH STILL HOPE FOR SUCCESS OF DEBT NEGOTIATIONS IN U. S.

London, Jan. 18.—The suspension of Great Britain's debt funding negotiations with the U. S. is commented on only briefly in the press today. The disposition, however, is to treat the situation in no wise pessimistically and it is said unofficially that the Government's view is a hopeful one.

ONTARIO YOUNG KILLED IN CLEANING REVOLVER

NOT ENOUGH VOTED FOR REV. MR. PROSSER

Fredericton, N. B., Jan. 18.—At the annual meeting of the George street Baptist church last night the committee on pastoral candidates presented the name of one candidate Rev. A. J. Prosser of North Cunard, N. S.

The church regulations require a three quarters vote and less than half the vote of the congregation was registered in his favor.

Rev. Mr. Prosser, had not intimated in advance that he would accept a call should it be extended.

St. Paul's Presbyterian congregation at its annual meeting last night decided to contribute monthly for a time to the movement to promote religious organization among the colored people of the Maritime Provinces.

A credit balance was reported to the congregation contributing more than ever before to the missionary education and benevolent funds of the Presbyterian Church in Canada. The number of members in full communion was reported to be 476. W. S. Thomas, John Neill, W. L. McFarlane, and J. B. McNair, were elected to the trustee board.

CONFERENCE ON INCOME TAX COLLECTION

Manitoba Treasurer Wants
Dominions and Provinces
to Talk it Over.

Winnipeg, Jan. 18.—With collection of the income tax the principal subject to be discussed, a conference of all provinces with the Dominion government to discuss taxation questions is advocated by Hon. F. M. Black, provincial treasurer. He has communicated with Premier King on the matter.

As nearly all points in New Brunswick are within a radius of 150 miles from Grand Falls, it is felt that the development of that power should prove of great benefit to the industrial attractions of the province.

EATS 18 RAW EGGS.

Adams, Mass., Jan. 18.—Francis Pero, 28, is the champion egg-eater of the Berkshires, his friends say. He ate 18 raw eggs in a short time, and declared he could dispose of as many more were they provided.

His egg-eating stunt was somewhat impromptu. A grocery truck ran into a drift of snow near his house and a crate of eggs which it carried was thrown out in the road. Victor A. Laport, the driver, picked up all but a dozen and a half which were cracked as the result of the spill. Pero came out and proceeded to consume these 18 eggs, much to the amusement of a crowd of mill workers.

THE GRAND FALLS POWER PROJECT

C. O. Foss Speaks of the Situation Because of Part of Headwaters in Maine.

While the full development of the Grand Falls, near the head waters of the St. John river, will likely involve international considerations, it is possible to develop some 60,000 horsepower at an eight per cent. load factor without having to tap any of the storage area which lies in the State of Maine, so C. O. Foss, chief engineer and member of the New Brunswick Electric Power Commission said today.

Storage capacity of the tributaries lying wholly in the counties of Temiscouata and Kamouraska in the Province of Quebec would be sufficient to produce this amount, he said.

The possible development at Grand Falls, Mr. Foss added, was between 130,000 and 160,000 horsepower with a load factor of sixty per cent, but to get this development storage areas in Maine would have to be tapped. He anticipated no difficulty in the making of arrangements with the Maine Government, as he pointed out that the importance of hydro development was as keenly felt on the other side of the international boundary, as it was in New Brunswick. While it might not be possible for the Maine Government to make a deal to allow the development of storage dams by the New Brunswick Commission, he felt that the simplest way this could be overcome was to prevail upon the Maine authorities to build the storage dams and charge the commission for the amount of water taken.

As nearly all points in New Brunswick are within a radius of 150 miles from Grand Falls, it is felt that the development of that power should prove of great benefit to the industrial attractions of the province.

SOCIAL EVENING OF ST. VINCENT'S ALUMNAE

St. Vincent's Alumnae held a delightful social in their new room in St. John the Baptist Church on Wednesday evening. About 100 of the members were present and everyone had a very jolly time with music and games. One of the most pleasant features of the evening was the musical programme which consisted of solos by Misses Edith Power and Maud Downing and a piano selection by Miss Mary Bridge. The entertainment was the formal opening of the room, which the society intends to use as a social center from now on. Badminton Courts are marked off and arrangements have been made to hold various entertainments there during the winter.

At the close of the evening dainty refreshments were served by the members of the executive who were in charge of the whole affair. They were Misses Mary Chaisson, Annie and Beatrice Gonnell, Agnes Collins, Brenda Mooney, Rita McDade, Mrs. H. McCann, Mrs. Fred Roderick, Mrs. Ernest Markey, Mrs. Arthur O'Neill, Miss Madelon Dwyer, Miss Kathleen Gorman, Mrs. J. Robinson and Miss Vida Waterbury.
