Moncton, N. B., Feb. 28.—The preliminary hearing in the case of O. Galus Steeves, in the Niagara Road tragedy, was continued at Coverdale today. Dr. R. L. Botsford of Moncton said he was instructed to make a post mortem examination on six bodies. He performed a post mortem on four—Mrs. Lucy Steeves, Beatrice, Emerson and Wetmore. "I removed from four bodies the organs which could be removed. Part of the skull was on one; the rest were headless. It would be impossible to tell of any abrasions on them. They were charred. The limbs were burned off—shapeless masses." He said that the organs were sent to a government analyst, M. V. Paddock, St. John. He also sent a dark brown substance to be examined for blood. The witness received this on the 17th. He said that he could not determine death by the condition of the bodies.
