"Steel" the Girl Taunted. "Gee Your Name Ain't Steel. It's 'Scrap-Iron'"

Charles E. Van Loan's gripping story springs right from the Saturday Evening Post to the screen with a punch of drama and a punch of fist.

The story of a plucky boy who fought out his troubles in the roped-ring. Drama and comedy and action such as Charles Ray has never shown you before.

A great clean, ring-battle that thrills from the very first gong to the referee's count!

St. Stephen Wins.

The St. Johns were defeated by the St. Stephen nine in St. Stephen last evening by a score of 5 to 2. The St. John players were late in arriving owing to an accident to one of their cars. In the first inning the St. Stephen team scored five runs. From that on Beatty held them in check. Shields pitched for St. Stephen and was found for six hits.

Iron Dukes Win.

The Iron Dukes defeated the Junior Commercial on the River street diamond last night by the score of 10 to 9. The batteries were Logan and Killey for the winners and Vowles and Alkley for the losers.

Commercial Defeated St. George's.

The Commercial shut out St. George's 3-0 in the City League game on the West End grounds last night. Kerr held St. George's to one hit. Ross, the St. George's twirler, also pitched effectively.

South End League.

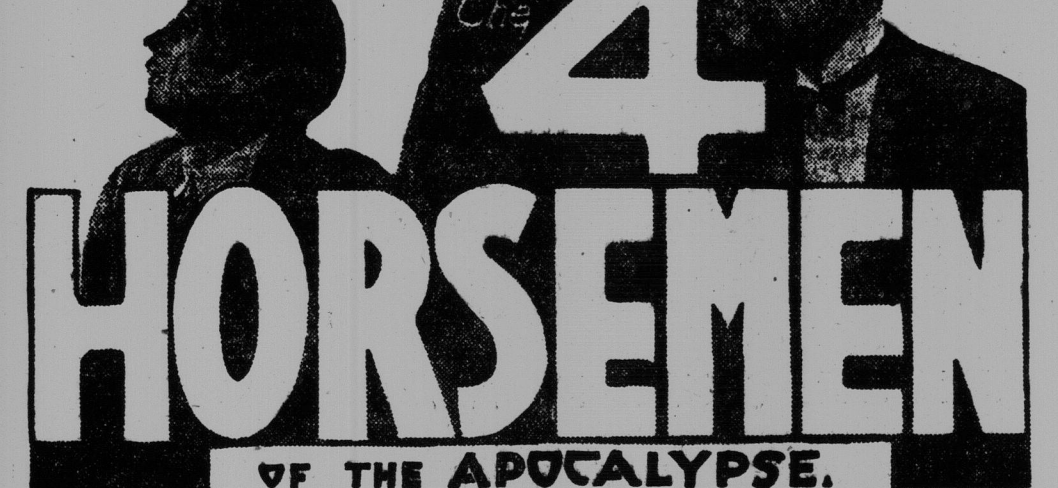

St. David's were again defeated on the South End diamond last night by the Imperial Oil aggregation by the score of eighteen to four. The oil men also garnered eighteen hits off the St. David's pitchers. The latter team also had seven errors to one for the Imperial. This evening the Royals and Indians will meet for the first time this season.

Portlands Win.

The Portlands defeated the W. R. L. team on the north end diamond last

Eight Year Old
BOYS HAVE AN
EXCITING TIME

Get Caught in Stiff Current of
Ottawa River

Ottawa, June 21.—In search of adventure, two eight-year-old boys stole a skiff from the government heating plant at the foot of Lyon street, and with a couple of wooden laths for oars, attempted to row across the Ottawa river to the foot of the Chaudiere Falls. The boys, Ross Mortimer of 81 Victoria street and Howard Black of Victoria street, had taken the skiff when the watchman was not looking. With their boat swerving around in the eddies of the strong current, to the horror of hundreds of spectators watching their progress from vantage points on Major Hill Park and Lovers' Walk, the boys were immensely enjoying themselves.

The almost distracted parents telephoned the police, and Constables Steve Downey and Emil Vandette took a rowboat from the Rideau lock house and went to the rescue. Both lads were old river men, acquainted with all the vagaries of the Ottawa river, but even they were unable to save the boys from drowning.

The boys were more than an hour and a half on the river. Their boat was first swept out to midstream, where the current is considered the most dangerous. The boat was almost swept down to the Interprovincial bridge, when it got caught in a cross-current on the Hull side of the river. This eddy swept them up stream again. Fortunately the boys did not realize their danger. They were quiet and contented as they paddled with their improvised paddles.

The rescuers, before starting out, discarded their police tunics and hats, fearing that if the boys saw that policemen were giving chase they might become panicky. Only after much strenuous rowing did Constables Downey and Vandette overhaul the skiff, and, tying it to the rear of their boat, towed it ashore to the heating plant, from which the boys had started.

A welcoming party, consisting of the plant watchman and the anxious parents awaited the boys at the landing. After receiving a severe lecture the boys were taken home, where they received further admonishment.

MORE MOTOR LINES
THAN RAILWAYS IN ITALY

21,000 Kilometers of Public Automobile Routes Subsidized by The Government.

Washington, June 21.—Italy possesses, without including French and Swiss, more than 21,000 kilometers of public automobile lines subsidized by the government as compared to 15,000 kilometers of railways throughout the kingdom, according to Consul Sykes Turin, in a report to the Automotive Division of the Department of Commerce. In addition, 525 of the above lines are connected with private lines operating without a government subsidy but under state control. Since the armistice 200 new concessions have been granted, covering 9,000 kilometers.

BRITISH OFFICIALS
ARE TO ASSIST IN
THOMPSON TRIAL

Newark, N. J., June 21.—British officials will aid in the prosecution of Col. M. H. Thompson and others indicted on a charge of conspiracy to ship arms to Ireland, so Assistant Federal Attorney Pearce announced last night. He said promise had been made that all the assistance the British officials could give would be at the disposal of the U. S. government at the trial, in Trenton, N. J., which will be during the September term of the federal court.

An excellent concert was given last evening in the vestry of the Waterloo street church under the auspices of the ladies of that church. The larger portion of those who took part in the program were outside talent. The concert was held to raise money for the general expenses of the church and a substantial amount was realized. The conclusion of the programme the ladies of the church served refreshments.

THE SILENT CALL

With Strongheart, the wonder-dog. Distributed through Associated First National Pictures Inc.

I AM "STRONGHEART" THE WONDER-DOG—I thrill with my ferocity and fascinate with my tenderness. My blazing eyes and snapping fangs are for an enemy—my love and devotion for a friend. I appear in a drama of humans and a drama of beasts with the peaks and craft of God's Own Country sweeping behind. It is the story of a man, a woman and me, and of the wonderful love we each, unspoken, gave. It is the drama of poor canine me, who guarded a girl and guided her to love in the hills of thrills. He and she were good to me, so I was glad to protect them.

Manitoba Conference Won't Pay Big Dining Car Bills.

Winnipeg, June 21.—The Manitoba Methodist Conference is responsible for the travelling expenses of delegates attending its sessions, but in future ministers with an epicurean taste will have to resort to the "simple fare," as the conference adopted a resolution that "ministers may not spend more than one dollar a meal." The out-of-town ministers found that the attractions of the dining car were altogether too much for the conference purpose.

ENORMOUS FORTUNE.

60 Billion Marks Bequeathed to Marshal Pilsudski.

Berlin, June 21.—Marshal Pilsudski, chief of the state of Poland, has inherited an enormous fortune. Many years ago, according to Gustav Pownan, a Warsaw paper, Ernest Pilsudski, relative of the marshal, emigrated to the United States and in time became head of a big and very successful building enterprise.

EXPRESS MATTERS.

Ottawa, June 21.—Judgment in two applications was reserved by the railway commission yesterday. The first application was made by W. R. Spooner, a fish agent of Montreal, who asked for a revocation of express classification on shipments of fish, so that they would be delivered by the express companies to the consignees.

The other application was brought by the Express Traffic Association of Canada and dealt with the restricting of the return of empty egg cases, cream cans, etc.
